

are well pleased to entertaine such as will be Adventurers with them.

The *Wor.* William Vaughan of Taracod, in the County of Cai mai then, Doctor of the *Civill* law, hath undertaken to plant a Colony of his *Maiesties* Subjects in New-found-land, & did send thither in two severall yeeres a great number of idle people, that in all that time had not done then any labor for the foresaid Doctor, to the value of a penny; whereof I doe acquaint him at my returne from that Countrey, So as he sent for them a home againe, and now bee is providing againe, to send thither this next yeere 1614. a greater number of people, then he did before, and is also well pleased to entertaine any such as shall be willing to be Adventurers with him therein upon fit conditions.

And there are many other Right Honourable and Right Worshipful Lords, & Knights, which are undertakers in the Newfoundland Plantation: whose names are not herein mentioned, and it is well hoped, that divers other worthy persons will also put their helping hand to advance the same when they are given to understand what honour and benefit may accrue thereby. And if his *Maiesties* Subjects of this Kingdome, may bee willing to set forth from every severall County, but one good ship yeerely thither with people and promissions for them, it will be then not onely a great benefit and benefit unto his *Maiesties* Kingdomes, but also a great increase of shipping and Mariners, and the employing and enriching of many thousand of poore people which now lie chargeable to the Parishioners. The which may be easily performed by the able Subjects, to set forth the Charge at first and so every Parish to receive yeerely their equall parts of the benefit which may accrue by the said stock; and thereby not only disburden themselves of some of those which lie chargeable unto them within their severall Parishes, but also yeerely yeeld a great benefit to every severall County, though it lie something remote from the Sea-coast, if they employ a discrete honest man therein, who may yeerely be accountable to every Parish, of the charge and likewise of the benefit. The which will not be any way burdensome or hurtfull unto any; as the following discourse will plainly informe them.

From my Chamber at the signe of the gilded Cocke in Paternoster-row in London.
