I. C. R. Employee Burned To Death

Moncton, March 18—In the I.C.R. new shops here at 10 o'clock this morning David Robichaud, aged fifty-two, of 167 High Street, was burned to death under terrible circumstances. He was engaged in working on the inside of an oil tank which was being repaired. He left the tank and borrowed a match from a fellow employee working outside and then re-entered the tank. Instantly an explosion was heard and he was seen crawling out of the manhole amidst a mass of flames. He died in less than five minutes. The cause of the explosion is too plain. He must have lit the match overlooking the sides of the tank, which were wet, with oil and the interior was full of gas fumes. He leaves a widow and large family.
