Cathartic Pills
Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and proposed and according to the secure activity, certainty, and uniformity of effect. They are the result at once simple, certain and effectual, by means of which every sufferer, no matter of the combine of the comb nysicians in their practice, and vilized nations, is one of the many roofs of their value as a safe, sure, and rectly reliable purgative medicine, compounded of the concentrated irtues of purely vegetable substances, sey are positively free from calomel or any injurious properties, and can be administed to children with perfect safety.

Aven's Pills are an effectual cure for constipation or Costiveness, Indigestion, Dyspepsin, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Numbness, Headache, Loss of Memory, Numbness, Headache, Loss of Memory, Numbness, Billiousness, Jaundiee, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worns, Neuralgia, Colic, Gripes, Diarrhea, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered other diseases resulting from a disordered

ner Pill they have no equal. are the most thorough and searching athat it that can be employed, and never giv pain nuless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and inwart renewed health and vigor to the wifele system. While gentle in their action, these Pir

elean water; this will relieve his cough if uncle Thad, as that its so easily cleaned and kept in good condition so long?

'Why, certainly, you can use a floor of leak for his stable, and he will be comfortable and healthy thereon, but he should be well supplied with straw or litter to make it softer for his feet while standing, and easier for a bed at night?

'Yes. Uncle Thad, no doubt that would add to his comfort, but if I should move to New England, as we think now is probable, it would be difficult to procure straw.

'Well, friend Slack, I know by long experience all about New England, and white dalsies, cut before the seed would shell. Again I have owned horses that will generally be sufficient.

'But why not keephim on a plank floor, uncle the should in the last one; if the medicine is in that form, or said Slas, opening a gate which led the old man's hand in house, through the windows of which cheerful lights were visible.

'I think it's likely she's in the sitting to an admit sillanes, to the door of a substantial farm, house, through the windows of which cheerful lights were visible.

'I think it's likely she's in the sitting to the windows of which cheerful lights were visible.

'I think it's likely she's in the sitting to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which led to a low door, shaded by a porch, at which perience all about New England, and shell. Again I have owned horses that perience all about New England, and though you will not be able to procure straw there, except at high prices, there patches of brakes (ferns), which will be a good substitute for straw, and there are good substitute for straw, and there are lass there, on most farms, acres of low lead with the last of brakes (ferns), which will be a good substitute for straw, and there are lass there, on most farms, acres of low lead with an early every day a distance of pain and allay inflammation than any local grapes to be procured which will make the prices, there are last the prices, there would require the best of hay and grain equal to a peck of oats a day, to keep in good condition, even when not at work; are but few farms there without large patches of brakes (ferns), which will be a good substitute for straw, and there are last the prices, there is a but for a bruise, or a sprain even, Arnica linity, said Mr. Sperry, bease. Silas, I'm glad to see you, Mr. Sperry, wild, why, his grandmother and my father, they went to law about the three, acre meadow, and my mother used to say she'd no opinion at all of Mrs. Weld, his much. I'll swear oil, said Mr. Garnet.

Silas, I'm glad to see you, Mr. Sperry, wild, why, his grandmother and my father, they went to law about the three, acre meadow, and my mother used to say she'd no opinion at all of Mrs. Weld, his much. I'll swear oil, said Mr. Garnet.
