ROOSEVELT ESCHewed HIGHBALLS AND COCKTAILS

Former President Says He Has Only Been Moderate Drinker and Brings an Army of All Classes of Men to Prove the Truth of His Assertion

EDITOR IS SUED FOR ACCUSING OF DRINKING

Former President Kept Gentleman's Cellar at Oyster Bay, But Dislikes Whiskey, Beer and Brandy; Mint Juleps and White Wine a Favorite.

ARQUETTE, Mich., May 29.—The witness for Colonel Roosevelt, a relative, a former member of the Rough Riders regiment, and a former locomotive fireman, a news reporter, and a former justice of the peace, all testified today in the trial against Geo. A. Newitz, the editor of the newspaper, who is accused of having published a sensational article in the paper, in which he accused the Colonel of being a drunkard.

Gen. A. B. Mitchell, who was the only witness called by the plaintiff, testified that the Colonel was only a moderate drinker, and that he had never seen him drunk.

Gen. A. B. Mitchell, who was the only witness called by the plaintiff, testified that the Colonel was only a moderate drinker, and that he had never seen him drunk.

ALLIES AGREE TO TERMS PEACE TO BE SIGNED IN LONDON AT NOON TODAY

London, May 29.—The treaty of peace between the Balkan allies and Turkey, which will be known as the Peace of London, will be signed at noon tomorrow at St. James' Palace unless some unexpected hitch occurs. Serbia has followed Greece in reluctant orders to her delegates to sign. Turkey and Bulgaria indicated their willingness some time ago and it is asserted that Montenegro will impose no obstacles.

Greece held out for the addition of a protocol until the last moment when she was assured by Turkey that all conventions prevailing before the war would resume their effectiveness until an opportunity was given to discuss the points at issue.

Greece Wanted Reservations. The protocol which Greece wanted appended to the treaty embodied reservations by the allies on points yet to be discussed with the powers, such as the financial post bellum settlement, the fate of the Aegean Islands and the frontiers of Albania.

Bulgaria and Turkey refused absolutely to have anything to do with a protocol, the former regarding it as too likely to open up fresh and undesirable discussions, the latter looking upon it as displaying a lack of deference to the powers.

Allies' Strife Expected. While the peace of London may end the war with Turkey, it may be the signal for strife among the allies. The speech of the Serbian premier in the parliament at Belgrade on Wednesday, when he explained that Serbia desired a modification of the treaty with Bulgaria regarding the division of the territory, instead of allowing the Bulgarians to have their way, has increased it to such an extent that it is not unlikely that this meeting with Premier Guecheff of Bulgaria on the frontier will take place.

Bulgar-Serbian War Feared. All the efforts of Russia to bring about peace between Bulgaria and Serbia apparently have failed, and the worst is feared. Meanwhile the quarrels of the allies are throwing enormous bodies of troops into Macedonia for the purpose of occupying disputed territory.

The relations between Bulgaria and Greece and still greatly strained. The Bulgarians thus far have refused to create a neutral zone at Salonica, where the Greek premier, M. Venizelos, is waiting to meet the Bulgarian general, Ivanoff. This conference is expected to check the Balkan military, who apparently are acting in defiance of the home government.

STEFFANSON LEAVES CAPITAL FOR FOUR YEARS' EXPEDITION

Canadian-Born Explorer Will Be in Far North Till 1916 With Large Band of Comrades and Will Leave Esquimaux in Early Part of June

System of Wireless Communication from Dawson City to Mouth of Mackenzie River is Proposed Which Will Keep North in Touch With World

Ottawa, May 29.—Vilhjalmur Stefansson, who will head one of the largest expeditions into the Arctic regions to try to discover new territory measuring nearly 1,000,000 square miles, tonight on route to join his ship, the "Thetis," at Esquimaux, B.C. He will sail for the frigid zone between June 5 and 10. He said good-bye to his friends in the city and will not see them again for three years and a half, as he intends to be away on his voyage of discovery until November, 1916.

Steffansson will spend tomorrow in Toronto consulting with a few scientific friends there. In the evening he leaves for Winnipeg, where he will address the Canadian and the appointment of a platform committee constitutes the bulk of the things done here.

There is a strong undercurrent of radicalism evident, especially among the young delegates, and it is altogether possible that when the platform committee reports at a late hour tonight that there will be incorporated therein an entirely new appeal to the voters of British Columbia.

AUSTRIAN CHAMBER OF COMMERCE TO HAVE AGENT IN CITY

Establishment of Agency Temporary With the Visit of German Manufacturers to Calgary in July; Viennese Business Men Would Know

CHANNEL OF INFORMATION NOW THROUGH MONTREAL

Means Eventually Establishment of an Austrian Consulate in Calgary; Appointment May Be Made Within the Next Twelve Months

TEMPORARY with the visit of the German manufacturers to Calgary, the Austrian Chamber of Commerce will establish an official agency here, and in future all commercial information from Western Canada will be sent to Vienna and other European centers from Calgary, instead of from Montreal, as at present.

This will mean eventually the establishment of an Austrian consulate in Calgary and it is expected that this appointment will be made within a year. Although the arrangement has not yet been officially confirmed, the matter is practically settled, and notice has been received by high-ranking officials of Western Canada.

The Austrian representative slated for Calgary is the son of a very prominent Viennese manufacturer who controls large interests both in Europe and America.

This is the first foreign Chamber of Commerce to establish representation in a Western Canadian city, and an advertisement in Calgary following the will be invaluable. All commercial news of Canada west of the Great West will be sent to Europe under a Calgary date line, all letters of inquiry will bear Calgary addresses, and special attention will be given to Calgary's development and enterprises.

Within the last few years, interest in Canada has developed in Germany and Austria, and the immigration of these countries has increased by leaps and bounds. One hundred and sixty-two of the best manufacturers of Austria, headed by Dr. Joseph von Eberth, president of the German-British Chamber of Commerce, are on a tour of the C. P. R. this summer, and will spend one day in this city.

It is expected that the official announcement of the opening of the local branch of the Austrian Chamber of Commerce will be followed shortly by the arrival of the Austrian representative and his staff.

CEMENT FAMINE IN MOOSE JAW

MOOSE JAW, May 29.—The city has run completely out of cement, practically no orders being filled by the supply companies today, who claim that the big houses are too slow in shipment for causes unknown to them. The result is that the district tributary to Moose Jaw is also affected, 15 men being laid off on the way down, and appeared to be relieved that the long chase was over. He is a cook by occupation, and has been working with the C. P. R. construction gangs.

STOCKMEN AND HOMESTEADERS OF MAGRATH IN WAR; HORSES DRIVEN ACROSS THE BORDER

(Special to Morning Albertan) LETHBRIDGE, May 29.—The two factions have been in constant warfare since the homesteaders took up the rich lands to the south of this city. Prior to that time the herds of the big stock interests, particularly the McIntyre and Page companies, roamed over thousands of acres of land. The dividing of this land into homesteaders' farms cut off the grazing privileges of the stockmen, and war was the result.

What Will The Government Do Now?

THE question now is, what will the government do about the Naval Bill? The senate has rejected it, insisting that the government must get a mandate from the people before the bill becomes law. The defeat of a bill by the senate does not make the resignation of the government necessary. The senate has already defeated two or three government bills sent up to the senate. The senate represents no class of people or any province or section of the people. Its function is to check hasty or ill-considered legislation. The senators concluded that this bill, involving such a wide departure in principle and such an amount of money, should not be passed until the people clearly sanctioned such a policy, and the people should sanction the bill, the senate of course could not reject it again.

Four courses are now open for the government. 1. To accept the advice of the senate and go to the country. That seems the most improbable. A government which would violate all the rules of the house, in order to batter through this legislation backed by its solid majority, just in order to avoid submitting the question to the people, is not likely to go to the country because the senate says so. The government is not quite ready for an election. The government cannot go to the country without a redistribution of seats, and does not care to make a redistribution of seats until the senate has become Conservative, which will be in about two years.

2. Submit the question to the people in the form of a referendum. That was the suggestion of Mr. Monk, and is favored by the Quebec people. There are certain objections to such a plan. There is the Borden policy, the Laurier policy, and the policy of no naval contribution of any kind, and many variations of each, which would find some support. It is doubtful if any one of these three would get a clear majority of the Canadian people.

3. The third course is for the commons to work some change in the senate. That would be very difficult, and could not be done very effectively without the assistance of the Imperial parliament. There are certain objections to such a plan. There is the Borden policy, the Laurier policy, and the policy of no naval contribution of any kind, and many variations of each, which would find some support. It is doubtful if any one of these three would get a clear majority of the Canadian people.

4. The fourth and most probable course is for the government to drop the bill, for the present at least, and take it up if desirable at some future time. The government has submitted a Tariff Commission bill and a Highways bill to the senate. Both were rejected. The commons dropped the former, but presented the Highways bill a second time.

This last course is the most probable. At one time, early in the session, it was thought that the government intended to work the bill through the commons and have it beaten in the senate, and then go to the country, making the most of the unpopularity of the senate. But after the extraordinary efforts of the government with the commons, and that the action of the senate is no more or less unpopular than the Liberal policy in the commons. In the question, the question at issue would not be the action of the senate, but the policies of the party.

The policy of the government should develop in a few days.

MOOSE JAW NURSES NO CONTEST WANTED BY CONSERVATIVES IN BOW VALLEY

MOOSE JAW, May 29.—Ten nurses, who walked out of the city hospital the day after their protest against the dismissal of a probationer, were dismissed today. The dismissal of the first probationer was not the end of the matter, as in addition the night matron whose resignation was due in a few days, also got her discharge for alleged influencing of the girls, although she herself did not walk out. She was also taxed with giving out information to the press regarding the strike. The mayor endeavored to effect a conciliation by the superintendent and the majority of the board would not be placated.

The trades and labor council of the Moose Jaw, and other organizations are interested themselves in the affair. The Trades and Labor Council threaten to call a mass meeting of the rate-payers to probe the management of the hospital.

LABOR TROUBLE IN MOOSE JAW

MOOSE JAW, May 29.—The annual adjustment in the wage scale has brought about the usual strikes in the city. The bricklayers' union in the city have been locked out, while bricklayers have gone on strike. The master plumbers and builders are standing firm, as also are the men.

HILTON AGAIN IN FINAL

ST. ANDREW'S, May 29.—In the semi-final round of the amateur golf championship, Hilton beat Aylmer. West Surby, by one up, and tomorrow will play Harris of Acton, for the championship, over 36 holes.

MAJORITY IN SENATE ASKS REFERENDUM ON NAVY BILL

The Ross Amendment Carried on Practically Straight Party Vote and the Bill is Defeated in the Senate

ONE CONSERVATIVE VOTED WITH LIBERALS

One Liberal Voted With the Government on Question of Whether People Should Be Consulted Before Measure Becomes Law

OTTAWA, May 29.—By a vote of 51 to 27, the Canadian senate at 12:30 tonight declared that the naval bill should be referred to the Canadian people. There was one defection from the Liberal ranks and one from the Conservatives. Senator Ellis, of St. John, N.B., voted against the Ross amendment for reference to the people while Senator Montplaisir, of Quebec, voted with the Liberals. The vote came following speeches by Senator Dandurand, one of the leading Liberals; Sir McKenzie Bowell, who, despite his 91 years, spoke for more than an hour and a half in defence of the bill, and a brief speech by Hon. John Costigan. A large crowd was in the galleries to witness the final proceeding. A great many members of the house of commons were among the number. There was no demonstration of any kind and the vote was taken in absolute silence.

SASKATCHEWAN MAN TO BE HANGED FOR KILLING CHILD

Jesse Hammond Guilty of Murder; Wife and Sister-in-Law Testified Against Him

Saskatoon, May 29.—Jesse Hammond, of Wynward, Sask., charged with the murder of his new born child on August 22, 1911, was found guilty of murder here today and sentenced to be hanged on August 14. Both the prisoner's wife and sister-in-law testified against him, stating that he had taken the child out and that they had never seen it after.

FORT WILLIAM PRINTERS STRIKE FOR SHORT TIME

Fort William, Ont., May 29.—At a late hour this morning the employers and the printers who had gone out on strike at 6 o'clock held a conference and a settlement was effected. The more than 100 employees returned to work at once. It is understood that the strike in Port Arthur will continue.

BOSSANO, MAY 29.—Opinion here is that there will not be a contest in the Bow Valley constituency. Local Conservatives are not enamored of the idea of another election so soon after the last and they are perfectly well contented to be represented by Hon. C. R. Mitchell. However, the leaders of the party are being directed from Calgary and there appear to be some people at Calgary who are anxious to have a contest and want to see a candidate put up to oppose the minister of public works. That is not the local opinion in the Bow Valley. The Conservatives of the district would be ready to vote the right way if a battle comes they are not over anxious to enter an election campaign at this time.

EDWARD MICHENER, LEADER OF THE OPPOSITION IN ALBERTA, PASSED THROUGH CALGARY YESTERDAY AND AFTER SPENDING THE DAY HERE WENT SOUTH ON THE 6 O'CLOCK TRAIN TO CALIFORNIA, WHERE HE WILL SPEND A SHORT HOLIDAY.

POLICE WOULD WEAVE WEB ABOUT SEYMOUR

A Crude Mask, a Torn Piece of Cloth, and an Old Revolver Are the Clues by Which Officials Expect to Fasten Crime on Prisoner

Vancouver, May 29.—A crude mask, a torn piece of cloth, and an old revolver are held by the police in connection with the arrest yesterday of Joseph (Blackie) Seymour. Seymour was arrested by the police with three other men, following the death of Constable Archibald on a vacant Powell street lot.

The mask was found in the brush not twenty feet away from the spot where Constable James Archibald drew his last breath yesterday morning, when he was slain on the Powell street lot by three as yet unknown.
