—The "Gondoliers" at the Grand.
Woodstock's clever amateur opera com-
pany presented Gilbert and Sullivan's
popular creation, "The Gondoliers," to a
fair house at the Grand last night. The
company is a strong one, and the rendition
of prominent features of the opera
was encoored from start to finish.

The chorus of 40 voices, under
the direction of R. Thomas Steele, with
Mrs. Chesley as accompanist, was singing,
and the smooth and well-balanced grand
of the different choruses showed careful
training and diligent application. The
costumes were magnificent, surpassing
those of many far more pretentious
theatrical organizations. The stage group-
ing was very pretty, and several scenes
were recalled. The following was the cast:

that this company is part and parcel of the
famous Bostonians (Messrs. Barnard, Karl
and Macdonald). The organization is one
of the best now traveling, and the results
achieved in each city they visit have been
marvelous, both financially and artistically.
It is an organization that is perfectly
equipped both in the roster of singers and
their unexcelled choruses and augmented
orchestra. The list of singers includes
Caroline Hamilton, the prima donna, who
is a bright and vivacious actress and a
charming singer. Newspapers concede her
to be a decided acquisition to the comic
opera ranks in this country to-day. Jennie
Dickerson, of the Carl Rose Company of
London; Ethel Balch, Mary Palmer, Clara
Wisdom, Maud MacIntyre, Helen
Mostyn, late principal comedian with the
Agnes Huntington Opera Company in both
"Paul Jones" and "Theresa"; John
Peachey, of the Lyric Theatre, London, a
noted high baritone; Edwin Isham, of Lon-
don Chamber concert fame; J. W.
Nichols, for many years with the Boston-
ians; Frank Pearson, late of the National
Opera Company, a famous basso, and others
of equal repute. This representative or-
ganization has ripened into maturity since
last seen here. Lovers of opera will hear
and see an ideal entertainment. The
success of "Robin Hood" is unparalleled in
comic opera.

The Water Commissioners.

Commissioners Jones (chairman), Cowan
Engineer Moore and Secretary Ellwood
constituted the meeting of the water com-
missioners last night. An application was
received from Mr. James Burnett for a
water supply for his stable in rear of 93
King street. Granted. Ald. Dreaney
asked recompense for water that had leaked
from his hydrant after it had passed
through the meter. Allowed. Chas. W.
Davis complained that his elevator meter
must be out of order, judging from his last
quarter's bill of \$304.07. Laid over. J.
H. Tunk asked for a tree water service in
their new premises on York street. Laid
over. Reid Bros. asked for proper service
for their new property on Clarence street.
Granted. James Donnelly, Cromwell
street, asked for water service. Referred
to the engineer with power. The
commissioners ratified the council's
motion allowing the Globe Casket
Company 5,000 feet of water a day. City
Solicitor Meredith's opinion was read with
regard to the title of the Frank property
that the commissioners propose buying.
There is some doubt about the validity of
the title, but the solicitor appeared to
think the commissioners safe in buying the
property. The engineer recommended that
mains be laid on Trafalgar, Oak and Pine
streets at a cost of \$1,700. Carried.
Pumping Engineer Findlay's semi-monthly
report was received and filed.
The engineer was instructed to erect a
fence on the Thompson property. The
fence was washed away with the recent
flood. One will also be erected between
Mrs. Cooper and Mrs. Frank's property.
Accounts were passed and the meeting ad-
journed.

DOING WELL OUT WEST.

A London Boy Who is Prospering in
Utah—Thousands of Canadians
There.

"It's a great and growing country,"
said Mr. George Hodgins, of Eureka,
Utah, to an ADVERTISER reporter this
morning in the course of a conversation.

Mr. Hodgins referred to the Western
States, and Utah in particular. Four years
ago he left this city to seek his fortune.
"I had enough to pay my railroad fare to
Arizona," he said, and I struck a situa-
tion. Afterwards I migrated to Utah, and
am now in the tailoring business in part-
nership with another London boy, Elmer
Young, son of Mr. Joseph Young here.
We have stores in both Eureka and Salt
Lake City, and are decidedly prospering."

"Many Canadians are doing well out
west," he said, "and they all seem
to be doing well, too. Canadians who go
over there appear to succeed remarkably.
They are hard-working, moral, industrious
people, and are among the most respected
and influential residents. There are a large
number of London boys in my part; they
always speak proudly of home. In Butte
City I came across McGregor, who was a
partner of Dr. O'Neil's here. He is doing
splendidly. So is Dr. McCrimmon, who
went lately from London."

"Is the Mormon question a troublesome
one in Utah?"

"Not at all. They are a quiet, slow-
going people, and are losing ground before
the advance of the Gentiles. Their dis-
franchisement by the State is proving more
effective than war, pestilence and famine.
Many of them are moving from Utah,
and the rising generation discard the
Mormon doctrines. The Mormons are
very superstitious and are remark-
ably obedient to their church elders.
They give one-tenth of their earnings to
the clergy. The new temple is a magnifi-
cent pile, and another is going to be built.
However, they are not bad citizens, and
Salt Lake itself is a very beautiful city."

"Mr. Hodgins says there is a promising
field for enterprising young Canadians in
the west. The country is growing, but its
undeveloped resources are great. He sees
much improvement in London since he left."
"It is the prettiest of cities," he says, "for
its size, I have never seen it equalled." He
is home on a short visit before returning.

Earthquake in Dakota.

GLADSTONE, S. D., May 9.—A slight shock
of earthquake, accompanied by a loud ex-
plosion, was felt here at 5 o'clock this
morning. The vibrations were from north-
east to southwest, and lasted several sec-
onds.

A Pleasant Reflection

—the fact that easy washing
has been made safe. Until
Pearline came, it was danger-
ous. *Pearline* takes away the
danger as it takes away the
work. There is no scouring
and scrubbing, to wear things
out; there is no trouble in
keeping things clean. *Pearline*
is better than soap. With
soap, you need hard work; for
easy work, you need *Pearline*.

Beware

Pearline is never peddled, and if your grocer sends
you something in place of *Pearline*, do the honest
thing—send it back. 230 JAMES PYLE, N.Y.
