## The Broken Circle!

CHAPTER XXIV.

"My mother had a beautiful little hand," she said, "but the legend did was not a long or a happy one. My father died when she was quite young, and the terrific tragedy of my sister's death came soon after. She had a troubled life."

He took her hand and placed the ring upon her finger. It fitted her exactly, as though it had been made

been happy wives, do you think, Basil?" she asked, tremblingly, looking up at her lover.

"I hope that all wives are happy. Why should they not be?" He was thinking of something else, and hardly knew what he was saying.

"I have seen many wives who were not happy. What wife could be happy If her husband did not love her?"

"But, my dearest Leah, we must esume that every husband does love his wife."

"Yes, at first," she said, slowly. "No honorable man would ask a woman to marry him unless he loved her."

She spoke very earnestly, her face slightly flushed, holding the old- shall make you happy, Leah." with pain; yet she did not doubt him. He thanked heaven at that moment that she would never know how her uncle's affection for her had caused

If you, Basil, should be the ring to me! It seems to have made it

#### Appetite Good, Gained 20 lbs. Could Not Feel Better

From a nervous wreck this man was restored to health, strength

He tells his own story in this

Mr. Ralph A. Roberts, Loverna, Sask., writes:

"In 1917 I had lost all appetite, failed 25 pounds in weight, become very nervous and shaky and in fact given up all hope of recovery. For some time I had suffered from constipation, which kept getting worse, until I was fast becoming a total wreck. Doctors and their drugs were sending me to my grave at the age of 39.

"Then I read about people being stored by Dr. Chase's Medicines an restored by Dr. Chase's Medicines and after three months' use of Dr. Chase's Nerve Food and Kidney-Liver Pills I found that my bowels were restored to normal movement each day and the constipation was no more. I had a good appetite, had gained 20 pounds and could not feel better. I shall always be grateful for these benefits."

only bind me to you, but to all the race of Carltons. Let me keep it, Basil, intil our wedding-day."

"Certainly," he said. "I am glad it If you like, it can be made to look lust like a new ring."

"No." she replied, touching it with rings in the world would be nothing

smile, she placed the ring in the case and then closed it. A few days after that they were in London; and Leah's heart beat more

CHAPTER XXV.

The season was a brilliant one. The was received by some with pleasure. by others with annoyance. Those who had known her before saw a less expression had gone from her face, and in its place reigned perfect calm. No one could look at her and not know that she was happy beyond words. In time the crowd of "fashionables" grew accustomed to seeing Sir Basil always at her side; even her admirers accepted the situation and resignedly took the second place.

Oats-The market is quite and sales are steady at last week's prices. The imports this week were nil, but the first boat down the St. Lawrence due next week, will bring some big consignments. The local quotations are still \$3.70 for Mixed and \$3.80 for White wholesale, per 4 bushel sacks. single sacks \$3.90 and \$4.00. The P. E.I. stock will be coming forward in a few days, and the lower freight rates will probably mean a cut in present prices during the next two

MINARD'S LINIMENT FOR GARGET

## He Will Say

"Fight those film-coats on your teeth"

Leading dentists, nearly all the world over, now urge a new method of teeth cleaning. Millions of people already employ it. You see the results everywhere today, in whiter, cleaner teeth.

This is for those who don't know it as yet. We offer a ten-day test. You will then see the unique results and decide what they mean to you.

The war on film

One great object is to fight the film on teeth. You can feel it now-a viscous film. It clings to teeth, gets between the teeth and stays. And it forms the basis for dingy, dangerous coats. Ordinary tooth pastes do not effectively combat it. So millions of teeth

brushed daily still discolor and decay, Film absorbs stains, making white teeth cloudy. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the

acids in contact with the teeth to cause

decay.

Film constantly breeds germs. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film. How to fight it daily

Dental science has now found two effective film combatants. Able authorities have proved them by many careful

A new tooth paste has been perfected, to comply with five modern requirements. The name is Pepsodent. These two great film combatants are embodied in it.

Careful people of some forty races now employ it daily, largely by dental advice. You will also do so when you know how much it does.

Brings other effects

Pepsodent brings two other effects which authorities now desire.

It multiplies the starch digestant in the saliva. That is there to digest starch

Upon His Honor as Minister of the Gospel REV. W. A. THOMPSON WRITES OF DR. F. G. KINSMAN'S HEART TABLETS.

I had heart trouble severely for fifteen years and had many doctors to treat me with no discernible effect. I had become so low that I could scarcely walk fifty steps. At night I was troubled with fluttering of the heart, and by no means had a night's rest for that length of time. I had pales most excruciating and could not lie on my left side even for a moment. I tried five boxes of your Heart Tablets and can now truthfully say that I am well. I am a Minister of the Gospel and upon my word as such, I believe I could not have lived had it not been for your remedy. I am not, generally speaking, willing to give testimonials, but I fully owe this or more to you as owner of the Heart SOLD AT ALL DRUG STORES.
