The Church's Growth. The Church's Growth.

The conference will strikingly demonstrate the rapid growth of Methodism in this province. Seven years ago the number of delegates to the conference was 35. In the previous year the former united conference of Alberta, Saskatchewan and Manitoba sequence of the demands of growth, and now after eight years as the result of further development there is a practical certainty that the near future will see the conference of Alberta divided up again in order to provide for the proper entertainment. provide for the proper entertainment of delegates.
