

## KINGSTON---CHATHAM---GALT---OTTAWA---CORNWALL

WATERS ARE HIGH  
IN ST. LAWRENCE

Power House at Mille Roches  
Compelled to Close Down  
on Two Occasions.

## ICE BANKS ON RIVER

Longue Sault Rapids Now Al-  
most on Level From End  
to End.

(Special to The Toronto World)  
CORNWALL, Feb. 17.—During the  
past few days the water in the St.  
Lawrence River has been abnormally  
high and for a time yesterday it flow-  
ed over the pier at Dickinson's Land-  
ing to a depth of a foot, something al-  
most unheard of before. The ice  
piled up mountains high all along the  
river as a result of the unusually cold  
weather experienced for the past couple  
of weeks.

The St. Lawrence Power Co.'s power  
house at Mille Roches was compelled  
to close down a couple of times within  
the last few days owing to the water  
being up to within six inches of the  
generator, putting local industries  
which use that power out of commission  
for a short time. No further  
trouble is anticipated from high water  
unless a sudden thaw occurs.

A Strange Sight.  
One of the strange sights seen at  
the Longue Sault Rapids for many  
years is the fact that the river is a  
drop of 13 feet in height from the  
head to the foot of the rapids, both  
ends of the rapids are now almost  
on a level. The river is being kept  
open at Farran's Point by the St.  
Lawrence Power Co., in order that  
enough water may be had to run their  
power houses.

East of Cornwall, at the Three Sisters  
Island, Indians report that the river  
is opening.

## SYND RE-ELECTS OFFICERS.

KINGSTON, Feb. 17.—(Special.)—  
The Ontario Syndicate re-elected Canon  
Gray, clerical secretary; Francis  
King, secretary; R. J. Carson, treas-  
urer. Tonight there was a service in  
St. George's Cathedral, when the ser-  
mon was preached by Bishop Farthing  
of Montreal.

## DUNNVILLE RINK DESTROYED.

DUNNVILLE, Ont., Feb. 17.—Fire  
destroyed the rink here at an  
early hour this morning. The  
rink was situated between Hamilton  
and Dunville was finished at mid-  
night before a very large crowd. The  
building was owned by Mito Gillip and insured  
for \$3000.

## MILITARY INSTITUTION.

SARNIA, Feb. 17.—(Special.)—  
Sergeant-Instructor Sproule of the Wel-  
ley Barracks, London, Ont., has been  
sent to Sarnia to instruct the new  
officers of the 25th Regiment. He will  
spend two days at Sarnia, and will  
then go to Sarnia, Petrolia and Watford, holding  
schools of instruction.

## IN ONE NAME FOR 90 YEARS.

ST. MARY'S, Feb. 17.—(Special.)—  
The Melvin Cody farm at Cody, Ont., has  
been purchased by Mr. Shannon of  
Thamesford, after being in the Cody  
name for ninety years. It was one of  
the U. E. L. land grants in Cody  
aged 98, is now a resident of Tremont,  
Illinois.

When the Stomach  
Goes Back to Work

Then is the Whole System Glad.  
Stuart's Dyspepsia Tablets Will  
Quickly Put the Stomach  
In Shape.

When the stomach fails to do its  
work properly the whole machine of  
man is unstrung and whole systems  
of work. This condition obtains from  
the thinnest nerve to the big, strong,  
pumping heart.

It is a wise law of nature that has  
made the stomach man's strongest at-  
tack, but when it stops work man ought  
to realize that it does so because it  
can continue no longer.

## TORCH CAUSES COSTLY FIRE.

CATHAM, Feb. 17.—A house on Glad-  
stone Avenue owned by Mr. Molau  
was damaged to the extent of several  
hundred dollars by fire. The blaze  
started from a torch, used in thaw-  
ing out water pipes under the house.

## WANT POWER AND LIGHT.

ST. MARY'S, Feb. 17.—(Special.)—  
A number of Nissouri farmers have  
made application to the Hydro-Elec-  
tric Commission for power and light.

## TO APPOINT LIQUIDATOR.

ST. MARY'S, Feb. 17.—(Special.)—  
Following the winding-up order made  
by the court in the case of G. Carter,  
Son & Co., Limited, millers, a meeting  
is called for Feb. 21, for the appoint-  
ment of a permanent liquidator.

## HIGH PRICE FOR FARM.

LONDON, Feb. 17.—The highest price  
on record for a Middlesex farm was  
paid in the sale of 100 acres in  
West Nissouri for \$12,500.

The sale was made to M. D. Sin-  
clair, of Ridgedale, Alberta, who has  
decided that Ontario and especially  
western Ontario is the best country  
for the farmer. The former owner  
of the land was Isaac Stoll, who now  
resides in this city.

## SUDDEN DEATH AT BRIGHTON.

KINGSTON, Feb. 17.—(Special.)—  
A few minutes after arriving in the  
city, Rev. C. J. Young of Madoc, de-  
legate to the Ontario Synod, received a  
telegram announcing the sudden death  
at Brighton, Ont., of his youngest  
daughter, Mrs. H. G. Ross.

## GRIFFITH HAS MOLYBDENITE.

KINGSTON, Feb. 17.—(Special.)—  
The molybdenite has been found in  
the Township of Griffith, Renfrew Co.  
The metal is used in the armor plate  
of battleships and in all fine steel-  
works.

MAY REARRANGE  
KENT'S BOUNDARIES

Scheme Afoot to Ask Ottawa  
Government for More  
Equitable Division.

(Special to The Toronto World)  
CHATHAM, Feb. 17.—A scheme is  
on foot locally whereby the Dominion  
Government may be asked to rearrange  
the boundaries of East and West Kent  
in the redistribution bill now before  
parliament. There is a population of  
25,000 in East Kent, according to the  
last census, and 31,000 in West Kent.  
It is proposed to make the River  
Thames the dividing line between  
North and South Kent, with the City  
of Chatham and Kentville in the  
plan would distribute the population  
more evenly, with about 29,000 in  
West Kent and 27,000 in East Kent.  
It is understood that the rearrange-  
ment would meet with approval from  
both parties in Kent.

CONTRACT AWARDED FOR  
ONE HUNDRED THOUSAND

(Special to The Toronto World)  
CORNWALL, Feb. 17.—A. J. Milten,  
C.E., engineer for Robertson & Co.,  
contractors, today received word from  
Ottawa that the firm had been award-  
ed a contract for the construction of  
the Rice Lake division of the Trent Valley  
Canal for the submarine work con-  
nected with the contract held by the  
Canadian General Construction and  
Development Co. of Montreal. The  
contract has been approved by an or-  
der-in-council, the amounts involved  
being about one hundred thousand  
dollars.

Robertson & Co. are already making  
arrangements to commence their con-  
tract as soon as weather conditions  
will permit it.

CORNWALL'S RETAILERS  
WANT GOODS SENT F.O.B.

(Special to The Toronto World)  
CORNWALL, Feb. 17.—At a meet-  
ing of the Cornwall Retail Merchants'  
Association held tonight, it was de-  
cided to ask the headquarters of the  
association to take up the matter of  
the increased charges for goods  
recently inaugurated by cartage com-  
panies and ask wholesalers in Mon-  
real, Toronto, and other shipping  
centres to send goods C.O.D. at the  
cars in future in order to relieve mer-  
chants, to some extent, of the exces-  
sive rates they have to pay.

HAS WIRELESS STATION  
ERECTED ON HIS FARM

WOODSTOCK, Feb. 17.—Lynn Zue-  
felt of West Oxford, a former tele-  
graph operator, who is now engaged in  
farming in East Oxford, has erected a  
wireless station on his farm and daily  
picks up important messages from land  
and sea.

## BREEDERS ELECT OFFICERS.

BELLEVEILLE, Feb. 17.—(Special.)—  
The annual meetings of the Belleville  
Racing Breeds, held here this after-  
noon.

Officers elected by the Ashridge  
Breeds were as follows: Hon. pres-  
ident, William Stewart; president, Alex.  
Hume; secretary-treasurer, W. E.  
Tummon; directors, C. Traynor, W.  
F. Harris, M. McGee, Charles Mc-  
Coun, H. K. Denyes, George Stokes,  
John Locke, W. Rennie, J. O'Connor,  
W. P. Purser, George Ketcheson and  
David Wilson.

The Holstein Breeders elected the  
following: Hon. president, A. D. Pos-  
ter, Belleville; president, F. R. Mal-  
lory, Belleville; first vice-president,  
J. A. Caskey, Madoc; second vice-pres-  
ident, R. L. Leavens, Bloomfield; sec-  
retary-treasurer, W. F. Harris, Bel-  
leville; auditors, James R. Anderson and  
J. A. Caskey.

## KINGSTON'S FACTORY SITES.

KINGSTON, Feb. 17.—The council  
has decided to buy twenty-eight acres  
of land in Kingston Junction for  
manufacturing sites at a cost of \$24-  
000.

## TRAVELED IN BOX CAR.

Hungarian Women Endeavor to Evade  
Immigration.

BRANTFORD, Feb. 17.—Two Hun-  
garian women named Kiss, with two  
babies, arrived in the city in a box car  
this morning from St. Thomas. They  
had been put on board at Niagara  
Falls, N. Y., by friends to evade the  
immigration officials, having several  
times previously been unsuccessful.

## DEATH OF LONGBOAT'S MOTHER.

BRANTFORD, Feb. 17.—Betsey Lon-  
boat's mother of Tom Longboat, died  
on the local reservation yesterday,  
aged 74 years.

She leaves two girls and two boys.  
One of the girls is Mrs. Williams, who  
was recently, she told the police, tied  
to a railroad track by her intoxicated  
husband.

## GALT'S BONDS AT PREMIUM.

GALT, Feb. 17.—The \$15,000 issue of  
Galt waterworks debentures at five per  
cent, was bought by Wood, Gundy &  
Co., Toronto, at a premium of \$600.  
A revival is indicated in the munici-  
pal debt market, fullness in which  
greatly handicapped the finances of  
the town for the past two years.

## MERRITTON RESIDENT DIES.

ST. CATHARINES, Feb. 17.—George  
B. Wilson of Merriton, a long and  
valuable citizen, died at his home  
this morning, aged 76. He was once a di-  
rector in the Suspension Bridge Co.  
and contested Lincoln County for the  
legislature in Liberal interests.

## HYDRO IN WINDSOR NEXT JUNE.

WINDSOR, Feb. 17.—Niagara power  
will be in Windsor by June. The town  
has been in charge of Chatham and  
London since the power was first  
developed.

PORT NELSON NOT  
BLACK AS PAINTED

Report From the Front Si-  
lences Sensational Reports  
as to Conditions.

OTTAWA, Feb. 17.—An absolute de-  
ment of many charges that have been  
made concerning conditions at Port  
Nelson is conveyed in a lengthy report  
received at the railway depart-  
ment from D. W. MacLachlan, the  
engineer in charge. The letter, which  
came overland, was dated Jan. 10.  
Mr. MacLachlan refers to newspaper  
comment as full of mis-statements. His  
comment on the Christmas holidays were  
most pleasantly in camp with an  
abundance of supplies. The latter,  
which had been regarded as being in a  
horrible condition, were in fine shape.  
The camps themselves are better than  
have ever been in any construction  
work in the country.

Mr. MacLachlan says the port is lucky  
as compared with Chesterfield and York,  
which are absolutely nothing was landed,  
and where they are badly off for food.  
There is absolutely no discontent in  
the camp, and no lives have been lost.  
The hospital has not had a patient.  
The receiving party of the wireless  
working, and messages have been pick-  
ed up from as far south as Virginia.  
There was and was expected to be ready  
by the time the report reached Ottawa.

BISHOP BIDWELL'S  
POINTED REMARKS

His Lordship Speaks Out on  
Stipend Question and Mode  
of Collection.

(Special to The Toronto World)  
KINGSTON, Feb. 17.—In his charge  
to the Ontario Synod this afternoon,  
Bishop Bidwell spoke pointedly with  
reference to the stipends of the clergy.

He said: "The present state of af-  
fairs is exercising a deterrent effect  
upon young men, and more especially  
it is driving up the stipends from which  
we might expect to draw many of our  
candidates, and indeed in the past have  
done—I mean from the sons of our  
clergy themselves. They are often kept  
back by the vivid memory of the  
struggle they have witnessed on the  
part of their parents to make both  
ends meet and keep up a respect-  
able appearance on totally inadequate  
means. I refer also to the irregular  
and spasmodic way in which the  
stipends of the clergy have often been  
paid. The casual method of handing over  
to the clergyman money when it happens  
to come in and allowing him to wait  
until it does not, or even obliging  
him to collect it himself, is disap-  
pointing and degrading to all concerned."

CLINTON ENJOYS  
HYDRO-ELECTRIC

Now Using Light for Private  
Houses—Power Con-  
nections Being Made.

(Special to The Toronto World)  
CLINTON, Feb. 17.—The Town of  
Clinton is now using electric power  
generated at Niagara Falls, con-  
nection having been made yesterday. Last  
night most of the houses were using  
fuses, and had it not been for a few  
wires burning out, all the churches  
would have been lighted.

Three transformers are in place, each  
with a capacity of 200 horsepower, and  
temporary connections have been made  
to give power to Clinton's latest in-  
dustry, the Solo Player-Plano Co., and  
to the Clinton News-Record and the  
Doherty Piano Co.

New machinery has been placed in the  
waterworks power house and the en-  
tire waterworks plant will be run by  
electricity, with a gasoline engine as  
auxiliary.

The streets are still being lighted by  
the old plant, but as soon as the new  
motors and other machinery arrive  
hydro will be in use.

KINGSTON'S MEDICOS  
OPPOSE FEE-SPLITTING

(Special to The Toronto World)  
KINGSTON, Feb. 17.—The Kingston  
Medical and Surgical Association has  
placed on record its unreserved con-  
demnation of the practice of fee-split-  
ting.

The association has requested the  
city newspapers to leave out the names  
of attending physicians and surgeons  
in their report of accidents, operations  
or other cases of sickness.

PLAN COMPETITION  
WITH HYDRO LINE

SARNIA, Feb. 17.—Working to fore-  
stall any action which may be taken in  
Lambton municipalities along the line  
of hydro radial railways, a party of  
Clergy and capitalists have arrived in  
the county, and its members are ad-  
vocating an electric line between  
Thamesville, in Kent, to Sarnia.

The proposed road would pass through  
Phelps, Day and Sombra Townships  
and a small part of Zone Township,  
north of Thamesville. The promoters  
claim that the line would be a great  
benefit to the county, and that the  
interests of the county would be pro-  
tected, the amount to be arranged  
on a sort of assessment plan, based on  
the value of the land.

MYSORE CONTAINS ASIA'S  
BIGGEST POWER PROJECT

The greatest long-distance power trans-  
mission in the world is in the native  
State of Mysore, power being transmit-  
ted from the Cauvery Falls to the Koai  
dam, a distance of nearly 100 miles.  
The project is being carried out by the  
Government of Mysore and Bangalore,  
and the amount to be arranged  
on a sort of assessment plan, based on  
the value of the land.

NATURALIZATION LAW  
WILL BE INTRODUCED

OTTAWA, Feb. 17.—The new nat-  
uralization bill which the Canadian  
and British Governments have agreed  
to introduce, is being introduced to-  
morrow by Hon. C. J. Doherty, min-  
ister of justice. Announcement has al-  
ready been made in Great Britain that  
a bill will be introduced in the im-  
perial parliament this session.

The new bill will provide for five  
years for naturalization. Four of those  
years will be spent in the British  
Empire, and the last year must be  
spent in the country in which natu-  
ralization is applied for.

## Have You Dyspepsia?

Can't Eat—Can't Sleep—Always  
in Pain and Suffering.

at What You Want, Says This Physician

"Indigestion and practically all forms  
of stomach trouble, in almost every  
instance, due to hyperacidity, or much  
acid first produces dyspepsia and indi-  
gestion, and then, as the acid continues  
to irritate and it is only a short time  
before the stomach is inflamed, and the  
acid eats through the walls, causing ul-  
cers in the abdomen, which are often  
followed by cancer and death; therefore  
stomach sufferers are required to avoid  
eating food that is acid in its nature,  
and by chemical action in the stomach  
develops acidity. Unfortunately, such  
rule eliminates most of the foods which  
are pleasant to the taste, as well as those  
which are rich in blood, flesh and nerve  
building properties. This is the reason  
why dyspepsia and stomach sufferers  
are usually so lacking in vital en-  
ergy which can only come from a well-  
fed body. For the benefit of those suf-  
ferers who have been obliged to exclude  
from their diet all starch, sweet or  
fatty food, and are trying to keep up  
a miserable existence on gluten products,  
I would suggest that you try a meal of  
four or five foods which you may like  
in moderate amounts, and sometimes  
afterwards a teaspoonful of bismuth  
mixture in a little hot or cold water.  
This will neutralize any acid which may  
be present or which may be formed, and  
the result will be a feeling of freshness  
and fullness, you will find that your  
stomach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and  
the stomach will be able to handle the  
food which is so essential to the body,  
and the stomach will be able to handle  
the food which is so essential to the  
body, and the stomach will be able to  
handle the food which is so essential to  
the body, and the stomach will be able  
to handle the food which is so essential  
to the body, and the stomach will be  
able to handle the food which is so es-  
sential to the body, and the stomach  
will be able to handle the food which is  
so essential to the body, and the stom-  
ach will be able to handle the food  
which is so essential to the body, and
