**60,000 Feet of Amatite Roofing**

The accompanying view shows a series of buildings at the Saskatoon Exposition, all of them covered with Amatite Roofing.

Amatite was selected because it was inexpensive, easy to put on, required no care or attention or expense afterwards, and would give excellent durability.

If ordinary smooth roofing had been used, these roofs would require painting every year or two at considerable expense and trouble. Amatite, however, has a mineral surface which requires no painting.

Use Amatite for every roof where you want to save expense. It is the most economical solution of the whole roofing problem.

Amatite Roofing requires no skilled labor to apply; it costs no more, (in fact much less) than other roofings; and the fact that it requires no painting makes the total expense far below that of any other type of roof covering.

You can use Amatite for every kind of steep roofed building. We supply galvanized nails and liquid cement for the laps free of charge.

**MARITIME MINING RECORD.**  
**ISSUED ON SECOND AND FOURTH WEDNESDAY MONTHLY.**

The organ of the rapidly expanding Coal Trade of the Maritime Provinces.

It covers the entire field, and that adequately. There is no better medium in the Dominion for 'Supply' men whether they be makers of Fans, Pumps, Engines, Boilers, Wire Ropes, or, in short, of any kind of Mining Machinery needed for the extraction and preparation of minerals, or if they be producers or agents for the numerous articles that enter in a consumption at the collieries.

The Record is always consulted on all subjects, and its advertising columns are carefully scanned by Directors, Managers, and Purchasing agents.

**Advertising Rates are Moderate**

AND FORWARDED ON APPLICATION.

Every Coal Company of any standing a patron of **The Record.**
