

PRICE'S BAKING POWDER

Dr. Price's Baking Powder supplies a pure, wholesome leavening agent, which makes the biscuit and cake of highest healthfulness at medium cost, and protects the food from alum, which is the greatest dietary danger of the day.

PRICE BAKING POWDER CO. CHICAGO.

Note—Alum baking powders are sold at ten to twenty-five cents a pound or a cent an ounce, but they are of inferior quality and partially indigestible and unhealthful.

SPLENDID SHOWING HOME MADE GOODS

Several Store Windows Attractively Decorated and Arranged.

ARE ALL "MADE IN VICTORIA"

Visitors and Citizens Have an Object Lesson of Great Interest.

A dozen or more artistically arranged store windows filled with "Made in Victoria" goods, along Government and Yates streets, amply testify that the capital of British Columbia can "make good" its claim to being a manufacturing city of no mean importance. Today the thousands of visitors to the celebration will not fail to make a mental note of so prominent a feature of the stores, and incidentally Victorians will benefit by this object lesson, to bring home more forcibly than ever that by patronizing the products of home industries they are directly helping the up-building of the industrial life of the city. The several window exhibits show samples of a wide range of manufactured goods from heavy furniture and stoves down to dainty confectionery, preserves, cured meats, biscuits, preserves, cured meats, books, aerated waters, to be seen, and this too might be further augmented when other sections of manufacturing activity, not displayed in the windows, are made known, such as show cases, chemicals, carriages, pottery, etc., etc. The following are some of the goods located in Victoria, and together, form the nucleus of a pay-roll city.

Pioneer Coffee Co.'s Exhibit
Commencing with the Windsor Grocery opposite the postoffice, on Government street, a Colonist representative went the rounds of the various stores yesterday afternoon, to bring home to the following "Made in Victoria" window displays. The two centre windows are given up entirely to samples of the extensive line of products. The Pioneer Coffee & Spice Mills, Ltd. The exhibit includes their popular Crown brand of coffee and their brand of powdered milk, mustard, mustard, and extracts, put up in tins, bottles, and cartons, and their Daisy baking powder and borax. A prominent sign tells the passer-by that the products are all Victorian made. As an educational exhibit for the housewife, the Pioneer Coffee & Spice Mills' display is an excellent one, and is the promise of an increased local business.

B. C. Soap Works
At the Hinton Electric Co.'s store half of the window contains a splendid

A Heavy Load to Carry.

Along with dyspepsia comes nervousness, general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and the products are sent to the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are fed on good blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not hard work, nor over-strenuous exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery, a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents, and he went to great expense, both in time and money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents. The enormous popularity of Golden Medical Discovery is a proof of the scientific compounding and to the actual medicinal value of its ingredients. The publication of this little book, on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all categorical objections. It is not a patent medicine nor a secret cure. It is a fact put in a little bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The Golden Medical Discovery cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Golden Medical Discovery is a fact put in a little bottle wrapper The Badge of Honesty, in the full list of its ingredients.

showing of the various products of the B. C. Soap Works. The various samples of this growing industry include: Shampoos, soaps, Pine soap, "Home Rule," "Montreal," and "Climax" brands of bar washing soap. Liquid blue, ammonia, lye, and water-glass for preserving. Mr. Bendry has always displayed considerable energy and ingenuity for pushing the sale of his goods, a feature of which is the Eastern market, where he has secured premiums to all users of White Swan soap. In the window are to be seen many of these premiums that may be had by the user of White Swan soap wrappers. The Hinton Electric Company use the other half of this window to display samples of their electrical apparatus and electrical furnishings.

At Weiler Bros.
Weiler Bros.' big store windows have a very attractive display of their own manufactured furniture for the home. Several samples of expert workmanship are shown, including a roomy Turkish easy arm chair, covered in rich silk, a dining chair, a Hoey bed lounge, covered in mohair plush, two ladies' secretaries in finely polished golden oak, weathered oak dining chairs covered with Spanish leather, a comfortable library easy chair in grain leather, besides samples of Morris chairs, sofas, armchairs, etc. Today there will also be displayed an exhibit of their own make of kitchen furniture and appliances. One nested in golden oak, of which material their cheaper grades of furniture are made from, to make a mental comparison of the quality of the goods. The other is a set of mahogany, to realize what value Weiler Bros. can offer buyers of "Made in Victoria" furniture.

At the Family Grocery
One of the neatest windows is that of the Family Grocery, the family grocer at the corner of Yates and Douglas streets. The windows are entirely given up to the display of Victoria-made goods. The display is arranged in a very artistic manner. One window is devoted to a display of goods manufactured by Messrs. Popkin and Sons, of the Excelsior Bakery, while the other is devoted to Messrs. Thorpe & Co. for an exhibit of their goods. For the Excelsior Bakery, the family grocer at the corner of Yates and Douglas streets, the windows are entirely given up to the display of Victoria-made goods. The display is arranged in a very artistic manner. One window is devoted to a display of goods manufactured by Messrs. Popkin and Sons, of the Excelsior Bakery, while the other is devoted to Messrs. Thorpe & Co. for an exhibit of their goods.

Fred Foster's
Fred Foster, the Johnson street taxidermist and furrier, has made excellent use of the large window of the B. C. Furniture Co. for an exhibit of his own products. The exhibit is arranged in a very artistic manner. One window is devoted to a display of goods manufactured by Messrs. Popkin and Sons, of the Excelsior Bakery, while the other is devoted to Messrs. Thorpe & Co. for an exhibit of their goods.

Exhibit of Stoves
At the big departmental store of David Spencer, Ltd., the corner of Douglas and Yates streets, a window is devoted exclusively to the manufacture of stoves by the Albion Iron Works. Three samples, from a full range, speak volumes of the work of this foundry. Several cards call attention to the fact that these stoves are made in Victoria, and are passed for economy in fuel and durability by any other manufacturer, and are besides fully 25 per cent less in cost.

Some Colonist Products
The show window of the Standard Stationery Co. is given up entirely to an exhibit and display of the book-binding, printing and lithographing done by the Colonist Printing & Publishing Co. A large frame encloses numerous specimens of colored label work, and there are choice exhibits of the printers' lithographers', and book-binders' arts, including samples of full book and blank book binding, and various other commercial printing, catalogues, booklets, and maps.

A Delicacies Exhibit
The store windows of Dixie H. Ross & Co.'s grocery store were thronged with sightseers yesterday. One window had a splendid assortment from the delicatessen department, including roast hams, chickens, ox-tongue, veal, jellies, Boston brown bread, meat pies, salad, pastries, and cakes. The products were attractively displayed in numerous vases of cut flowers and potted flowers, and were surrounded by a card that bore the legend: "Our Own Cooking." At Watson & Jones' corner and prepared foods—of Dixie H. Ross & Co.'s business has grown wonderfully, until the firm can truthfully say it is the largest of its kind in Western Canada. The other window is designed to show the products of the firm's own bottling in wines and spirits.

The Brady-Houston Packing Co.
occupy one window and Mr. R. Smith & Co.

the other of Messrs. Watson & Jones' grocery store on Yates street. That is, left of the entrance to the store has a most comprehensive exhibit of the various articles manufactured by the Johnson street packing house, an exhibit by the way, that is now growing by leaps and bounds. The samples shown of the Brady-Houston brand include tomato ketchup, malt vinegar, chow, sweet and mixed pickles, Worcestershire sauce, French mustard, curry powder, etc., put up in pails, bottles, tins and cartons.

The other window has an effective color and attractive pyramid design scheme to impress the sightseer with the fact that Smith's Swiss cream sodas are the triumph of 50 years. The firm also shows its diploma for a display of biscuits and confection made at the Colonial exhibition, London, England.

Union Made Goods
Across Yates street, at the store of B. Williams & Co., one of the big show windows is given up entirely to the display of goods made in Victoria. The goods are arranged in a very artistic manner. One window is devoted to a display of goods manufactured by Messrs. Popkin and Sons, of the Excelsior Bakery, while the other is devoted to Messrs. Thorpe & Co. for an exhibit of their goods.

At W. Acton's Grocery Store
At W. Acton's grocery store, M. J. Smith & Co. have a full line of chocolates, confections, and biscuits on display in the window, including a variety of fancy biscuits, fruit cakes, and Swiss creams. This firm also shows samples of the products of the B. C. Soap Works, including White Swan soap, and breakfast foods, attractively arranged.

B. C. Paint Company
A fine display of paints and varnishes has been arranged in the window of the B. C. Paint Company. The display includes a variety of colors and finishes, and is arranged in a very artistic manner. One window is devoted to a display of goods manufactured by Messrs. Popkin and Sons, of the Excelsior Bakery, while the other is devoted to Messrs. Thorpe & Co. for an exhibit of their goods.

A Letter From Newfoundland
Today's mail contained the following letter from Newfoundland, which tells in most unmistakable words of the merits of Dr. Chase's Kidney-Liver Pills. Joshua Hindy, Scilly Cove, Trinity Bay, Nfld., writes: "I suffered for three years from piles and constipation, and after consulting the best medical authorities and trying every medicine I have been cured completely of piles and constipation in less than one month, and I have had no return of either since. Dr. Chase's Kidney-Liver Pills just as thoroughly cured me of constipation."

WHAT Fruitatives ARE

Fruit-a-lives are the marvels of modern medicine. They have accomplished more actual cures—done more good to more people—than any other medicine ever introduced in Canada for the time they have been on sale.

- Fruit-a-lives are fruit juices. They are nature's cure for:
 - CONSTIPATION
 - BILIOUSNESS
 - BAD STOMACH
 - DYSPEPSIA
 - HEADACHES
 - IMPURE BLOOD
 - SKIN DISEASES
 - KIDNEY TROUBLE
 - RHEUMATISM
 - IRRITATED HEART

Fruit-a-lives are the juices of apples, oranges, figs and prunes. These juices are concentrated—and by a secret process, the juices are combined in a peculiar manner. This new combination is much more active medicinally than fresh juices—yet so perfect is the union that Fruit-a-lives act on the system as if they were in truth a natural fruit, medicinally stronger than any other known fruit.

To this combination of fruit juices, tonics and internal antiseptics are added, and the whole made into tablets.

These are Fruit-a-lives—sold everywhere for 50c a box or 6 boxes for \$2.50.

FRUIT-A-LIVES LIMITED - OTTAWA.

are commencing to do their little to assist the movement.

ALASKA RAILROADS.

W. E. Brewer Tells of Railway Work in the North.

W. E. Brewer, the well known buyer of the Northern Railway, who has just returned from a visit to Alaska in the interest of the smelter, in an interview with the Colonist yesterday, told of his experiences in the north. He said that the work of the Alaska Central railway had been built and was in working order. The company are now working to cut 1,500 feet of tunneling necessary before the road can be extended, and by the end of this season hope to have the line extended to the end of Turunagin arm. The destination of the road has not been announced, but it is generally supposed to be to the coast. The company are now working to cut 1,500 feet of tunneling necessary before the road can be extended, and by the end of this season hope to have the line extended to the end of Turunagin arm.

BE PREPARED FOR IT.

Comes without warning, strikes quick as lightning—that is what you need for protection. Buy a bottle of Dr. Chase's Kidney-Liver Pills. It is a sure and certain cure for all kidney and liver troubles. It is a sure and certain cure for all kidney and liver troubles.

WILL COMMERCE BE ATTACKED IN WAR?

The enormous extent of the British fleet would make us particularly subject to loss by commerce destruction in a war. It is a fact that is being called for by the fact that we are bound to lose many of our merchant ships in a war. It is a fact that is being called for by the fact that we are bound to lose many of our merchant ships in a war.

A Letter From Newfoundland

Today's mail contained the following letter from Newfoundland, which tells in most unmistakable words of the merits of Dr. Chase's Kidney-Liver Pills. Joshua Hindy, Scilly Cove, Trinity Bay, Nfld., writes: "I suffered for three years from piles and constipation, and after consulting the best medical authorities and trying every medicine I have been cured completely of piles and constipation in less than one month, and I have had no return of either since. Dr. Chase's Kidney-Liver Pills just as thoroughly cured me of constipation."

These medicines are worth twenty dollars a box. The agony and pain I suffered was something terrible. I had tried every medicine I could get, but nothing helped. I was almost blind, and I was almost deaf. I was almost blind, and I was almost deaf. I was almost blind, and I was almost deaf.

therefore, important, adds Engineering, that the problems connected with those actions of the enemy which might tend to the destruction of the city, should be investigated; and because of this the general plan of the forthcoming manoeuvres will be to educate the public to take a broad view of the actions which count for more than the mere military success. A necessary corollary to a strong and well-maintained and calm-contemplative public opinion.

CARIBOO PIONEERS.

A Sketch of the Very Interesting Career of Mr. Charles House.

Charles House was born in Onondaga county, New York, August 8, 1854, says the Ashcroft Journal. The chances are he would have been a 49er if he had been born earlier, for he lacked half a year being 30 when he arrived in California early in 1854. The same year he owned the Junetta claim at the most famous mining camp in the "blue lead" claim, which made his owners rich, but Charlie was not one of them. Charlie met Peter Danley in this camp in 1854; Danley made his fortune in the Yukon, and Charlie followed him to the Yukon. Charlie was a very successful miner, and he was a very successful miner, and he was a very successful miner.

He had recently returned from a hospital and was in a very poor state of health. He was in a very poor state of health, and he was in a very poor state of health. He was in a very poor state of health, and he was in a very poor state of health.

INTERFERENCE WITH GREAT SINGER'S PLANS GIVES UNEXPECTED TREAT LOCALLY.

It is not the unusual experience of Victorians, when some artist of more than ordinary ability comes to the city, to find that the artist's plans are interfered with in some way. It is not the unusual experience of Victorians, when some artist of more than ordinary ability comes to the city, to find that the artist's plans are interfered with in some way.

MISSIONARY DEAD.

Boston, Mass., May 22.—The American Board has received word that Mary Maheshwar, Abyssinia, April 28th, Mrs. Bissell, its oldest missionary died at her home in Victoria on the 28th. She had been in Victoria for many years, and she had been in Victoria for many years.

GO BACK TO NATURE

Use the Ozonated Air Cure for all types of Catarrhal Diseases.

Today doctors find Catarrh not by internal dosing, which ruins the stomach, but by Catarrhozone—Nature's cure.

This simple internal treatment is sure to cure.

You see it goes direct to the source of the disease.

The healing vapor repairs the damage done by catarrh inflammation.

Nothing is simpler, nothing surer, nothing else can destroy the cause of Catarrh—nature's cure it is thoroughly a Catarrhozone.

In Shulu, N. S. Mrs. H. S. Wilford proved the merit of Catarrhozone and writes:

"I have been a most dreadful sufferer from catarrh and bronchial trouble. On damp days I would have a most distressing attack in my throat. I used all kinds of medicines but didn't get permanent relief. I used Catarrhozone, and it cured me entirely well."

Your druggist sells Catarrhozone, or write to the manufacturer, Catarrhozone, 250 months' treatment \$1.00, trial size 25c.

WHAT ABOUT SPRING MEDICINE?

This is "Housecleaning" Time for the System, Which Needs Purifying and Cleansing.

The inside of your body requires attention just the same as the outside. A great accumulation of effete matter, poisons and wastes is clinging to the various organs and must be moved off.

Some gentle laxative and tonic must be used.

The system must be relieved of its burden if you are to enjoy a happy, healthy summer.

Physicians who have examined the formula of Dr. Hamilton's Mandrake and Butternut Pills say no medicine could be better.

Whether ill or not, thousands rely on Dr. Hamilton's Pills, which are truly marvelous in preventing spring and summer sickness.

Begin Dr. Hamilton's Pills without delay. You'll feel stronger, eat heartier, digest better, sleep sounder and gain more in weight.

Mr. Ed. Maynard, an old resident of Westminister, B. C., writes: "I have used Dr. Hamilton's Pills with every effect, but they made a quick job of building up my run-down system, and kept me from getting sick and constipated, and was wholly unfit for work. Pains shot through my limbs and lodged in my back. Headaches often made me desperate. I had no appetite, an awful color and a general feeling of weakness. After a few days I began to mend and kept up Dr. Hamilton's Pills until I was restored to my present tip-top condition."

Can you afford to miss the benefit of this marvelous medicine? Think of it. All dealers sell Dr. Hamilton's Pills, or you may order them direct from Dr. Hamilton, U. S. A., and Kingston, Ont.

The ghastly discovery was made by Wm. Moore, proprietor of the place, and Police Sergeant Harris. They broke the door in, but the man was cold in death when they arrived. The body was removed to the undertaking parlors of Center & Hanna, where it was prepared for burial, and is awaiting identification and the orders of the coroner.

The first notice that there was anything wrong in the Hastings rooming-house was conveyed to Mr. Moore by the neighbors of the former place either at the time or shortly thereafter.

YEAR'S WORK AT THE AGED WOMEN'S HOME

Some Interesting Reports Presented at Annual Meeting Held Yesterday.

The management of the Aged Women's Home held their annual meeting on Monday evening, when the following reports were submitted and the officers for the year elected. The election resulted in the old staff of officers, viz.: Mrs. W. J. Bell, president; Mrs. Carre, vice president, and Mrs. Gould, secretary-treasurer, all being re-elected by acclamation. The management committee are the following:

Ladies—My last annual report gave a brief review of the past year. It is unnecessary to go over that ground again, but simply to retrace our steps, and to carry on our work on similar lines throughout another year.

The most important incident of the year's work was the purchase of the building, which for so many years had occupied at a nominal rental, and on which had expended considerable sums of money in adapting it to our needs. We were led to acquire the property in the name of the Aged Women's Home, and in the second place, because our experience has shown us that our work has been conducted in a more efficient manner on the property at the time of purchase.

Since taking over the property some improvements have been made, both in the building and the grounds, and the present condition of the building may be described as fairly satisfactory.

The annual at home held on September 14, gave us the pleasure of welcoming a number of our kind friends within our doors.

December we decided to affiliate with the Local Council of Women, and we have now representation in the executive of that organization. Mrs. Roblin, our efficient matron, continues to manage the internal affairs of the home with her wonted tact and kindness.

To our many friends who have so generously assisted us throughout the year, our sincere thanks are due. The mayor and his council, our most cordial thanks are due.

To all the members of the committee my personal thanks are tendered for your faithful service. Your kind and kind consideration extended to myself throughout the year.

FLORENCE N. CLAY, Secretary.

Madam President and Ladies: In presenting this report, I am glad to say that I have been privileged to give as secretary of the Aged Women's Home, and to be able to again report unprecedented success.

During the year just closed we have had a very successful year. We have had a very successful year, and we have had a very successful year.

The secretary reported as follows: Madam President and Ladies: In presenting this report, I am glad to say that I have been privileged to give as secretary of the Aged Women's Home, and to be able to again report unprecedented success.

During the year just closed we have had a very successful year. We have had a very successful year, and we have had a very successful year.
