230-232 DUNDAS STREET.

A DRAMATIC PREACHER.

Filled His Pulpit Costumed as Richard the Third.

OAKLAND, Cal., Jan. 22.—Rev. Edward Davis looks like an actor. Sunday evening he illustrated a sermon on "Richard the Third" by assuming the character of Richard III., and quoting in a dramatic manner the famous soliloquy in the first scene and also other parts of the play. The preacher's acting was realistic. There was a big audience, many attracted by curiosity. The clergyman is very young, and the acting on the stage, in the Richard III. the preacher fell on the platform, a la Keene and Ward.

RADICAL CHANGES.

Have Taken Place in Medical Practice During the Past Few Years.

HAMILTON, Jan. 22.—A radical change has taken place in the past few years in medical practice. Large numbers of doctors are no longer the rule, but, where possible, medicines are taken in the form of pills, which are more easily taken by the patient. This fact more than anything else, caused the use of the pill form for that sterling remedy, Dodd's Kidney Pills. These pills are sugar-coated, easily carried about and easily taken. They require no alcohol to preserve them. As a liquid remedy would, and for this reason are preferable to liquid remedies. Another important feature of these pills is that they have never yet failed to cure any form of kidney disease.

OIL SPRINGS.

Agent for the "Advertiser" Thos. Smith. Jan. 22.—After a lingering illness from cancer, lasting over three years, and for which she underwent two operations, Mrs. George Mow, a lady well-known in this village, died at her home about three miles from here on Friday night. The funeral took place on Monday afternoon, and was largely attended by sorrowing relatives and friends of the deceased. A memorial service conducted by the Rev. Mr. Daly was held in the Presbyterian Church here, from which the remains were interred in the Oil Springs Cemetery. Deceased leaves a husband and two children to mourn her departure.

At the annual congregational meeting of the Presbyterian Church the question of erecting a new church was brought up, and after a lengthy discussion it was decided to appoint a committee to solicit subscriptions before taking definite steps in the matter. Since that time those delegated for the purpose have been actively working, and already about half the amount has been subscribed, and from present indications a new Presbyterian church in Oil Springs will soon be a reality.

Several cases of scarlet fever seem to have broken out among the children in the village. A 6-year-old daughter of Mr. Galloway is now lying dangerously ill with it, and this afternoon a little girl belonging to Mr. Alex. McFadyen succumbed to the disease. The Caldwell Brothers, evangelists, of London, have been holding successful revival services in the Methodist Church for the last two weeks. A gratifying number of converts are the fruits of their labor, and the gentlemen personally have won the high esteem of the people.

Bring along \$10 and we will give you the prettiest bedroom set in London with beveled-edge mirror. This offer is for one week only. KEENE BROS., 127 King street, opposite Market House.

WESTERN ONTARIO.

The Malahide Smallpox Scare—Guelph Students Being Vaccinated—Sudden Death at Charing Cross—Western News.

Ald. Hewson and Ald. McEwen, of Windsor, have resigned. They refuse to serve on minor committees.

James H. Price, grocer for many years in St. Thomas, has found it necessary to make an assignment to James Egan for the benefit of his creditors.

At a meeting of the Chatham bar, M. Wilson, Q.C., was appointed a delegate to the meeting to be held in Toronto on Saturday next in reference to law reform.

Ann Milroy, relict of the late James Kerr, died the other evening at the residence of her daughter, Mrs. James Campbell, Wallaceburg, in the 93rd year of her age.

The annual meeting of the Railroad Hospital Association was held in St. Thomas on Monday. Receipts were \$5,155.92 during the year, and there is a balance on hand of \$745.17.

Samuel Shantz, who lived about four miles from Berlin and died on Friday, aged 84 years, was the father of 22 children—eleven of them yet living, seven boys and four girls. He was born and raised in Waterloo township.

Thos. H. Jamieson, a G. T. R. yardman at Stratford, was seriously injured on Sunday. He, with another young man, was engaged in coupling cars, and Jamieson got between the car and the platform. He was crushed and internally injured.

The annual meeting of the Perth Law Association elected officers as follows: John Langdon, Q.C., president; J. P. Mabey, vice-president; J. A. Davidson, secretary-treasurer; trustees, E. Sydney Smith, Q.C., E. W. Harding, H. B. Morphy, G. G. McPherson and F. H. Thomson.

The remains of Thomas O'Brien, late of Euphemia, who was killed by the falling of a tree he was chopping, were brought to Thamesville on Saturday afternoon. The body was first taken to the Catholic Church, where requiem mass was celebrated by Father Cummings.

Misses Maud and Minnie Tye, daughters of Dr. Tye, Chatham, narrowly escaped death from asphyxiation by the escape of coal gas at their home on Sunday. They owe their escape largely to the prompt action of Rev. R. McCosh, who was passing the house and was called in.

On Monday morning there passed away very suddenly Fidine Morrish, the daughter of Mr. and Mrs. John Morrish, Emma street, Chatham. The young lady was well on Saturday, and out shopping. As there is no external evidence of the cause of death, a post-mortem will be held.

Thos. Dayus, store-keeper at Charing Cross, died suddenly at his home on Sunday night from convulsions. He had been attending church, and after returning home was playing with his children and holding the baby in his arms, when he was seized with convulsions, and had four in rapid succession.

The following have been appointed license commissioners in western Ontario: West Kent, William Alexander Mills, John Brown Rankin, James Smith Waugh; Center Simcoe, Neil Harkin, John Lumis, Alexander Brown; North York, John Benson, John Whitford, Vandusen, John Irwin; South Oxford, Andrew Sutherland, James Ryan, Alex. McFarlane; North Essex, Joseph De Gurse, Oliver Malsonville, Willie S. Cumfords.

In Guelph five doctors have been told off to visit the various houses in which the Agricultural College students have been boarding, and vaccinate the inmates. The work is being proceeded with. Capt. Clark is notifying the residents of the various houses where students boarded to at once disinfect the premises. The condition of the patients is a little changed. His temperature is high, and he is delirious at times.

The funeral of the late Dr. William McPherson took place on Monday afternoon at his family residence, Fingal, and was very largely attended. The doctor was only 28 years of age. He was a skilful physician, and had gained a large practice in the west, who died of a very terrible disease, consumption.

Early in November he went to Denver, Col., hoping the climate would prove beneficial to him, but his illness was not realized, and he died there on Jan. 12.

A great deal of excitement was caused in Burford village on Thursday night by the report that a maiden lady at the time of her death was a teacher in the village, had disappeared. Her footprints were followed up and led to a creek. An effort had been made by the unfortunate woman to cross the creek, but the ice being too thin, she had fallen through and waded through the icy water to the other side. The searchers crossed the river, and found the frozen and lifeless body of the poor woman. Her clothing was, of course, frozen stiff, and she was literally covered with icicles. She is recovering.

Henry Pressy, the smallpox patient of Malahide township, is progressing favorably so far. The Board of Health placed Dr. White, of Aylmer, in attendance. The house is placed in quarantine, one mile away, is closed and the children vaccinated, while compulsory vaccination is ordered by the township Board of Health.

Dr. White, of Aylmer, and unmarried son, Albert, and Mrs. Pressy, are quarantined in the same house as the patient, while the wives of the two doctors, who are residing on the farm, are quarantined with their children in William's house. The young man, Wm. Schwartz, who is afflicted with the disease at Guelph, is a resident of Malahide, and is supposed to have contracted the disease from Pressy.

MIDDLESEX.

Neil McKinnon has been committed to the county jail from Parkhill on a charge of vagrancy.

A meeting of the ratepayers of school section No. 4, Delaware, was held on the evening of Jan. 15 for the purpose of passing a bylaw to raise money for their new school house. Mr. Thomas Adams occupied the chair. Mr. Samuel Adams, of Westminster, explained many ways by which the school house would be benefited by having a basement and a furnace. This the ratepayers unanimously decided to have.

RINGING NOISES.

In the ears, sometimes a roaring, buzzing sound, are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood.

Hood's Pills are the best after dinner pills, assist digestion, prevent constipation.

Probably the most extraordinary journal in the world is published weekly at Athens. It is written entirely in verse, even to the advertisements.

A ton of coal is said to yield about 8,000 feet of purified gas.

FARMERS IN FORCE

Gather at the Institute Meeting in Ilderton.

Regardless of Rough Weather—Good Practical Suggestions Propounded and Valuable Information Imparted.

(Special Correspondence of the ADVERTISER.) ILDERTON, Jan. 22.—Although yesterday opened very unfavorably, a large number of the most intelligent and progressive farmers in the neighborhood were present. Mr. T. Baty occupied the chair, and in his opening address complimented East Middlesex on having secured practical men as speakers, but advised the hearers to practice such information only that they could approve of.

GOOD ROADS.

Mr. J. G. Munro next spoke on "Good Roads." He considered it a live question. He was not going to give any particular method of making roads, but wished to state some facts that might lead out their thoughts on the matter. He advised the necessity of a uniform method of construction, and thought the constructing and maintaining of roads ought to be given to an independent man, who had no interest in the votes of the municipality. He considered underdraining the first step in making a good roadbed, for he is confident four inches of gravel on a dry roadbed will be more than two feet of gravel on a wet one, and considered two drains—one on each side of the road, within a few feet of the road ditch—the most convenient method to make the highway dry. He strongly advised that the council engage men by the year to keep the roads in proper repair. He also advised the screening of gravel or the purchase of stone crushers.

Question—What will it cost to crush stone? Answer—\$1 per cord.

ENSILAGE.

Charles Simmons, of Ivan, spoke for a few minutes on ensilage. He stated that after an experience of four years he was thoroughly satisfied with his silo. He considered corn was the most profitable crop for the Ontario farmer to grow. Corn should be planted in rows 30 inches apart, but considers that growing in hills will give a better chance to keep the ground clean. He has about 5,000 bushels of roots each year. The speaker considered it best to feed to each animal no more than about 20 pounds each of roots and ensilage, with other coarse foods.

THE VALUE OF CLOVER.

Mr. Rennie gave some important information on "The bearing that clover seed occupies to agriculture." He considered clover the key to successful agriculture. It is a nitrogenous plant, and has in it the proper ratio, namely, 1 to 5. He advised farmers to feed it more instead of grain, as it is less liable to heat the blood, is a flesh and strength producer, and is used most largely in feeding the best stock of the old land. This year, by feeding less grain and more clover, all the Joseph farms in the county would be worth \$2,000. Such a change is coming over Europe that instead of shipping clover manures the demand is now for clover seed. The speaker said that in the last year he shipped 60,000 pounds of clover seed to Europe. On his farm of hard clay, the speaker had never lost a catch of clover in fifteen years, and he attributed this to sowing the seed ahead of the tubes of the drills, thus keeping the seed from falling in the grain drill and being choked out. If some parts of the field are wet, sow a little alfalfa and timothy in such places. Never feed musty food of any kind, as it is apt to produce abortion.

SPRAYING FRUIT TREES.

"The advantages of spraying fruit trees" was the subject of the evening. Mr. J. G. Munro, of Windsor, spoke on. Plum trees, he said, need to be sprayed for the curculio only, and as the foliage of the tree is tender, two and one-half gallons of water, for pear trees spray the same as the apple tree. Mr. McNeil explained the best methods of cultivation, pruning, and spraying. He has been much appreciated, and he has been asked to address a series of meetings in Middlesex under the auspices of the Strathroy Horticultural society and the local farmers' institutes.

THE COMING HOG.

Mr. T. B. Scott, Vaneck, led a discussion on "The coming hog," stating that when the demand for a lean hog came forward, Mr. McNeil spoke on "Book-keeping on the farm." Mr. Lewis, of Ilderton, a student from the Ontario Agricultural College, gave an account of the new market. Mr. Scott, and advised people to stick to the Berkshire and not give way to all the "fandangled ideas" of present times. At the evening meeting the hall was crowded. Mr. McNeil spoke on "Book-keeping on the farm."

Mr. Lewis, of Ilderton, a student from the Ontario Agricultural College, gave an account of the new market. Mr. Scott, and advised people to stick to the Berkshire and not give way to all the "fandangled ideas" of present times. At the evening meeting the hall was crowded. Mr. McNeil spoke on "Book-keeping on the farm."

GLENCOE.

Agent for "Advertiser" John McNeil. Mr. C. G. Cornille has returned to Toronto to renew his studies at Victoria University.

Mr. Fred Brown, of Brownsville, is visiting friends in town.

Mrs. H. Bedford, of Caseville, Mich., who has been visiting friends here for some time, has returned home.

Miss Kate McKenzie, who has been visiting friends in London for some weeks past, returned home a few days ago.

Miss Rose Cawthorp, who has been visiting her sister, Mrs. W. Columbus, for the past week, returned to her home in Strathroy on Monday.

Mr. C. W. Brown is assisting Rev. J. Morrison, of Strathroy, in a series of revival meetings this week.

Mrs. John Thompson is visiting her sister, Mrs. Ferguson, Strathroy.

Owing to the excellent sleighing business has been very brisk here for the last week or more. The farmers, taking advantage of the roads, are hustling in the logs in large numbers.

A large number of Appin Templars visited the Glencoe lodge on Monday evening, and although the weather was very unpleasant, there was a large turnout of Glencoe members, and a good time is reported by those who were there.

The "conundrum social" given under the auspices of the Epworth League of Christian Endeavor at the residence of Mrs. E. Adams on Monday evening was owing to the inclemency of the weather not the success of the otherwise would have been. However, those who braved the

Alfred Taylor, Manager.

The Man

Who went out into the garden and planted a dollar bill in the ground, and then went back into the house and waited for it to grow, was half-brother to the man who rented a store, stocked it with goods, and did not advertise, but expected people to fall over each other in their eagerness to buy his goods because he had a large show window, and had bought a cheap stock.

The way to make dollars grow is to plant space in "The Advertiser." Weed out all untruths, apply a fertilizer, etc., occasionally in the shape of reduction on some one line, and you reap a rich harvest.

weather were amply repaid for any pain they may have had to undergo by the excellent program provided and the many games indulged in, and the "conundrum" tea itself; and all departed secure in the belief that it was a pleasant evening. Proceeds, \$3.

Considerable talk is going on concerning a reduction in the staff of teachers of both the high and public schools. Probably it would be well for the agitators, some of them, at least, to look into the matter more closely and make themselves fully aware as to the pros and cons of the case before making such an outcry.

INGERSOLL.

("Advertiser" Agent, W. H. Manning.)

Jan. 22.—A very successful meeting of the Local Union of Christian Endeavor was held in St. Paul's church last evening. The spacious edifice was well filled, and the proceedings were of the most interesting character. The address of the evening was delivered by Rev. Canon Richardson, M.A., of London, who gave an excellent talk on Christian Endeavor work. The consecration service was led by Rev. J. F. Barker, Mr. J. K. Little, of the Merchants' Bank, and an efficient chairman. The proceedings were interspersed with music by St. Paul's choir. The meeting was closed by Rev. E. R. Hutt pronouncing the benediction.

The new council met for organization yesterday morning, the following members being present and subscribing to the oath of qualification and office: Mr. W. W. Watterworth; first deputy, N. H. Bartley; second deputy, N. H. Bartley; councilors—Ward, Geo. Christopher, L. Riddick and Jas. Cain; ward 2, W. P. Poul, J. D. Horsman and R. Butler; ward 3, W. H. Jones, S. King and T. H. Noxon. Mayor Williams was prevented from being present through illness. After appointing a committee to strike the standing committees for the year the council adjourned until 7:30 p.m.

At 8 o'clock the council resumed. Mr. W. W. Watterworth presiding. The following were appointed to strike the standing committees for the year recommended as follows: Finance, Messrs. Jones, Watterworth, Butler, Horsman, and R. Butler; board of works, Messrs. Bartley, Berry, Christopher, King and Noxon; fire, water and light, Messrs. Noxon, Watterworth, Christopher, and Jones; market, Messrs. Bartley, Berry, Cain and Toul; police, Messrs. Christopher, Riddick, Horsman, Toul and King; indigent, Messrs. Berry, Butler and Riddick; park, Messrs. Toul, Cain and Horsman. The report was adopted without amendment.

The following officers were appointed: Poundkeepers—Ward 1, A. J. McCarty; ward 2, E. Pardo; ward 3, George Tule and George Sutherland; ward 2, E. Day and John Sandick; ward 3, R. Layton and J. O'Connor. High school trustee—J. B. Jackson. Auditors—D. G. Cuthbertson and Wm. Ewart; salary, \$35. Assessor—H. Rowland; salary, \$250. Member of free library—H. P. McDiarmid. Collector—R. H. Young; salary, three-fourths of one per cent. on moneys collected. Board of Health—Messrs. James Sinclair, Wm. Dundas, W. B. Nelles, Smith, J. H. Berry, G. W. Walley, J. S. S. Smith and W. R. Smith. Medical health officer—Dr. Lucas; salary, \$25. Sanitary inspector—Chief Skirving and his assistant.

The following have been appointed: Board of works, N. H. Bartley; fire, water and light, T. H. Noxon; market, R. Butler; police, A. S. King; park, W. T. Butler; indigent, W. J. Berry; ward 1, L. Riddick; ward 2, J. D. Horsman; ward 3, S. King.

Nothing impure or injurious contaminates the popular antidote to pain, throat and lung remedy and general corrector, Dr. Thomas' Electric Oil. It may be used without the slightest apprehension of any other than salutary consequences. Coughs, rheumatism, earaches, bruises, cuts and sores succumb to its action.

Bolates, derived from a tree of Sumatra, is in the market as a rival of guta percha.
