NOUREY BEY IS **RUSSIAN PRISONER**

Chief of Staff of Third Turkish Corps—Captured By Cossacks.

Canadian Press.

PETROGRAD, via London, Jan. 12 .-9:55 p.m.-Nourey Bey, chief of the general staff of the third Ottoman Army Corps, who was sent by the Sultan to the Caucasus to investigate the cause of the defeat of the Turks by the Russians at Sari Kamysh, has been cap-tured by Cossacks at Kara Urgan, acording to the Tiflis correspondent of the Bourse Gazette.

TURKISH VERSION OF BATTLE.

LONDON, Jan. 12.-10:08 p.m.-According to an Amsterdam dispatch to Reuter's Telegram Company, Constanti-nople advices dated January 10, by way of Berlin, give the Turkish version of the battle at Sari Kamysh as follows. "Main headquarters repudiate the re-ports of the Russian press concerning the alleged defeat of the Turkish army. A telegram from the Turkish commander of the Caucasian army, dated January 9, states with regard to the military operations of the last two

'On the main front our troops have captured dominating positions beyond the frontier. The operations near Olti and Ardahan have been delayed by Russian assertion that the commander of a Turkish division has been taken prisoner is not true. But a Russian detachment attacked a transport detachment attacked a transport of wounded in a Russian village, capturing the severely wounded commander of a Turkish brigade, and killing others of

A Tiflis dispatch by way of Petrograd reported the arrival of Ishkan Pasha, ommander of the Turkish Ninth Army Corps, four division generals, and other flicers captured by the Russians at Sar Kamysh, in the Caucasus. Ishkan Pasha, according to this dispatch, admitted the

loss of 6.000 of the corps. Previously the official statement issued by the Russian war office announced that the defeat inflicted on the Otto plete, and that the Ninth Turkish Corps was completely annihilated, the Turkish losses in killed and wounded being enormous.

CO-OPERATION WILL SOLVE THE PROBLEM

Question of Production of Importance During War Time.

[Special to The Advertiser.] GUELPH, Jan 12. - In welcomin the members of the Ontario Agricultural and Experimental Union today, Professor C. A. Zavitz made a timely address, pointing out, in this hour of specially needed production, where the loose points can be tightened up, and the producing power of the province be made more effective.

be made more effective.

"As director of this branch of the work, I am pleased to say," he said, that the co-operative experiments in agriculture have met with splendid which are being introduced and solution house to house by agents who represent American seed firms.

"If the farmers of Ontario would confine themselves after which have success in the last year.

This is a work which demands an growing of those varieties which have given the highest results in the experimense amount of labor of detailed ments which have been carefully conand exacting nature, which few people

not engaged in it can realize. We be-

lieve that this work is of immense value

An important Factor.

"It is possibly one of the greatest factors in increased production and in agricultural education which has been introduced in this province. It has, in co-operation with the committee, thouseless of the host transport of the production of high will furnish more uniform products. sands of the best tarmers of Ontario, all of whom are working together for the advancement of agriculture. In 1914 there were no less than 37 dis-

tinct experiments in agriculture, in-cluding spring and fall grains, root crops, forage crops, silage and hay crops, culinary crops, the growing of grains and fodder crops, in different combinations, different quantities of grain per acre, and the application of commercial fertilizers and farmyard London, Jan. 13.-The correspondent manures with winter wheat, barley, of the Daily News at Rome tele- potatoes and mangels.

graphs: "Interesting particulars about work is being conducted through the district representatives and others, in ders is supplied by a trustworthy eye-witness, who a week ago was allowed and of lime with alfalfa, in the selecto leave Belgium. He said: 'Owing to tion of alfalfa and beans on different the heavy losses in the German trenches farms, etc.

guidance of farmers generally.
"The experimental union is not only a source of gain in dollars and cents "When I left Constantinople, less to the farmers, but it is a great educational feature which has had a whole-BIRR, Jan. 12. — Some time ago duced to sore straits for food, all avai-the Women's Institute of Birr under- able supplies having been confiscated ture of the province but upon the experimenters themselves, and on the progress of the whole country.

Grow Only Best.
"After making a careful study of crop production in Ontario for more than twenty years, I am thoroughly convinced of the great importance of growing the best varieties of crops by the farmers of Ontario. With some classes of farm crops certain varieties do gen erally well throughout the province as appears to be the case with the O.A.C. No. 21 barley and the O.A.C. No. 72

"In other cases, however, it is exceedingly important to secure the vari-eties which are particularly suited to the locality and to the soil. specially true with different varieties of corn. The best variety of corn which would give excellent results on one farm might give comparatively poor results on a farm within a very short distance. A much later variety of corn might be grown upon a warm sandy loam then on a cold clay soil.

A Great Weakness.

One of the greatest weaknesses in the

agriculture of Ontario has been the great number of cultivation. This has been particularly true in the case of pobeen particularly true in the case of po-tatoes and of oats. It has been prac-tically impossible for buyers to secure uniform lots of potatoes in large quan-tities for shipping, consequently they have been importing potatoes from New Brunswick and oats from the western provinces where more uniform samples could be obtained in carload lots. Shows improvement.

could be obtained in carload lots.

Shows improvement.

"We believe that an improvement is being made and that within a comparatively short time a smaller number of varieties will be grown in Ontario and much more attention will be given to those kinds which have given the best

PLANS TO FORM SYRIA INTO INDEPENDENT KINGDOM

ROME, Jan. 12.-The Cairo correspondent of the Giornale Italia says that Great Britain is planning to transform Syria into an independent Kingdom with Prince Mohammed Daud, a direct descendant of Mohammed Alf, who conquered Syria in 1831-32 but was compelled by the European powers to relinquish his control of the country in 1841, as sovereign under a British protectorate.

This, the correspondent says, will bring to a realization Great Britain's hope to build a railway from the Syrian coast through Jerusalum, Basra and Delhi to Calcutta.

which are being introduced and sold growing of those varieties which have

ducted in this province, great advantage would undoubtedly be obtained. We are looking forward with much hope to PARIS, Jan. 12.—A news dispatch received here from Dedeagatch, Buldid, and after taking three bottles I a considerable change in this respect in the near future. We believe that

SUFFERED FROM **BILIOUS HEADACHE**

At Times Thought She Would Go Mad.

Headaches are one of the most ag-gravating troubles a person can have. They are many and varying; but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the head-ache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.
Burdock Blood Bitters has, for the

past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton.

N. B., writes: "For about two years I have suffered from billious headache.

At times I thought I would really go
