It is difficult to exaggerate the miseries of the city poor in winter. The New York papers record the case of three little children who during the recent severe nights slept in a barrel in a yard, while their father and mother lodged in an outhouse—the family having been ejected from their hardly more comfortable quarters for non-payment of rent. Is not this a "voice from the depths" that should move the soul to deeds of charily!

The Boston Times says:—Night after night, with almost unbroken regularity, since the Saturday night that unhered in the great conflagration, the fire-bells tap their dolorous alarms for the ears of an excited population. The streets choke with the aroused throngs in a few minutes. The impression seems to have stamped itself on all minds that this fire-devil. has come among us to stay through the season.

BREAKFAST—EPPS'S COCOA — GRAYEFUL and COMPORTING.—By a thorough knowledge of the natural laws which govern the operations of digestionand nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctors bills.—Civit Service Gazette. Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homocopathic Company of the Cocopa water of the Cocopa

If a man wants a Bottle of Whiskey, let him buy it and take it home like a man, and not sneak home with a bottle of "Bitters," or "Cordial," and pretend that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is medicine. If he wants a tonic that it is something between the like of Peruvian Syrup (an Iron Tonic), that will visit the hold of a bottle of Peruvian Syrup and had had been compared to the exquisite delicacy revealed in the organism of certain animals. But in us, the intellect, the real sceptre of the universe predominates over the apparent imperfection of matter. Through it man alone approaches the chosen creatures who shine near the throne of the Eternal, and form a bond of union between heaven and earth. A grand and philosophic truth. Were man to conform more to the laws of health and of nature, and be less addicted to the gratification of his passions, it would not be necessary to advertise Fellows' Compound Syrup of Hypophosphites as a restorative for the powers of the brain and nervous system, while the world's progress in enlightenment would indeed be marvellous.
