## TO STRAIGHTEN OUT THE TANGLE.

### C. A. A. U. Officers to Confer With Olympic Games Committee.

Hamilton Cricket Club Elected Officers Last Night at the Best Meeting Yet Held by the Club—Kara Beaten at Benning—Hamilton Swimming and Polo Club Organized.

Toronto, Nov. 27.—Mr. P. D. Ross, of Ottawa, who is associated with Col. Hanbury-Williams as representing in Canada the British Olympic Council, was a visitor to Toronto yesterday for the purpose of meeting the representatives of the Canadian Amateur Athletic Union. The conference was held in the president's office, in the City Hall, and was attended by the following governors: Rev. D. Bruce Macdonald, J. G. Merrick, Inspector Hughes, E. H. Watson, R. H. Nichols, John Weston and Francis Nelson. Mr. Ross stated that the duties of Col. Hanbury-Williams in connection with the opening of Parliament would keep him at Ottawa, and it was desired to have a meeting at the capital, at which the question of Canadian representation at the Olympic games in England next year could be discussed at length, and some basis arrived at which would result in sending over the best of Canadian athletes in all forms of sport.

Next Saturday was agreed on as the date, and the C. A. A. U. will be represented by Messrs. Macdonald, Merrick and Nelson, with President Stark and Secretary Crow. The conference was quite informal, and details were not within its purview, as arrangements have not yet reached that stage.

Mr. Ross was assured that the C. A. A. U. desired, as did Col. Hanbury-Williams and himself, to bring about the most creditable and capable demonstration possible of Canada's athletic strength. The C. A. A. U. will put no obstacles in the way of any Canadian going who may be chosen as worthy, and is acceptable to the British Council, whether he be a member of a club affiliated with the union or not. If it is requisite to achieve that end, the C. A. A. U. is willing to waive for that purpose and to that extent the application of its rule that might otherwise interfere. Practically the same had been said to Col. Hanbury-Williams, and Mr. Ross expressed his belief that the result would be very great to the general benefit of athletic sport. It was understood that the Athletic Federation will also be invited to the Canadian Olympic committee to send delegates to the conference with Col. Hanbury-Williams and Mr. Ross in Ottawa on Saturday.

#### KERWIN WON HIS BET.

Toronto, Nov. 27.—Percy Kerwin, the local walker, walked from Hamilton to Toronto yesterday in 11 hours and 3 minutes on a wager of \$50 to \$25 that he could do it in 14 hours. Kerwin left Hamilton at 6:11 a. m., there being no rain till he got to Oakville at 10:45, where he rested and had dinner, taking one hour and five minutes. His next stop was at New Toronto at 3:30. After a short rest he continued his journey, reaching the Grosvenor House at 3:42. Kerwin is now anxious to reach Jimmy Reynolds in a match from Hamilton to Toronto.

#### GREAT PLAYER DEAD.

Eddie Burke, at One Tim: With Ontos' Passes Away.

Utica, N. Y., Nov. 27.—A man who was at one time one of the most notable baseball players in this country, and at one time a member of the New York Giants, died yesterday in the General Hospital in this city, in the person of Eddie Burke. The former star player had not been in the game for the past seven or eight years, and things had not been going so well with him as when he was so well known by reputation. Burke had been in this vicinity for more than a year, and for a time had been employed as a cook for one of the section gangs on the New York and Ontario railroads. Burke was a member of the Toronto team in 1888, playing left field. He was a great favorite with the local fans. He went to New York in 1889, and soon became a favorite with the baseball public of that city.

#### Y. M. C. A. FOOTBALL.

##### A Proposal to Form Another Union.

There is a proposal on foot to form a new Rugby Union to be composed of the Y. M. C. A. teams throughout Ontario. Teams are likely to be formed in the West End Y., and possibly the Central in Toronto; the Hamilton Y. M. C. A., and an effort will be made to get teams in London, Peterboro, Dundas, and Belleville, Brantford, and any other of the Y. M. C. A.'s that can be interested. The teams would play junior under O. R. F. U. jurisdiction.

#### BRITTON WILL REFEREE.

Montreal, Nov. 27.—Russell Britton will referee the Montreal-Peterboro match, which will be played on Saturday on the M. A. A. grounds, for the Dominion football championship, and it is likely that Phil McKenzie will act as umpire. President Irvine, of the Montreal Club, last night received a wire from Peterboro agreeing to Britton as referee. The keenest interest is being taken in the match, and a hard and exciting struggle is expected. The Montrealers are having an indoor practice at the gym, every night, and are in fine condition. The only thing that makes them uneasy is the weight of their opponents,

who are much heavier. It is not thought likely that Reynolds, the fast wing man, will be able to play with the team on Saturday, and he will probably be replaced by Gilmour. The field at present, owing to the recent snow, is in pretty bad shape, but it is expected to have it in good order before the match.

#### BURNS NEVER BETTER.

##### Canadian Boxer Will Have No Excuses if Defeated.

London, Dec. 27.—Tommy Burns, the Canadian who is matched to fight Gunner Moir on Dec. 2nd, before the National Sporting Club in London, says he was never in better form in his life. He will have no excuse to offer if Moir should defeat him. He says he only hopes that the decision will be given on its merits and not on a foul, or anything of that kind. Regarding the selection of a referee, he says he has every confidence in Mr. Corri, who was selected after Watson, Burns' choice, was rejected as being ineligible. Burns says his weight in the ring will probably be fourteen pounds lighter than that of Moir.

#### ELECTED OFFICERS.

##### Large Attendance at Semi-Annual Meeting of H. C. C.

The semi-annual meeting of the Hamilton Cricket Club was held in the parlor of the Thistle Club last night, and it was largely attended, in fact, it was perhaps the largest and most enthusiastic meeting in the history of the organization. The reports presented by

## INTERNATIONAL FIELD TRIALS AT RUTHVEN.

Ruthven, Ont., Nov. 27.—The nineteenth annual trials of the International Field Trials Club began at Ruthven yesterday with the Members' Stake, open to members of the club only. The stake had five entries, and they were drawn to run as follows: Athene, by Landseer-Rose, owned by Dr. Campau, Harrow, Ont., against Selkirk Cynthia, by Selkirk Hope-Selkirk Tessa, owned by W. B. Wells, Chatham, Ont. Cynthia was best in speed and style, and they were about even in range. Spectators walked about a bevy, and on the scattered birds Cynthia got one point. The second heat had Kennilworth, by Toledo Bee-Rose, owned by Dr. Campau, against Selkirk Wanda, by Lady's Sout Gladstone-Selkirk Freda, owned by W. B. Wells. This brace ran three-quarters of an hour without finding birds. Kennilworth best in range. In pace and style they were about equal. Both maintained good speed to the end. In the third heat Pavn Brake, by Jess Rodfields' Count Gladstone-Tell Tale, owned by J. G. Armstrong of Detroit, drew the bye. Cynthia was called to run with him. Pavn was best in speed and range, and made a beautiful point at long distance in clover, which Cynthia refused to back. Cynthia got a point on singles, but was unsteady. Pavn got two points on singles and was steady. In the second series Kennilworth and Wanda came together. The latter was slightly the better in range, and they were about equal in speed. Both ran better than in their first heat. A bevy flushed wild in stubble and flew into corn. On singles Kennilworth made two points, and was backed by Wanda. Pavn Brake and Kennilworth were then put down for seventeen minutes. The former was best in range and speed, but let up a little towards the end of the race. Just before being taken up Pavn pointed in a pasture, and was nicely backed by Kennilworth. No birds were found. The decisions were: First, Pavn Brake; second, Kennilworth. As Mr. Armstrong won first last year with Tell Tale, the dam of Pavn Brake, the McKay Cup becomes his property.

## Some Snap Shots at Sport and Sportsmen

Varsity II. has refused to carry out the order of the Canadian Rugby Union to play Hamilton II. team in a semi-final game for the Canadian championship, and it is likely the final game for the championship will be played next Saturday between Tigers II. and Montreal II., the winners of the Quebec Union's intermediate series.

The annual meeting of the shareholders of the Hamilton Jockey Club Co. was held in the club's new office in the Court House yesterday afternoon. The financial statement presented was very satisfactory, showing a large sum to the good on the spring and fall meetings. All the old officers and directors were re-elected. They are: President—Hon. Wm. Gibson. Vice-Presidents—F. C. Bruce, M. P., and Judge Monck. Directors—P. D. Cresser, K. C., J. J. Sepp, K. C., Gordon Henderson and Robt. Hobson.

According to a general rule, a man's reach is equal to his height. Gunner Moir has an arm reach of 76½ inches. Against this Tommy Burns has a reach of 74½, just one inch less than his much taller opponent. Burns has the longest reach of any man in the ring, considering his height. He stretches his hands seven and one-half inches farther than his head is away from the ground. His height is five feet seven inches. Jim Jeffries' arms stretch out just 76 inches.

Yale will receive about \$73,000 from the Harvard, Princeton, and Brown games this season. The candidates men-

tioned for the captaincy of the Yale eleven next year are Coy and Brides. Brides is in the junior class in the Medical School, and Coy is a sophomore academic.

Pennsylvania University has an excellent method of assisting newspaper men in the reporting of football games. At the side of the field which contains the press box and down near the middle of side line sits a telegraph operator at a table upon which is his instrument. His connection is with the press box, where stands another operator with a megaphone. A substitute from each team is delegated to sit by the operator upon the field, and when each play is made these substitutes tell the operator who carried the ball, or kicked it, and who tackled the runner, or caught, or fumbled the punt. This information he instantly conveys by wire to the megaphone man in the press box, and the latter, training his megaphone along the press box, yells out: "Fovell five yards through tackle, thrown by Mayhew."

#### ROLLER HOCKEY.

##### City League Elected Officers and Will Begin Work Soon.

Representatives of all the four teams in the City Hockey League met last night at the Kings Rink to organize for the season. H. Barclay was in the chair. A good deal of enthusiasm was shown, and they all expect a good season. The teams which were admitted, and which will constitute the league, are the Frontenacs, who will wear light and dark blue; Tigers, black and yellow; Alerte, red and grey; and Britannias, green and white.

The following officers were elected: W. H. Daniels, President. H. Barclay, Secretary. W. Barron, Treasurer. The league will meet next Tuesday night and arrange to begin practices at once. It is intended to have all the teams in first class shape before the regular games start, so that patrons will have first class roller hockey from the very start.

#### A LITTLE LIKE SHRUBB.

The following letter has been received by the sporting editor from Louis Emery, the M. & M. Hotel walker: "You state in the Times of to-day that I was running from Toronto. I beg to state that it was I and heel and toe walk all the way; and I am quite willing to try again to establish a record, probably 8 hours 15 minutes."

## ARGONAUTS' SIDE OF THE TROUBLE.

### Their Reasons For Leaving the C. A. A. U. Recently.

L. C. Hoskin, Secretary of the Argonaut Rowing Club, has sent a long letter—two columns long—to the Toronto papers, reviewing the situation which led to the seceding from the C. A. A. U. Following are some extracts from it: "Before dealing with the facts which led to the resignation, the Argonaut Rowing Club desires to correct an erroneous impression which the association has sought to create for the purpose of making it appear that in its treatment of the Argonauts it was upholding some vital principle of the association. The association is endeavoring to make it appear that the Argonauts are contending for the right of amateurs to play against professionals. Let it be understood at the outset that the Argonauts never contended for anything of the sort, as the association must be well aware. The Argonauts accept in its entirety the amateur definition printed in the rules of the association, and the only difference between them and the C. A. A.
