West, North and South That Stuart's Dyspepsia Tablets Are Waging Against All Forms of Stomach Trouble, Can Only End One Way.

Dyspepsia Will Be Driven Off The Earth,

The great and effective work of Staart's Dyspepsia Tablets is no longer confirmed in America. They are being used now all over the world, for their fame has spread throughout foreign countries and they cure dyspepsia in all lands and all climates just as well as they do at home. In fact, surroundings and conditions mover interfere with the successful work of Stuart's Dyspepsia Tablets, not even the conditions of the stomach itself. They go ahead in their own natural way regardless of the stemach and digest the food that the bad shomach cannot digest, and permit that organ to do just fas it pleases, rest up, take a vacation, get well or what-not. The stomach, however, always makes it a point to get well when it has nothing else to do. That's what stomachs always have done and will continue to do when they have the opportunity.

A prominent Detroit physician says: "I preservice Staatin parts.

to do when they have the opportunity.

A preminent Detroit physician says: "I prescribe Stuart's Dyspersia Tablets for all cases of stomach throuble. I have tried many prescriptions, including a number of my own, but find nothing that gives such universal relief as this remady. They are natural, harmless, and thoroughly effective in their work, and while I have d natural antipathy to patent modicines. I do not hesitate to prescribe and recommend Stuart's Dyspepsia Tablets on all occasions."

Sinart's Dyspepsia Tablets are for sale by all druggists at fifty teents a lox. They are so well known and their popularity is so great that a druggist would as soon think of being out of alcohel or quinine. The above testimental of the physician is no exception. In fact, physicians are prescribing them all over the land and if your own doctor is real honest with you he will tell you frankly that there is nothing on earth so good for Dyspepsia as Sauart's Dyspepsia Tablets.

GEORGE GROSSMITH eaking of Mr. George Grossmith

Speaking of Mr. George Grossmith, who made a great success in Torconto, the Mail says:

"In last night's program Mr. Grossmith proved himself to be as facile and in mitable a humorist as ever. He opened with a dissertation on Things you must have noticed, giving some lud-crous illustrations. The majority of Mr. Grossmith's studies are naturally those with which he is most familiar, at home. They morely show, however, the universality of human nature for it is only, in the extervals that his types differ from those of every-day acquaintances in Toronto. After describing how the ballad of Dolly Gray becams a bugber to him, Mr. Grossmith delivered his lecture on How to Succeed in various lines of effort, introducing two of his delicious burlesques on popular vocal numbers. He then moved his audience to spasms of laughter by showing how he appeared on a kinematographfilm, which, as he haively explained, he paid fifteen pounds to have made and ten more to have destroyed. The evening concluded with the witty sketch How to write a modern muscal comody, in which Mr. Grossmith presented under a satircal guise same undeniable truth with reference to the inamity and senselessness of the average musical play, while he occasionally insinuated a sly dig at the intelligence of the audiences, which found such productions satisfying. His impersonation of the different stock characters which figure in these productions gave him an excellent opportunity to display his upentalled newars of malery and

in these productions gave him an excellent opportunity to display his unequalled powers of mimicry and travesty, and the continuous laughter which punctuated the sketch was a sufficient tribute to his abilities as a refined entertainer."

Mr. Grossmith will appear at the Grand to morrow night.
