"Hanns of Fish and Game."

This is the title of an artistic little book just issued by the Grand Trunk Publicity Department, in which the sportsman, the angler, the tourist and those who are seeking for health and alert for pleasure may find information that will guide them in the choice of a rendezvous for the gratification of their tastes or the exercise of their skill. It tells of the charms of the Diamond Lake, the Ontario Highlands, the Thousand Islands and St. Lawrence River, the Rideau River and Lakes and Lake St. John. An interesting account is given of the successful experiment made by the Grand Trunk and the Ontario Government to replenish the waters of the northern lakes by transplanting parent bass. In all some 1,000 small young bass were transplanted from Lake Erie and distributed where needed. The cover of this brochure will at once strike the eye of the sportsman, for it shows the deer as it becomes the mark for the hunter's rifle.
