removal of the issue department for all descriptions of army requirement, as well as of forage and fuel from Balakava, would, of course, still further contribute to relieve the town, and it is to be hoped, that by this time, the Gastrormanter-Genéral has adopted this course, especially as to the issues of food in the camp,, which would save the men the necessity of coming all the distances to the town for provisions, and marching back with them. As further instances of the miscellaneous utility of the navvies, it may be assationed, that the Navel Brigade falling short of water, the well-sinkers belonging to the railway or the more were being in course of constituction mar the neighbourhood of the camp, and it was appeted that their researches would be speedily efficacious. The jimekilas continue is full operation, and two more were being in course of constituction mar the Third Division in the front. The washing phose for the hospital had likewise been consistently the province of the weather has been occasionally extremely warm and escretaing, and the navies by the operations of the resulter has been occasionally extremely warm and escretaing, and the navies had been according from, the weather has been occasionally extremely warm and escretaing, and the navies had been according from, the weather has been occasionally extremely warm and escretaing, and the navies had been according from, the weather has been occasionally extremely warm and escretaing, and the navies had been according from, the weather has been occasionally extremely warm and escretaing, and the navies had been to complain of a degree of leastided which they had never experienced in England even when the heat shall have really began to not upon the food of the British position on a cither side; and proportionate anxiety is beginning to be fell for this extraval in the Crimes of Mr. Rawiinson, the engineer of the care of the Survey of the Army in the East, and the control of the contr

already commenced.

Surparry with the Polis.—Writing to the Mayor of Bath, expressing his willingness to present to the House of Lords the petition adopted by the meeting lately held in that city to express sympathy with Poland, the Earl of Shaftesbury says; "The partition of Poland was an enormous crime and an enormous folly; the restoration of it is demanded alike by sense and justice. But, whatever be the views and feelings of single individuals or masses of men, the time has not yet arrived for governments to interpose. We must restoutent for the present with the expression of national sympathies.

DESPATCH FROM GENERAL CANROBERT

SYDNEY, N. S. W., Dec. 30.

FITZ ROY BRIDGE, GOULBURN.

From the Illustrated Sydney News.

We hast week gave our readers a view of the opening of the new bridge at Goulburn, and the gay scene that took place on the occasion; and we now lay before them a sketch of the same bridge, with a more extended view of the country, by which the requirements for the bridge will be more easily perceived, and the nature of the surrounding district. For this we are indebted to the courtesy of Mr. A. Beazeley who presided in the place of Mr. Plunkett. The Goulburn Herald says.—"The Odd Fellows, with the true public spirit which characterizes them, from "the rising to the setting of the sun, attended, and gave a degree of celat to the affair it would not otherwise have possessed. On the opening of the bridge, Mr. Beazeley said—'Ladies and Gentlemen—The works necessary for the erection of this bridge over the Mulwarce Ponds having been so nearly completed as to render it fit for public traffic, I am directed by the Colonial Architect to open it for public use. I therefore, in the name and on behalf of his Excellency the Governor-General, declare this bridge to be open to the public till further notice. Permit me also to offer my sincere congratulations on the occasion of the completion of this fine bridge, which appears to be in every way worthy of your beautiful and prosperous town.' Mr. Woodward had a temporary licence and booth, and furnished a first-rate lunch. The German Band were in attendance, and collivened the proceedings by playing a variety of popular airs."

with the expression of national sympathies.

\*\*DESPATCH FROM GENERAL CARROBERT\*\*

The Franch Missiner of War has recovered understood by the Colonial Architect to open the fallowing despatch from the Commander-in-Chief of the same of the East:—

\*\*Berons Senarosco, March 17.\*

M. La Marchal.—I have the banear to forevard the same of the East:—

\*\*Berons Senarosco, March 17.\*

M. La Marchal.—I have the banear to forevard the same of the East:—

M. La Marchal.—I have the banear to forevard the same of the same

therein recorded of the succes of my endeavours to administer, in a cordial and constitutional spirit, the Government of this most important

colony.

"At the close of our long official intercourse, it is a source of pleasure to me to acknowledge the manner in which you have co-operated with me on all occasions, and I trust, that the feelings of loyalty and attachment to the Parent state which animate the inhabitants of New South Weles mere long continue."

of loyalty and attachment to the Parent state which animate the inhabitants of New South Wales may long continue."

The deputation then withdrew, and returned to the Uouncil Chamber.

His Excellency then proceeded to the Council Chamber, and in a speech of some length prorogued the Council. In the course of the speech his Excellency having alluded to some of the most important measures of the session, viz., those with reference to emigration and education, stated that he had purposely abstained from giving effect to some of the recommendations of the Council, thinking it more desirable and proper to leave them to the able officer appointed to succeed him in the administration of the affairs of the colony. His Excellency concluded in the following terms:

"Atan early period of the Session I informed you, that by Her Majesty's pleasure, I was at length about to be relieved in the administration of this Government—an administration which has considerably exceeded in duration the usual limits. In now addressing you for the last time, I have the eatisfaction to reflect, that the cordiality which marked my intercourse with yourselves and your predecessors has happily been preserved to the end. I willingly bear testimony to the zeal and ability with which you have always performed your public duties, and I cherish the most fervent aspirations for the continued well-being of the noble colony committed to your care.

"I now declare this Council to stand prorogued to Tuesday the sixteenth day of January next."

His Excellency then retired, and the Council broke up; and thus ended the Session of 1854.

broke up; and thus ended the Session of 1854.

Holloway's Pills, an unfailing Remdy for all disorders of the Chest and Lunga.—Oliver Thomson, of Kingston, C. W. was certainly in a most deplorable state of health, ten weeks ago; his lungs, so the doctors told him, were completely gone, his chest and in fact his body generally, had scarcely an atom of flesh on it, so thin had he become. In addition to this, he had a cough, which completely shook him to pieces (these are his own werds): he has just informed Professor Holloway, that all these complants have been removed by Holloway's Pills, after he had used them for seven weeks and two days, and he now feels better, than ever he did in his life. These Pills will readily remove all diseases of the stomach and bowels.

A public meeting of the friends of Temperance was held in the South Lake Chapel, on Monday the 2d of April. The Rev. John Knox was called to the Chair. After prayer, the Chairman introduced to the assembly, the Rev. Henry Crawford, who delivered an able and interesting Lecture on the subject of Temperance, and dwelt particularly and effectively on the Scripture argument. The Chairman then addressed the assembly at great length and complimented the Alliance Division, (which occupied the front seats clothed in the Regalia of the Order,) upon their increase and prosperity. After a vote of thanks to the Rev. Henry Crawford for his interesting lecture, and to the Rev. John Knox, for his address and able conduct in the Chair, the meeting separated highly delighted with the proceedings of the evening.

We have been informed that the Ladies of Georgetown, more frequently than we suppose, give evidence of their generosity towards good objects, and are happy to record the fact, that last January, in giving a jubilee to the Children of the Church Sunday School, £3 was raised by admittance of friends, and, the sale of fully nee bushels of cake! left over and above after 64 children had been regaled; and more recently, in March, at a very delightful Teameeting, given during Court sitting, a further sum of £12 was raised for Church purposes, including the sale of nearly an equal quantity of cake, after fully 200 persons had been amply supplied. In the Summer we understand they are to have another.—Com.

The Concert advertised in our last paper, has been unadvoidably postponed, owing to the circumstance of the Gentleman erecting the organ to be used on that occasion, through some unforeseen difficulty, not being able to have it completed at the time specified—another week will have improved the travelling so as to admit of country friends attending.

APPOINTMENTS.—The rumour of appointment of Sheriffs, as stated in our last, has preved to be correct. We understand that Mr. John S. Bremner, has been appointed Deputy Controller of Customs and Navigation Laws, and T. A. Montgomery, Eq., Surveyor of Shipping.

We are requested to announce that Divine Service will be held as usual in the Temperance Hall, on the next Sabbath, to-morrow, at 11 o'clock a. m., and 3 o'clock, p. m.

LIVER COMPLAINT, OF TEN YEARS' STANDING. CURED BY THE USE OF ONLY TWO BOXES OF DR. M'LANE'S CELEBRATED LIVER PILIS.

DR. M'LANE'S CELEBRATED LIVER PILIS.

New York, August 2, 1888.

This is to certify, that having been afflicted with liver complaint for ton years, and after having tried mearly every known remedy without finding relief, I was at lest introduced to try Dr. M'Lane's Celebrated Liver Pills, and after using only two boxes was perfectly cared. I now take pleasure in recommending them to the public, as the best Liver or general Antibilious Pills ever offered to the public.

Mns. Ann Malony, No. 17, Rivington Street.

P. S. Dr. M'Lane's Celebrated Liver Pills, also his great Vermifage or Worm Destroyer, can new be had at all respectable Drug Stores in this city.

There are other Fills, purporting to be Liver Pills, now before the public.

W. R. WATSON, Agent for P. E. Island.

W. R. WATSON, Agent for P. E. Island.

Aw ounce of fact is worth a pound of theory; and the swarm of conclusive facts that cluster around that incomparable preparation, Hoofland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, establishing its value as a tonic and restorative, are such as would prevent incredulity itself from questioning its efficacy. In all cases of diseases of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial, and renovating influence. Dyspepsin, heart-burs, loss of appetite, nauses, nervans tremers, relagation and debility. &c., are relieved by the Bitters in a very short space of time; and a perseverance in their ase never fails to work a thorough curs. See advertisement.
