Big Things Being Done. Big things being done by contribu tors in the special committee's part of the Victory loan are among the out-standing features of the campaign as emphasized by returns of yesterday's reports. A glance at these shows that even the exigencies of war were not stronger factors as an appeal to patriotism than that of the debts of honor which the war incurred. As a jesty's Army and Navy Veterans, held consequence of this desire to clear off in the Sons of England Hall last night indebtedness, to help re-establish the soldier heroes and perform the double feat of assisting the motherland and aiding Canadian production, such firms approval by the members, with the exception of two clauses, dealing with the exception of two clauses, dealing with the constitution of the exception of two clauses. as the Imperial Life, the Excelsior Life and the Gordon-Mackay Company have even gone beyond their very gen-erous subscriptions of last year This policy has beyond doubt given in-creased confidence to smaller concerns, which at the beginning may have been chary about investing.

The Soldiers' Work. Another section of the community who are doing valiant work are the returned soldiers, the men in the hospitals making remarkable record. The rurses also are sharing in the splendid drive. At Davisville Hospital, where Lieut. James Cane is canvasser, \$30,-000 has been subscribed and 100 per cent. of the nurses, and the same per-centage of the men in the limb factory have invested.

It is expected that the Christie Street Hospital will do exceptional work. Already the canvass has realized in the neighborhod of \$35,000, and there is every indication that this amount will be trebled before the week

is out. Red Letter Day. The eighth day of the campaign was a red letter one from a canvassing

standpoint, many more small applica-tions being received than on any day yet. This is considered a hopeful sign by the men in charge of the loan, who, have been somewhat worried be-cause of the fact that the average subscriber has been holding back. In any event, most cheery reports were issued from the various headquarters last night, and predictions were general that Foronto's objective of \$90,-000,000 would be reached inside of the three weeks allotted for the campaign. The small industries are now setting a splendid pace. Two firms which employ 100 men showed 100 per cent. yesterday, and one firm gained eight crests. Thompson & Sons, lithographers, of 32 Temperance street, sub-scribed 225 per cent. over last year, and 30 per cent. of the payroll. At the university the students are doing well, a canvasser yesterday, in less than two hours, securing sub- W. J. Devine, of scriptions amounting to \$5575, with 35 Northcliffe aver

the school of science leading all other Red Triangle Club
The staff of the Red Triangle Club
are doing fine things. Every one of
the staff of 21 returned men has subscribed to the loan, representing 50 per cent, of the annual payroll. Ar

It was suggested by the meeting that two members from each association be sent as delegates in place of seven, as is the present custom, and that in stead of the league acquiring old soldiers' homes, the government should be requested to provide old age pension for the returned men.  It was also decided to investigat the manner in which the money, collected during the big four drive for the proposed erection of club houses for the retructual men, had been disposed of, and a committee was appointed to inquire into this matter.  A beautiful medal, suitably engraved will be mailed to His Royal Highness the Prince of Wales by the association. |

In twenty-one of the larger cities in Ontario, one out of every twenty-three persons has been canvassed on behalf of the Victory Loan of 1919. In the remainder of the province, one in every thirty-four has been canvassed. This is the result of seven canvassing days.

Oshawa's per capita subscriptions work out at \$169.42; London comes second, with \$100.51, one-third of its population having been canvassed. To-ronto remains in the third place, with \$69.91, but in this city less than one person in twenty-four have been canvassed. Hamilton, which has had a pretty close race with London in the drive, is pulling away from its rival, having subscriptions amounting

\$7,435,250, as compared with London's \$5,939,950. Saskatoon has collected \$1,237,300 from 905 applications.

Edmonton reported last night a total of \$94,500 from 229 applications

for yesterday only.

The officially reported figures for Montreal yesterday amounted to \$87,-023,150. which brings that city well beyond the \$50,000,000 mark.
