Mercantile Summary.

THE HAMILTON journals say that J. M. Williams, M.P., of that city, is erecting a large building in which to carry on the manufacture of pressed and other tinware upon an extensive scale.

LUMBERMEN in the Ottawa district find labor very scarce and high; the wages demanded for the spring operations are in some cases as high as \$28 to \$30 per month.

A COMPANY has been formed in Quebec with a capital of \$25,000 to carry on the manufacture of agricultural implements,—appliances much needed in that province.

THE EXPORT of sugar shocks from St. John, according to a statement by Messrs. Scammell Bros., shows a falling off this year; from the 1st September to the 2nd April, 849,049 were shipped to Cuba, against 948,458 and 969,867 in the corresponding periods of 1870-71, and 1869-70 respectively. The reason for the decline is explained to be an advance in freights to 28c and 29c, with a scarcity of vessels, owing to the high rates offered in Cuba.
