...

(7) In resolution 43/74 A, operative paragraph 3 urges the Conference on Disarmament to pursue as a matter of continuing urgency its negotiations on a convention on the prohibition of the development, production, stockpiling and use of all chemical weapons and on their destruction.

(8) In resolution 43/74 C, operative paragraph 1 takes note with satisfaction of the Conference on Disarmament during its 1988 session regarding the prohibition of chemical weapons, and in particular appreciates the progress in the work of its Ad Hoc Committee on Chemical Weapons on that question and the tangible results recorded in its report; operative paragraph 3 urges again the Conference on Disarmament, as a matter of high priority, to intensify, during its 1989 session, the negotiations on a convention on the complete and effective prohibition of the development, production and stockpiling of all chemical weapons and on their destruction and to reinforce further its efforts by, inter alia, increasing the time during the year that it devotes to such negotiations, taking into account all existing proposals and future initiatives, with a view to the final elaboration of a convention at the earliest possible date, and to re-establish its Ad Hoc Committee on Chemical Weapons for this purpose with the mandate to be agreed upon by the Conference on Disarmament at the beginning of its 1989 session; and operative paragraph 4 requests the Conference on Disarmament to report to the General Assembly at its forty-fourth session on the results of its negotiations.
