# CANADA FIRST.

---

Any intelligent sportsman, having a good breach-loader, can test for himself, with the aid of two reams of hardware paper for targets, the superiority of the following high grade Canadian powders to ANY of the corresponding imported brands.

## **Hamilton Powder Co.'s "Canadian Rifle."**

---

For long range shooting ; slow burning so as not to upset bullet ; moist residuum ; great uniformity ; excellent for all ordinary purposes and cheap.

## **Hamilton Powder Co.'s "Ducking."**

---

Made to kill ; very strong and clean ; high density ; not easily affected by dampness ; slight recoil even in heavy charges.

## **Hamilton Powder Co.'s "Caribou."**

---

The quickest, cleanest, and strongest possible in present guns ; intended for prize matches ; exhibition shooting ; woodcock, etc.

 The excellence and uniformity of the above are fully guaranteed by the manufacturers, but purchasers should buy only in original packages, to avoid substitution of lower grades.

---

**FOR SALE BY ALL LEADING GUNSMITHS.**
