Carniv

Banff is to have an elaborate winter carnival this year, and the celebration will be on from February 2nd to the fourteenth inclusive. Situated as it is in the Canadian Pacific Rockies and surrounded by the grandeur of Tunnel Mountain, Rundle Mountain and Sulphur Mountain, Banff, a national resort, is fast becoming a centre of winter sport in Canada. It is as Christiania in Norway. It is a perfect winter playground with natural mountain slides and tobogganing. The preparations for the carnival this year are on a larger and broader scale than previous years; the aim being to make Banff attractive in winter as it is in summer. In one aspect the visitors will find combined summer and winter amusement in the hot sulphur springs, which give one the privilege of swimming out in the open with the thermometer at or even below zero, in not tepid warm water.

The spirit of the carnival again have full sway throughout town, and those who arrive at night will find themselves in a veritable fairyland. Colored lights are strung across the streets, down famous toboggan slide, and on the banks in thousands giving a gala effect.

The list of amusements is a long one. There are hockey and curling matches, toboggan races, snowshoe and ski races. The ski jumping year promises to be one of the events, for a new jump has been built costing several hundred dollars, and some of the best skiers in Canada will take part in the competition. The Pony ski races on the programme, and will do much to create much excitement. Snow shoe tramps have been planned, lunch will be served at the warden's cabin. Those exhilarating tramps are conducted by men.
