SCALES! *Scales! Scales!* TO THE TRADE.

WITH A PRACTICAL EXPERIENCE of over TWENTY Years in the manufacture of scales in Canada, we feel confident that our scales are fully equal to any in this market, and we warrant them to be of the best materials, and perfectly reliable.

The accuracy, quality and finish of our goods are fully attested by the awards of *first prize* which we have received at every Provincial and Central Fair at which we have exhibited during the past twenty years, where we have competed not only with Canadian manufacturers, but with the most popular of American manufacturers.

We also manufacture a superior quality of BRASS WEIGHTS of various patterns, and a desirable pattern of WAREHOUSE TRUCKS.

REPUDIATION.

Montreal as a city never can, or at least never should, expect permanent prosperity until she pays the \$10,000 she owes to the sufferers by the fire at St. John. Any person who has observed the effect of the action and re-action of men's transactions will know this. The refusal to pay this debt, or to fulfil the promise, is a blot on the city, and must be wiped out.

Just what may be expected from a city where most of the leading business men have encouraged and even used a system of not only deception but downright fraud for years. What greater fraud can there be than for men seeing these misreporting American Agencies, and having themselves rated to be worth large capitals just to enable them to get the money of bank shareholders under false pretences, well knowing that they had been insolvent for years?
