A Friend of Ours Was Horrified
When we told him what he would have to pay for a

DUNHILL PIPE

Yet in the course of a short conversation he told us that he had burnt out three pipes of ordinary make in five months, and the one he had in use was showing signs of rapid deterioration.

He is now a confirmed Dunhill enthusiast.

THE WILL.

There comes a time in the life of every man when he must leave his worldly possessions to the care of another. In anticipation of this, therefore, the first obligation resting on an individual who is possessed of property is the making of a will and this should be done before the capacities become impaired by time or the ravages of disease.

Sturdy Simplicity

Dunham Traps are made with extreme care and accuracy. The result is sturdy simplicity. Nothing could be more simple than the two-piece Dunham Trap; and judging from service records of those in use since 1905, Dunham sturdiness is exceptional.

The Dunham Radiator Trap maintains a radiator at its maximum heating efficiency by permitting the passage of all air and water from the radiator and holding all steam within the radiator until it gives up its heat.

DUNHAM SPECIALTIES—Packless Radiator Valves, Radiator Traps, Drip Traps, Blast Traps, Air Line Valves, Vacuum Pump Governors, Reducing Pressure Valves, Oil Separators, Suction Strainers, Air Vents, Return Traps, Check Dampers, Dampers Regulators.
