RHEUMATISM A MYSTERY.

Unless Rooted Out of the System it Grows Worse and Worse

Some diseases give immunity from another attack, but rheumatism works just the other way. Every attack of rheumatism invites another. Worse than that it reduces the body's power so that each attack is worse than the one before. If any disease needs curing early it is rheumatism, but there are few diseases physicians find more difficult to treat successfully. Wet weather does not cause rheumatism as was once thought, though weather conditions may start the aches and pains. Rheumatism is now known to be dependent upon the blood condition and medical authorities agree that the blood becomes thin with alarming rapidity as rheumatism develops. Maintaining the quality of the blood is, therefore, a reasonable way of preventing and curing rheumatism. That it works out in fact is shown by the beneficial results which follow a fair use of Dr. Williams' Pink Pills. These pills actually make new, rich blood which drives out the rheumatic poison, and while the blood is kept in this condition there is no danger of the trouble returning. Mr. W. T. Pell, Palermo, Ont., says: "I was attacked with a trouble which was ultimately pronounced rheumatism. Often I was barely able to crawl into bed, and seldom able to do a full day's work. In this condition I doctored for a year, absolutely getting no better. Then I consulted another doctor whose chief consolation was that unless I could get rid of the trouble I would be a cripple for life. He prescribed dieting, and I doctored with him for at least six months, but instead of getting relief I became weaker and less able to get around. Then I decided to try a doctor in Toronto, and was under his treatment for about four months with no better results. I gave up the doctors and tried other remedies which were equally futile. Then one day our store keeper sent me a box of Dr. Williams' Pink Pills, saying, that if they did not help me I need not pay for them. I took them and then got some more and found they were helping me. I probably used \$10.00 worth before I felt fully cured, but they did cure me and were cheap as compared with the other treatments which did not help me. The cure was made several years ago, and I have not had a twinge of rheumatism since. Today I am well and strong and I believe I owe it all to Dr. Williams' Pink Pills."

You can get these through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Two cars attached to the morning express bound west from Halifax were derailed this side of Beaver Bank on Saturday last. Passengers and baggage were transferred causing delay of less than an hour on arrival at Windsor. It was nearly six o'clock before the line was cleared by the Kentville Wrecking Train. No serious damage is reported other than twisted rails and splintered ties.

Owing to the late arrival of the Boston boat in Yarmouth on Saturday, a special train in charge of conductor Geo. Williams, conveyed the passengers up the line Saturday night, returning to Yarmouth Sunday afternoon.—Ex.

A MOTHER'S VISION.

Sitting alone in the firelight, with aged head bent low Over some little garments that were worn in the long ago, A woman, old and faded, was dreaming of other years; And the faces of absent loved ones she saw through a mist of tears.

All was silent; no echo of foot-falls swift and gay; The dancing feet of her children had wandered far away, Busy and happy and thoughtless, they were scattered far and wide; All grown to be men and women—save the little boy who died.

It was strange that of all the children, he should feel tonight so near, His little grave had been covered by the snows of many a year; Yet she fancied she saw him enter; that she saw him standing there His blue eyes clear and smiling, the light on his curling hair.

And a voice spoke from the silence, saying: "This for you I kept; But my meaning you could not fathom when for your child you wept, The living have left your hearthstone, but with you he shall abide In the beauty of deathless childhood, your little boy who died." —Gertrude Hockbridge, in the Christian Herald.

Paris, March 2.—Standing on a hill four miles north of Fort Douaumont Kaiser Wilhelm watched for 6 hours the bloody struggle for the possession of the fort. The raw wind blew sheets of rain and snow across the eminence, and the staff officers urged the Emperor on account of his recent illness not to expose himself. Despite their entreaties he held his post, field glass in hand, protected by his great storm proof coat, until the Brandenburgers charged into the French positions.

Halifax, March 2.—An extra freight train on the Halifax & S. W. Ry. from Halifax for Bridgewater, left the rails yesterday not far from Hubley's and the track has not yet been cleared. There was no loss except the damage to the freight train and the inconvenience to the passengers on the express who were held up for several hours.

London, March 2.—A resolution was adopted at a meeting for the re-organization of the British Consular Service with British-born consuls. One of the delegates asserted during the competition for trade between Britain and Germany preceding the war that 44 British Consuls were Germans.

A Brighton hairdresser and his son have given over 16000 shaves or hair-cuts free of charge to soldiers at the 2nd Eastern General Hospital, Brighton. They begin work every day at 5.45 a. m. and give up their early-closing half-holiday. It was stated recently that Nottingham hairdressers had given over 10,000 free shaves and hair-cuts to wounded soldiers.

Will Turkey Try For Peace?

London, March 4.—The morning newspapers feature despatches from Athens which declare that agitation in Constantinople in favor of peace is becoming so pronounced that it would surprise no one if Turkey suddenly capitulated to the Entente Allies. It is reported also that Rachmi Bey, Governor of the vilayet of Smyrna is trying to arrange separate peace terms with the Entente.
