## French Evacuating Frankfort

More Hun War Craft Under Transfer -- China Verging on Civil War -- Arabs Object to Zionist Movement -- Political Assassination in Ulster -- United States Railway Strike Drawing to a Close.

### FRENCH DIVISION WITHDRAWING

FRANKFORT, April 17. General De Metz with the thirty-seventh division of the French Army of Occupation on the right of the Rhine will withdraw from Frankfort to Wiesbaden next Sunday, according to an announcement made at the French Military Headquarters. The entente division under General Vidalon and the Belgian troops will remain in the newly occupied territory.

### HANDLING OVER WARSHIPS.

LONDON, April 17. One German battleship and six torpedo boats allocated to France under the Peace Treaty will leave Kiel today to be delivered to the French Government. The battleships Olenburg and Posen will be delivered April 28 at Rosyth, Scotland.

### ANOTHER STRIKE IN ITALY.

MILAN, April 17. The newspapers announce that the general strike initiated in Turin has spread throughout the entire Province. The railway service is being maintained but the number of trains has been greatly reduced. The postal telegraph and telephone services have suspended.

### POLITICAL TROUBLES IN GREECE.

ATHENS, April 17. A decree has been officially published proroguing the Chamber for three months. The Opposition Coalition has prepared a manifesto to the people of Greece declaring that the present Chamber is constitutionally non-existent. It demands that special elections be held immediately.

### CIVIL WAR IMMINENT IN CHINA.

SHANGHAI, April 17. Serious disturbances have occurred in the Province of Honan and Civil War is imminent, according to advices received by Chinese officials here.

This situation, it is said, is the result of the change of Tughans or Military Governors in the Province by the Peking Government.

### THE PALESTINE.

LONDON, April 17.

The Zionists organization announces it is reliably informed from Palestine that the Arabs have demanded the suppression of the Zionist Commission in Palestine within five days, the expulsion of its leaders and the disbandment of Jewish Battalion threatening a massacre of Jews if the demands are not carried out. Zionist reports say the Palestine Administration agreed to accede to the demands but that Field Marshal Viscount Allenby, Commander of the British Forces in Palestine, vetoed the decision.

### STRIKERS RETURNING TO WORK.

NEW YORK, April 17.

A speedy termination of the transportation tie-up, brought on by unauthorized strikes of railroad workers throughout the United States seemed assured to-day. Switchmen and other employees of the Pennsylvania, Reading and Baltimore and Ohio Lines in Philadelphia district, one of the eastern strongholds of the strike, were returning to work by morning under orders of their strike leaders. The work order affects strikers on all lines between Boston and Washington, including those in the New York district, as the Pennsylvania Strike Committee had been authorized to negotiate for all strikers in the east. The Philadelphia settlement was effected on a basis of promise from the Pennsylvania and Baltimore and Ohio officials, that returning strikers would be permitted to retain their seniority ranking, and would be free from all discrimination because of their having gone out. Strikers at Baltimore, another eastern stronghold, also, were returning this morning, having voted last night to end their strike. In the New York district railroad officials declared men were returning rapidly, and reports from all sections of the country also indicated that the swing back to work was fast gaining momentum. This was reflected both in the increased amount of traffic handled by the lines and loss of enthusiasm for the strike apparent in the attitude of many of the strikers.

### MURDER IN ULSTER.

BELFAST, April 17.

What is believed to be the first political assassination on the Ulster border occurred last evening, when Thomas Mulholland of Dundalk was shot on the street there and died an hour later. Mulholland made a statement to the stretcher bearer Mekeever. He declared he saw two policemen nearby, and called to them, but they proceeded towards the barracks.

### D'ANNUNZIO IGNORED.

FIUME, April 17.

Captain Gabriele D'Annunzio has been completely ignored by the Fiumian National Council in the formulation of demands for settlement of the problems relative to the future status of this city. Delegates, appointed by the Council, will meet Premier Nitti and carry on direct negotiations with the Italian Government. Three of these delegates are already in Rome.

### A GRUESOME DISCOVERY.

BUCHAREST, April 17.

The discovery on the Yacht Ostara, stranded at Sulina, in one of the mouths of the Danube, of dead bodies of eleven noted Russian men and women, each shot through the head, and not a living soul on board, has presented to the Roumanian authorities one of most mysterious tragedies of Bolshevism in the Black Sea. The bodies have been identified as those of members of the noted Russian families of Falsfein and Skakowsky. The discovery was made by soldiers when they went aboard the help to get the cabin half filled with water. Eleven bodies float around on board the wreck, and public in gold and paper and jewels.

### AT VLADIVOSTOCK.

VLADIVOSTOCK, April 10.

(Delayed by Associated Press.) Heavy fighting between Russian and Japanese forces continues at Khabarovsk on the Amur River, and casualties, suffered by each side, are heavy, according to reports received here.

### Marine Court Finding.

Sea Captains, Owners and Marine Insurance Agents, should be interested in perusing carefully the text of the finding of the Marine Court of Enquiry in the loss of the motor propelled vessel Dellecna. The evidence adduced at this Enquiry and borne out by the Court, proved that the vessel was not in a seaworthy condition when the ship put out on her final voyage, and that the executive staff on deck and in the engine room were not thoroughly competent. The Navigation laws of Newfoundland are too lax altogether and should be made more stringent. Every ship clearing from any port in Newfoundland for a voyage, whether registered in St. John's or not, should carry a full complement of certified officers in both navigating and engine room departments.

# KNOWLING'S Great Money Saving Sale of MEN'S BOOTS
