The Evening Chit-Chat By RUTH CAMERON

That great advances are being made every year in the science of child training is an undeni able fact, but there is one change in meththings to be

learned by

heart. How much poetry does your child earn by heart at school to-day? How much of the Bible is he asked learn at Sunday School?

Very little, I fancy, if his teacher has the modern point of view. He studies and reads, and listens to explanations and stories and illustrations, but he seldem learns by heart. And I think it's a big mistake.

Of all our childhood's educational dvantages that we didn't appreciate and maybe fought against at the time, think most of us of the older generation-the generation that emphatically learned by heart-will admit that one of the greatest advantages was being forced to incorporate into our mental system so much of the beautiful things in our literature.

Much of what we learned we didn't inderstand at the time, of course. It vas just a string of words and phrass. Or if we did understand it men tally, we didn't spiritually. And then we lived, and every phase of life translated some of that poetry for us. Every great experience, every sorrow or suffering or joy illumined some line to us. Who hasn't had the

experience of recalling some piece of

inderstanding it?

And I think it's a shame that our children aren't carrying away from their schooling, a similar fund of unrecognized treasure.

Seems to me when the school fails es give them this it's up to us to try to make up the lack.

In our neighbourhood there is one mother who believes as I do about od that I regret, this, and who dedicates a part of And that is the every Sunday afternoon to filling in decrease of this gap for her four youngsters. She doesn't try to teach them-not more than ten or twelve lines of poe-

try or half a dozen verses of the Bible every week. But she spends much time in making the selection from the whole range of literature and the best in the Bible. She explains the selection and ther

turns the children loose to learn it. Some dainty or some especial privilege is the reward of the one who is first ready to recite it.

In order to fix the selections more firmly in their minds, she frequently reviews them from Sunday to Sunday, or calls on the children to recite them at the supper table or just before bedtime. And this is a matter of great pride with them to he able to recite correctly.

Of course twelve lines isn't much but twelve lines a week is 624 a year and 624 lines from the very refined gold of our literature is a mental treasure not to be despised. Does this plan appeal to you a

I hope so. "Mirth is God's medicine, everybody ought to bathe in it. Grim care moroseness, anxiety-all the rust of life-ought to be scoured off by the oil of mirth."-Oliver Wendell Holm-

Despair and Despondency
No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured com-pletely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good. It is non-secret, non-alcoholic and has a record of forty years of cure

It is non-secret, non-alcoholic and has a record of forty years of cutes. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to date edition, in paper covers. Football Team of D. I. S. Co. was Dined by Staff in Honour of Winning Championship, 1910.

Wabana, the busy mining settlement

of Conception; and the mining capital

of Newfoundland, has been the scene of much amusement and sport during the past few months, which terminated on Saturday night when the Championship Football Team, 1910. were dined by the staff of the D. I. & Co. The football this season this summer was of long duration, and interesting from the first game till the last. The victors— the Dominion Athletic Association Team- deserve hearty congratulations. In the early spring their chances of removing the Cup from the Nova Scotia Co. looked anything but bright, and it was only by constant practice, strict training, and "playing the game" that they came out on top. The staff of the Company readily recognized this, and as soon as the Cup was safely landed set about making preparations for a celebration, which, as stated above, took place Saturday evening at Wabana Hall, and rarely, if ever, has such a banquet being equalled on the lion Isle. The catering was attended to by Mrs. Egan, and Mr. House, who prised the Dominion Football Team, Scotia A. A.; Mr. E. Taylor, President Wabana A. A.: Mr. N. Burke, who refereed the games, and Mr. L. C. Murphy, of the Chronicle staff, who being tended as the Press representative, and in his usual manner added much
