MORE DEMAND — MORRISON STRONG  
— WAR EAGLE DECLINES — RAM-  
BLER CARIBOO ADVANCES.

Montreal, Sept. 13.

There were several signs of strength underlying the transactions in this morning's market, although the demand in some instances was a trifle off. War Eagle in this particular was weaker, although there was no sale recorded, it was offered as low as 47 with buyers only bidding 44. Payne and Republic were practically unchanged, no sales being made in either issue.

The quiet absorption of stock continues, many holders increasing their holdings, offerings from the West are not so plentiful at present as they have been and should there arise any greater demand for stocks, the result would be a material advance in prices.

Morrison sold today for the first time this month, no sales have been made previously since the last of August. The demand was good and "talk" was of a bullish nature, it might easily sell at 25, it sold this morning at 18½ and 17½, 6000 shares changing hands.

Montreal Gold Fields did act up to the expectations of those interested, it sold for 2500, at 15. Recent development work on the Gertrude proves to be most satisfactory. The Gertrude is owned by the Montreal Gold Fields Co., and consists of 17 acres of mineral land situated on the Red Mountain near Rossland, B.C.

Rambler Cariboo continues to advance; it sold at 48½, but was freely offered at 49. California also keeps firm at an unchanged figure, 12½ being paid for a sale of 500 shares.

Slocan Sovereign and Deer Trail were amongst the most active, but little change took place. The latter being traded in to the amount of 10,000 shares.

The continued increase and continually increasing shipments of ore to the different smelters, should be a sufficient guarantee to any timid holder of stocks, it speaks for itself, new machinery continually being put in place. So as to meet the increasing demands and to accommodate the heavy output is a very healthy sign and should engender confidence.
