

BITUNAMEL

REGISTERED

An Enamel-like coating of a bituminous nature for the protection of all kinds of Iron or Steel surfaces, such as Pontoons, Bridges, Roofs, Girders, Tanks, Tubes, Car Trucks, Steel Cars, Ships' Bottoms, Foundations, etc.

It will fulfil the following conditions:

Moderate in price.

Great covering capacity.

Possesses great elasticity and tenacity.

Dries quickly and hard with a smooth surface.

Will not crack nor peel off.

Easily applied, does not require heating or melting.

Is sent out ready for use.

Is impervious to rust and moisture from within and without.

Is unaffected by 1 per cent. of boiling caustic water.

Absolutely waterproof, as a coating for foundations of buildings to render them waterproof it has no superior.

Walls coated inside before being plastered will be rendered perfectly damp-proof.

Steel plates coated fifteen years ago still perfectly protected and good.

Steel pontoons coated eighteen years ago still perfectly protected and good.

Fresh water tanks coated ten years ago still perfectly protected and good.

It is also a wonderful preservative of wood whether above or below ground, preventing decay.

We guarantee it free from rosin and to have a flash point of not under 75° F.

Put up in packages from 1-gallon cans to barrels.

Get the Fire Before It Gets Your Plant

BY INSTALLING

MANUFACTURERS' AUTOMATIC SPRINKLERS

You will be guarding against disastrous fires and the consequences.

Insurance Companies reduce rates about 80% on all Plants protected by these Sprinklers, because they know that a fire rarely gets any headway with these efficient fire fighters on the job day and night.

Write us now about it.
