LONDON WOMAN ENDS LIFE
LONDON, Ont., Oct. 25.—(Canadian Press.)—Mrs. Rochford Nelson, aged 43, committed suicide this afternoon with carbolic acid while temporarily insane. Mrs. Nelson had been in attendance on a sick friend and about 5 o'clock she rushed into the invalid's room and attempted force her to take the poison. Mrs. Ball, the sick woman, ran from the house and alarmed the neighbors, who found Mrs. Nelson unconscious. She died shortly afterward.

GREAT PROGRESS OF TAXATION REFORM

James McGregor Believes That Single Tax System Soon Will Be Adopted in Ontario, and Says the System Has Resulted in Many Americans Settling in the West.

"I firmly believe that in the near future the Province of Ontario will adopt the system of single taxation. Already all the business men in this and other large cities are expressing great dissatisfaction with the present system, and once a man grasps the idea of single taxation he will always remain a single taxer."

This spoke James McGregor in addressing the Single Tax Association at the monthly luncheon in Williams' Cafe last evening.
"I tell you, ladies and gentlemen, it is a pleasure, after traveling in the United States where very little advancement is in evidence along tax reform lines, to come to your great country, where there is unmistakable progress. In the west you already have abolished improvement tax, and I am more than ever satisfied that the day is not far distant when the only fair and proper method of taxation will be put into effect."

There's a Reason.
"That is why you see free western land you take hundreds of thousands of good American citizens away from their country and that is why thousands of our eastern farmers travel westward. The fact is, the strongest proof that the contentions of a single taxer are correct."

After Mr. McGregor's address the meeting was thrown open for general discussion.

At the conclusion, Mr. W. A. Douglas was presented with a beautiful traveling bag by Mr. Julian Sale.

PROVERB BUG LATEST CATCH

Continued From Page 1.

picture of the day, they even spend the rest of their walking hours in endeavoring to convince themselves that it is the right proverb they have selected, and that there could not be another possibly which would fill the bill.

"And, do you know," continued the keen-observer, "it is a mighty good thing, anything that thus stimulates mental activity along the same lines so that opportunity is afforded, debate and discussion are afforded, is working in the right direction. Many persons never get a chance to think. Others who have acquired a smattering of the habit lapse off into a doze when the immediate necessity for it is passed, like a graduate of college sinking back to the ropes and blanket state."
"Then, too, think of the lesser advantages which will accrue from the by-products of the Proverb Picture Contest, so to speak. The wording of the proverbs must be correct, and thus training in construction, punctuation and accuracy naturally follows the mental activity."

"Anyway," concluded the keen observer, "the proverb bug is a really good one to develop, and leaving all questions of rewards and prizes out of the consideration it should accomplish a whole lot of good for the entire community."

Entry to the contest may be made at any time by simply securing the back numbers of the Proverb Pictures. All of the back numbers will be sent to any address in Canada upon receipt of 25c, stamps, coin or money order.

Take Notice, Proverb Contestants

Contestants in The World's Proverb Contest are cautioned not to pay attention to "unscrupulous persons who are advertising and otherwise offering to sell answers to the proverb pictures. These persons have absolutely no connection with The Toronto Daily and Sunday World, and it should be understood that they are merely contestants who are competing for prizes, and at the same time attempting to make a little money on the side."
