

A Sign of the Times

PEOPLE are becoming very careful about what they eat and drink— The preference for goods in sealed packages—especially in food stuffs—is now quite definite and becoming more so every day.

We must frankly admit that there are sound reasons for this preference. Food stuffs cannot be exposed to varying atmospheric conditions without losing both strength and flavor.

Tea—of all articles of everyday diet (excepting coffee, perhaps) needs protection most, and best merchants have been quick to appreciate the fact. So much is this the case that the selling of loose Tea in bulk will soon be a thing of the past.

RED ROSE TEA reaches you with all its virginal flavor, strength and purity— It is sealed in air-tight packages—dust and damp-proof—

RED ROSE is a blend of the best Indian and Ceylon Teas. —The former assures generous strength and richness—the latter that coaxing, delicate flavor, Qualities for which Red Rose Tea is famed.

Ask your Grocer for the 40c. package of Red Rose and you'll get better Tea—Tea that spends farther—for the same money.

You want "Good" Tea—well, "Red Rose Tea is Good Tea"
