## QUEBEC'S NEW TEAM OUTSCORE OTTAWA

Good Article of Hockey Put Up Tho Play Was Not First-Class at the Ancient Capital.

QUEBEC, Dec. 28.—By the score of 7 to 3, Quebec defeated Ottawa Saturday evening in the first game in the championship series played here this season.

Although the play could not be considered first-class, yet, for an opening match, a good article of hockey was put up, both teams evidently playing with a determination to come out victorious.

While the match was strenuous, it was by no means rough, and any penalties inflicted were for minor offenses. The referee and assistants kept the game well in hand, not the slightest infringement of the rules escaping their notice.

Ottawa was a slight favorite among the bettors. This was due to the fact that it was the first senior game that the majority of the Quebec team played together, while, on the other hand, with one exception, the Ottawa team was the same as played all thru last season.

The game started at 8:25, with an attack on Quebec's goal, and Moran was kept busy for a time. However, Quebec's defence succeeded in relieving, and the Ottawa goal was attacked. End-to-end play followed, until Lake secured the puck and scored the first goal for Ottawa in 2:55.

The second was the hardest of the match, the play being pretty evenly divided. Ottawa, if anything, having the better of it. Broadbent finally brought it to a close by scoring. The third goal was scored quickly by the first period.

Mumery replaced Rocket Power as cover-point for Quebec in the second period. Moran stopped a hard shot from Broadbent. Then the puck was carried to the Ottawa end, Smith scoring for Quebec in one minute, making the game a tie-two-all.

Both teams evidently thought this was the turning of the tide, and each put forth their greatest efforts to win. There was a lull in the play for a moment, but it was of short duration, for in fifty seconds Malone scored for Quebec again, evening the tally, and thirty seconds later added another. Two minutes afterward Smith added another. Thus, the second period closed with Quebec having a lead of two goals-five to three.

After the third period started it was seen that Ottawa had shot its bolt, and its best play for the match was over. Coming on the ice with two teams to the goal, the Ottawa team seemed to lose their direction. After eight minutes play, Malone increased Quebec's score to six, and two minutes later Marks added another, making it seven to three. Ottawa was now completely outplayed, and, although making a plucky stand, was unable to score.
