The "Ontario's" NEW BUSINESS for the first half of this, its twentieth year, is the largest in its history for the same period. No company doing business in Canada of equal, or half the age, has had a lower death rate, or has a lower rate of expense. The ENTIRE profits are divided amongst the policy-holders who constitute the company, and hence, the profits given by the "Ontario" on its Endowment policies have not during the past fifteen years been exceeded by any company doing business in the Dominion. It issues term policies, popular with students who wish insurance for a few years at a low rate, ordinary life, term life and Endowment Policies. Before insuring write for rates and information.
