With the new transcontinental and little Jennie Jones, promptly. erection of pulp and paper mills, sawmills and other industries, employing tens of thousands of men, will be one of the characteristic features of the course, mean prosperity to the older sections of the Province, increasing enormously the business of the cities and towns, and furnishing a market for the products of the farm.

WHO PAYS THE DUTY?

Tariff "reformers" in Great Britain certain times the price of wheat in land, although France imposes on wheat a customs duty of 12 shillings and two pence per quarter (eight bushels). The fact is cited in support of the theory that the foreigner would pay the duty if Great Britain taxed imported wheat.

The London News has made inquiries which throw new light on the mattee. In years when France produces all, or nearly all, the wheat she requires, the price of wheat there is tism and darting pains, inflamed or only a little higher than in England. swollen eyelids, irritability, sleepless-Whenever France imports more than ness, or suppressed, painful or fresix bushels out of every 100 she re- quent urination (especially at night), quires, the price of all her wheat rises by nearly the amount of the duty. The by nearly the amount of the duty. The following were the highest market or urinary disorder, or rheumatism, cent treatment—from any drug store prices per quarter in England and begin taking this harmiess preparation -anywhere in the world.

France for eight years ending 1907 (the figures being shillings):

1901 26.9 1902 28,1 28.4 1906 28.3 30.7

It will be found that in these eight years the average excess of French prices over English was 10s 4d a quar- and misery which those afflicted undergo 10d out of the 12s 2d duty. If an all kidney troubles. cent of the total consumption produces to flush of all the acrid and poisonous this effect, what hope is there that the foreigner will pay a farthing for all the urinary passages and carrying Britishers who import constantly 70 away the uric acid, the chief cause of per cent or, counting out the colonies, rheumatism, from the blood.

(58,800,000 bushels) of wheat in the twelve months ending July 31, 1909, household duties. I had doctors attendquarters. In Germany the duty on and plasters, but nothing seemed to do wheat is 12 shillings per quarter, me any good. I was about to give up The official price of wheat in Berlin to try Doan's Kidney Pills, and after for December delivery is now 48 shil- using two boxes I am now well and able lings per quarter, and in London 34 to do my work. I am positive Doan's to 37 shillings. The German consumer Kidney Pills are all that you claim for not only pays the tax of 12 shillings them, and I would advise all kidney per quarter on the seven million quar- sufferers to give them a fair trial'

Unquestionably the British consumer would pay the duty upon wheat, and mas Farmers' Advocate. Ontario, it is the price would rise by the amount of pointed out, stands pre-eminent in the duty. WHY NOT A DEBATE BETWEEN SHAW AND WATSON? [Chicago Record-Herald.]

Bernard Shaw, genius and clown, declares that the United States is two centuries behind the time; that Americans are ignorant of their own country, and anything else, for that matter; that, therefore, it would be a waste of time and

Watson, minor poet, champion ofsomething or other-against "the Asquith family," has come to free and enlightened America, which has "the most liberal it is." press in the world," to carry on a campaign against the aforesaid Asquiths including what William de Morgan would call the Chit of the family, in behalf of

umanity, loyalty, principle Though we are tired alike of Shaw's neap anti-American humor and Watson's asinine performances in connection with nis alleged poem and its tearoom-chitland origin, one idea arising out of the nauseating combination contains promise of amusement and utility. Cannot an enterprising manager persuade Shaw and Watson to debate publicly the benefits of visits to America-including among the benefits the pecuniary rewards of popu-

arity in America? Watson might incidentally open Shaw's eyes to his rank ingratitude and his inflated egotism, while Shaw might perform a surgical operation on the preternaturally dull Watson and make him see the riotous absurdity of his present "mission" very dangerous to go near to, and that in America. The debate should be ar-have horns." "Automobiles!" replied ranged not as a feature of self-respecting literary societies or lecture organizations, but as a stunt for a chain of 5-cent variety theatres.
