We have just put in, at great expense, a WONDERFUL MACHINE, heated by steam, work only passing through the rollers once: the result—WORK IS ELASTIC, WILL NOT BREAK, and will last much longer than when ironed by the old method, heated by gas, which has to pass through the rollers eight times.
P.S.—We have also added a newly invented machine to iron the edges of Collars and Cuffs.

A PAIN ACROSS THE STOMACH

Can Always be Relieved by a Few Doses of Dodd's Dyspepsia Tablets.
"I could not take the simplest food without a pain across my stomach." That was the miserable condition Marie Ann Bujold, of Maria Cap, Bonaventure County, Que., was in. Thousands of Canadians could sympathize with her. For they know just how miserable she was. They are that way themselves. But listen to the great Miss Bujold's experience:
"I finally consulted the doctors, but they did me no good. Then an advertisement led me to try Dodd's Dyspepsia Tablets. One box completely cured me."

No one can appreciate the amount of condensed happiness contained in a box of Dodd's Dyspepsia Tablets till they have suffered as Marie Ann Bujold did, and found the relief that came to her. That relief can always be found in Dodd's Dyspepsia Tablets.

Boy's Sad Death.
Grimsby, Sept. 19.—A distressing accident occurred here yesterday afternoon, by which Master Bert Mabey, second son of S. E. Mabey, lost his life. The boy was found dead in his father's slaughter-house about 1 o'clock. It is not known how the accident occurred, but it is supposed that he was climbing up the windlass rope when he lost his hold and fell, the hook at the lower end of the rope catching under his chin and dislocating his neck.

BE QUICK!

Not a minute should be lost after a child shows symptoms of cholera infantum. The first unusual looseness of the bowels should be sufficient warning. If immediate and proper treatment is given, serious consequences will be averted. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the sole reliance of thousands of mothers and by its aid they have often saved their children's lives. Every household should have a bottle at hand. Get it to-day. It may save a life. For sale by all druggists.

Murt In a Runaway.

Lindsay, Sept. 19.—Saturday morning Timothy Callaghan, a young farmer who lives in Emily, was hitching three horses to a twin plow. The animals took fright and ran away. Mr. Callaghan was thrown down and fearfully mangled by the plow. One deep flesh wound 7 inches long was made in his hip, and a similar one in the calf of his leg by the plow points. A wheel passed over his head and caused bleeding at the ears. Besides he received such serious internal injuries as to make his recovery doubtful.

Dysentery causes the death of more people than small-pox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases, both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it to-day. It may save a life. Sold by all druggists.

Murdered For \$100.

Vancouver, B. C., Sept. 19.—A young Indian woman, the belle of the Navarete tribe in Northern British Columbia, has been murdered. Her intended husband gave her \$100 for he had made in salmon fishing for safe-keeping. Her husband's friend lured her into the woods, and, stunning her with an axe, cut off her head, escaping in a canoe with the money. The murderer has since been arrested.

The fat man doesn't rejoice to find himself in reduced circumstances.

Gentlemen,—While driving down a very steep hill last August my horse stumbled and fell, cutting himself fearfully about the head and body. I used MINARD'S LINIMENT freely on him and in a few days he was as well as ever.

NEW ZEALAND GEYSERS.

Among them is said to be the Biggest Spouter in the World.

Yellowstone park is reputed to have the most magnificent geysers in the world, but their reputation is based upon the statements of travelers who have never been to New Zealand and who know nothing of its natural wonders.

Leaving Auckland by a fast express train, a journey of eight hours brings one to Rotorua, where may be seen the most splendid geyser which is probably to be found anywhere in the world. To give one some idea of the magnitude of the geyser I need mention only the height of some of the surrounding objects. Over the "Inferno crater," which contains a seething lake of water, is a small shelter shed 450 feet above the plain. The surface of the water in the geyser basin when at rest is about forty feet below this plain. The height of the eruption must often be about 900 feet. This is by no means exceptional. Higher "shots" have been recorded. I have myself seen a shot computed at 1,200 feet. Some months ago the area of the basin was measured in a small boat by a Mr. Buckridge and a guide. They found that the area is about two and a half acres, from which it may be inferred that this geyser may well be called the largest in the world.

The geyser plays about twenty-two times each month, is very erratic and gives no warning when it is about to erupt. The theory is advanced that the basin is somewhat like a funnel and that when the water and stones are ejected the larger stones return and jam in the neck, thereby choking the outlet, so that an enormous pressure of steam must shift them. When the pressure is sufficiently great to blow out the obstructions it naturally would eject water to a great height. The theory, however, is at best rather fanciful.

This geyser is not the only one to be seen in the vicinity. Others may be mentioned, such as the Pohutu, Wairoa, Feather, Papakura and others, besides mud volcanoes.—Scientific American.

ASIATIC TIGER PROVERBS.

A tiger's meal—a gluttonous repeat.
To face the tiger in his lair—great bravery.

A winged tiger—cunning added to power and ability.

After the Chinese the tigers—total devastation of a country.

A tiger of wood—a harmless being with a dangerous exterior.

To bring up a tiger and have him turn upon you—ingratitude.

"Maingoh," a man eater—a person with an ungovernable temper.

A tiger with a broken back—rage and fury which are powerless.

To let go the tail of a tiger—to avoid one danger and encounter another.

To turn from a deer and meet a tiger—the danger of too much caution.

Devoured by a tiger—said of a man who wishes to be concealed from his creditors.

You must enter the tiger's den if you would secure a cub—what is quickly having is not procured without risk and trouble.

Indians With Jewish Blood.

Sir Alexander Mackenzie had an idea that the Indians of the far northwest were partly Jewish in origin. From Lake Athabasca in 1794 he set out at the head of an expedition "in a birch bark canoe twenty-five feet long, four and three-quarters feet beam and twenty-six inches hold, with 3,000 pounds of baggage and provisions and a crew of nine French Canadians. He reached the Pacific coast and returned. The aborigines he met were "for the most part possessed of strongly religious instincts," said he in his report. "With regard to their origin, all we are prepared to state after a careful survey of their languages, manners and customs is that they are undoubtedly of a mixed origin; come from the northwest and had commerce in their early history perhaps through intermarriage with people of Jewish persuasion or origin."

Heine's Sense of Humor.

Heine's sense of humor did not leave him until the last. A few days before his death Hector Berlioz called on him just as a tiresome German professor was leaving after worrying him with his uninteresting conversation. "I am afraid you will find me very stupid, my dear fellow," he said. "The fact is I have been just exchanging thoughts with Dr. —"

On one occasion when the doctor was examining his chest he asked him, "Can you whistle?" He replied, "Alas, no; not even the pieces of M. Scribe."

Made a Lock For the Key.

An old and curious key and lock are attached to the door of Temple church in Fleet street, London. The key weighs seven pounds, is eighteen inches long, and, unlike other keys, it was not made for the lock. On the contrary, the lock was made for it. Both key and lock have been in use since the crusades, the church itself having been built by the Knights Templars in 1485.—London Standard.

"But you know, it is a woman's privilege to change her mind."
"Of course it is. That is what is expected. But this girl never does."

DANGER OF LIVING WITH CONSUMPTIVES.

Is real danger, because the sputum of affected persons diffuses itself through the air and finds lodgment in the systems of others. If exposed to consumption use fragrant, healing Catarrhoxone, the most efficient germicide known. No case of catarrh can withstand Catarrhoxone, which cures this loathsome disease thoroughly. Cold in the head is cured in a few minutes. Catarrhoxone cures catarrh and bronchitis, asthma and lung trouble. It is employed to stay cured if Catarrhoxone is employed. "I don't know any remedy so good for catarrh and bronchitis as Catarrhoxone," writes N. T. Eaton, of Knowlton. "I cured me after years of suffering and saved me from consumption. Two months' treatment \$1; trial size 25c."

Fell Into a Thresher.

Lindsay, Sept. 19.—On Thursday Levi Sparks, Jr., of Little Britain, died of injuries received by falling into a threshing machine on the farm of George Pearce, near that village. A board above the cylinder gave way, and part of Mr. Sparks' foot was torn off. Symptoms of lockjaw were followed by convulsions that terminated fatally. A widow and new-born babe survive.

IS YOUR DOCTOR BILL LARGE?

Best way to keep it small is not to call the doctor, but use Nerviline instead. For minor ailments like colds, coughs, chills, cramps, headache and stomach trouble Nerviline is just as good as any doctor. It breaks up a cold in one night, cures soreness in the chest, and for neuralgia, toothache and rheumatism you can't get anything half so good as Nerviline. The fame of Nerviline for cramps, colic, and pain in the stomach extends far and wide. Good for everything a liniment can be good for and costs but 25c. for a large bottle.

Parished For Withechey.

The Duchess of Gloucester in the fifteenth century was compelled to walk for three days through London to St. Paul's cathedral robed only in a sheet and carrying a lighted candle for having, as it was said, made and bewitched an image of King Henry VI.

THE CAUSE OF PILES.

Keeping Up Appearances.

Mrs. Patterson—Mrs. Witter is a woman with a great deal of pride, isn't she? Mrs. Patterson—Intense. She told me she had ordered as many clothes this season as she would if her husband hadn't been in debt.

THE SMALL-POX QUESTION.

Any intelligent physician will admit that you don't catch small-pox because someone else has it, but because your condition favors it. Low vitality always encourages sickness, and at this season especially, everyone should take Ferrozone, which destroys disease germs and makes the system so strong and healthy that sickness can't exist. Ferrozone is a vitalizing tonic that makes rich, red blood, builds up the nerves, cures nervousness and drives away tired, languid feelings. To get strong and keep strong use Ferrozone. It assures health and costs but 50c. at all druggists.
