Windsor will celebrate the first of July this year in grand style under the auspices of the Oddfellows of that place.

PANTINGS.—New lot just received at A. MCPHERSON'S, Webster St Kentville. June 6, 2ins

A subject under discussion by a King's Co. Debating Society is "Is clam digging fishing or farming?" No decision has been arrived at yet. The whole thing seems to hinge on whether clams are fish or not.

NEW CLOTHS.—Bran new cloths, a fine assortment at A. MCPHERSON'S June 6, 2ins Webster St Kentville.

Speaking of the Acadia College anniversary the *Hants Journal* says: "Rev. Dr. Welton, for several years pastor in this town, has been honored with a second degree of D. D., at Wolfville." We would like the *Journal* to tell us what "a second degree of D. D." is. Dr. Welton's degree is Ph. D., earned by hard and very effective study at Leipsic, but we never heard of him being a D. D. before the present degree was conferred on him. Besides, we doubt if the degree of D. D. is ever conferred on anyone twice.

A. MCPHERSON.—Go and visit his tailoring establishment. His Styles cannot be beaten, cloths in all the latest styles June 6, 2ins Webster St Kentville.

GENERAL INSECTICIDE REMEDY.—The following receipt will be found to be of great value to gardeners and fruit growers: "Kerosene, two gals; common soap or whale soap, half pound; water, one gal. Heat the solution of soap, and add it boiling hot to the kerosene. Churn the mixture by means of a force pump and spray-nozzle for five or ten minutes; the emulsion if perfect forms a cream which thickens on cooling, and should adhere without oiliness to the surface of glass. Dilute before using one part of emulsion with nine parts of cold water, which makes three gals. emulsion." Prof Hubbard who gives the above formula, says: There seems no longer any reason to doubt that in kerosene properly emulsified and diluted we have a nearly perfect remedy, more effective than any other insecticide in destroying scaled insects.

CORRESPONDENCE.

To the Editor of the *Acadian*.
Dear Sir, Messrs Henry Bill, Gideon Power and Leonard Illsley, Overseers of the Poor for the township of Cornwallis are respectfully requested to inform the inhabitants of Lower Horton how long Kittie King is to be kept wandering about in the manner she has been doing for the last two months.

If these gentlemen don't care to send her to the Cornwallis Poor House, they will confer a favor if they send her to Aylesford for a change of air.

Yours
HORTON.

THE LONG PASTURE.

The "long pasture" consists of all the principal roads of the Counties of Nova Scotia proper. Some of the citizens of Wolfville have always preferred it to a private pasture. A few examples will be sufficient to mention. One is the case of a poor man who has money in the Bank. Another is that of a man who possesses houses and lands—a good many of the latter—but never thought much of them for grazing purposes. Wolfville has now a pound again but that will not keep these cattle out of the streets. A pound-keeper has no authority to take up cattle, not even his own. Y.
