

SERUM TREATMENT OF LUPUS.
 —Tessile (*Rif. Med.*) reports two cases of tuberculous lupus successfully treated with Maragliano's serum. In the first case the lupus affected the right leg and foot. Twenty milligrammes of tuberculin induced well-marked general and local reaction. Mariagliano's serum was then injected in alternate daily doses of 1 and 5 c.cm., 107 c.cm. were injected in all. In the last fifteen days, in addition to the injections, the affected part was painted daily with 3 c.cm. of the serum. Ultimately complete cure was obtained in the second case of old-standing lupus of the hand, but here only 25 c.cm. were injected, the greater part of the treatment consisting in painting the part with serum, and covering with gauze impregnated with serum. The patient said that his hand had never been so well for the last eight years.—*Brit. Med. Jour.*

FIXED INDEMNITIES FOR MOVING ACCIDENTS

It has been argued that some business, professional, and literary men cannot be totally disabled by accident no matter how severe their injuries may be, and that such men must necessarily stretch a point before they can secure indemnity for total disability. The Double Liability, Schedule and Annuity Accident Policy of this Company, which provides a stated indemnity for each specified injury, and without regard to the nature of the injury, will completely settle the question of disability.

\$10,000 for Death.

\$20 per Week for 26 weeks of partial disability.

\$50 per Week for 52 consecutive weeks of total disability.

And a pension for life of **\$40 per Annum** for permanent disability.

PREMIUM: SELECT CLASS, \$30 PER ANNUM
 Less Amounts at Proportionate Rates

A reduction of \$5.00 will be made on the premium for the same policy leaving out the Partial Disability and Annuity features, thus making premium \$25.00.
