a permanent home, where every manufacturer can exhibit and sell his goods, and every patron can show his invention; a centre of industry which will prove a vast benefit to the whole country.

For this purpose the Legislature of the State of New York has granted a charter to a number of our most wealthy and respectable merchants, and these gentlemen have purchased no less than eight blocks of the most valuable land in the City of New York. The building to be erected will be seven stories high (169 feet in height) surmounted by a magnificent dome, and will cover a space of 22 acres. It will be constructed of iron, brick and glass, and made fire-proof. The bonds which are all for \$20 each, are secured by a first mortgage on the land and building, and for the purpose of making them popular, the directors have decided to have quarterly drawings of \$150,000 each; this money being the interest on the amount of the whole loan.

Every bondholder must receive at least \$21 60, but he may receive

"Fourth Series Drawing, April 5 1875."

These Drawings take place every THREE MONTHS, and eventually EVERY BOND will participate in them.
