In this respect, it appears, there is a great difference in horses; some will give good serum

for only a few months, and some non at all. I asked M. Guerin how much time elapses between the first inoculation and the first yield of serum. "It varies with the kind of serum, he said. "If I should take a fresh horse today and begin inoculating him with diphtheria poison I ought to get serum from him in about five months. But he would not yield lockjaw serum serum before seventeen months."

"How often," I asked, "are the orses inoculated during these months of preparation?"
"Twice a week, with increasing doses, until they can finally take with- we must continue to inoculte the poiout harm in each dose enough of the son. The Wrong Pocket. The other day two ladies entered a tramcar at a time when seats were a possibility. One was a stout, overdressed lady; the other was evidently her daughter. "Shall I pay the fare, mamma? I have my purse with me," said the young lady, sweetly.
"Oh, no; I'll pay. I have plenty of Thereupon she leaned sideways and commenced the intricate process of searching her draperies for her pocket. After a minute or two of fumbling, during which her face grew an apoplectic she exclaimed, tragically:
"Laura! What shall I do? I've been robbed! My purse is gone—my pocket is entirely empty." "Perhaps, madam," said the gentleman by her side, in whose coat pocket she had

been fumbling all the time, "perhaps if you search your own pocket instead, of mine you will be more likely to find your

SOME PERSONS have periodical attacks of Canadian cholera, dysentery or diarrhea, and have to use great precau-tions to avoid the disease. Change of water, cooking and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed, no further trouble will be experienced. A stiff upper lip is a good thing in A SUCCESSFUL MEDICINE.-Everyone wishes to be successful in any under-taking in which he may engage. It is, therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a biessing to mankind have been successful beyond their expectations. The indorsation of these pills by the public is a guarantee that a pill has been produced which will fulfill everything claimed for it.
