Judge Wood, in addressing the Haywood jury, warned them as to Orchard's evidence: "If you believe Orchard was induced to become a witness by any promise, such testimony should be received with caution," he said, and added that the evidence of an accomplice in any crime must be corroborated to be of value. The whole charge was favorable to the defense.

The state of North Carolina on Saturday issued a warrant for the arrest of the president of the Southern Railway for violating the new rate law.

The bodies of the Daly brothers, Frank Kyle and Gordon La Roque were recovered from Humber Bay on Saturday.

"Big dogs in wheat" are forecasted by local grain dealers on crop reports from all over Canada.

The Semenovsk regiment refused to parade before the court demanding the retirement of their commander, General Reimann. St. Petersburg police have dispersed a plot to murder the minister of war.

Oil has been discovered in the Kimberley Valley, near Markdale, Ont.

Three men were killed and 20 hurt in the wreck of a B. R. & P. Railway train at Butler, Pa. was an excursion of railway employees.

The Dominion Railway Commissioners have asked all the railways to file information concerning their connections with other boards, and their system of tariffs.

Nine persons were drowned during the destruction by fire of a steamer on Cayuga Lake, New York.

C. W. Porter of Bowling Green, Ky., while reaching for his hat, which had blown away, fell from a street car and received injuries to the head, from which he died in the hospital.

OUTING FOR ORPHANS.

Toronto Automobile Owners to Give Youngsters a Happy Day.

Thru the courtesy of H. A. Dorsey, Scarborough Beach Park will be thrown wide open to the orphan children of Toronto on the occasion of their annual automobile outing by the Ontario Motor League on Wednesday, Aug. 7. A general call has just been issued by Neil Marshall, president, and E. M. Wilcox, secretary-treasurer of the Ontario Motor League, to all the motorists in the city, asking for the use of their cars on this day. It is expected that about 500 automobiles will be taken there by the children, the starting rendezvous being from the Queen's Park at 10 a.m. Here the children will be provided with flags, etc., after which the procession will line up and pass around the principal streets of the city, winding up at Scarborough Beach Park, where a picnic for the rest of the day will be held.

The institutions to be taken are: The Protestant Orphans' Home, Sunnyside Orphans' Home; Boys' Home, George Street; Girls' Home, Gerrard Street; Children's Aid, Sunce-street, and the Fred Victor Mission.

Low Muskoka Rates. With many people the impression prevails that a trip to Muskoka is fearfully expensive and to them the cheap summer return rates now in effect on the Canadian Pacific Railway may come as a surprise. To name only a few principal resorts: Bala \$4.55, all round Muskoka Lakes \$7.55, Beaumaris \$5.25, Port Carling \$5.55, Windermer and Royal Muskoka both \$5.55, Cockburn \$5.15, Rosseau \$5.55. These rates include rail and steamer, of course, and are good returning until Nov. 30. Information regarding super-boardings, etc., can be obtained at C.P.R. city ticket office, corner King and Yonge-streets.

Railway Camps Healthy. EDMONTON, Alta., July 28.—That there are no serious cases of illness among the two thousand old men engaged in grading work on the Grand Trunk Pacific between Saskatoon and Edmonton is unmistakable evidence of the fact that the railway company is impressed with the necessity of maintaining healthful conditions in camps.

The Titterings of the Sparrow.

Eleven happy girls will soon be settling out for the old country, the home of the ancestors of many, if not all of them.

They will no doubt all of them agree that they, at any rate, are quite satisfied with the latest enterprise of The World—a trip to London.

New York may be more up to date, Paris may be gay, but there is only one London. To know London, to have seen it, is to love it, and never forget it.

A little boy here in Toronto was asked, the other day, where the bad boys went. "Burning fires," was promptly answered, "and where do good boys go, son?" "London," just as promptly was the reply.

I can vouch for the veracity of this, but how the little chap got hold of London for the goal of the good boys, I know not.

Well, 11 real good Canadian girls are going to London, anyway.

As six of them have been chosen by the citizens of Toronto to the Good, the Queen City, with the necklace of tracks, there can be no doubt as to their standards being high.

These girls are truly lucky, and if the titterings of a sparrow are not too puerile for their ears, I would fain titter a little of the dear old place.

They will doubtless have, in keeping with the excellence of the lines on which the whole scheme has been so far carried out, a schedule or program to go by. My titterings are not for the ordinary sight-seeing American; these girls are Canadians, therefore women of the empire.

London is crammed full of places of interest, and it is impossible to see everything.

But the Zoo, Crystal Palace, Mme. Tussaud's, all part of London only, and not by any means the most interesting, so do not let places of the kind take up all your time.

See the river. There are many rivers, but only one Thames; and the much-abused Thames steamer is an ideal way of seeing it.

From a steamer one gets the best view obtainable of the city. The race, which every fine afternoon, between the hours of 4 and 5, during the session, is given over to that delightful function, afternoon tea. Then the much-abused members of the house of commons entertain their workmanlike, and every more or less celebrated personage can be recognized.

If an hour or two in the evening can be spent, a run down the river, Westminster Bridge to Greenwich about the hour of sunset, could be made with advantage, getting a return available by car.

If the last boat down is taken there should be an opportunity of seeing the sunset, sometimes a great red ball hanging over St. Paul's suspended amidst smoke which is being transported into a pinkish haze.

The greatest of British artists, loved the sunsets on the Thames, so any twitters of the sparrow are titterings indeed.

If the car is taken back, one comes thru the "old Kent-road," and from Westminster Bridge a splendid view is got of the Embankment and river by night. To get a chance of seeing the Englishman enjoying his river, Richmond might be visited. Time will be golden, however, and if a Sunday is to be had, place of more interest.

Never leave the face damp or oily when exposed.

Wren, a fine specimen of Tudor architecture and of Wren.

At Hampton there is an opportunity of seeing the river on Sunday, and there is service in the Royal Chapel in the court every Sunday afternoon, as far as I remember, at about 3 o'clock.

The National Gallery, which is a masterpiece of architecture, is a masterpiece of art, and a masterpiece of architecture.

The Tate Gallery will be enjoyed the most, and is worth half an hour. There you get the best works of Millais, and the beautiful "Bath" of Leighton, amongst others.

Then there is the Wallace collection. Here the originals of the Greek heroes are to be seen, and Meissonier's best works. Ah, well! I trust these Canadian girls will see some of the real London. They are not Americans, and they will remember that some parts of London have been as good as dead for many years, before electricity, etc., was in vogue.

That they may enjoy their trip, and to encourage settlers on the new lands, the Government has decided to establish a full circle, allowing the body to bend backward as far as possible. The orders run: Right, front, left, back, etc. For the purpose of the exercise is used, keeping the body straight and bending only the neck itself.

A lotion. An excellent lotion for sunburn, rash, pimples, etc., is the following, to the best of our knowledge not published before. It has been made up and used repeatedly, even giving relief to bruised knees after playing hockey: Cologne water, 10c worth; 2 oz. glycerine, quince seed, 5c worth; pour one pint of boiling water over the quince seed, let stand over night, strain and mix with other ingredients.

Private families having furnished rooms and desiring to take lady normal school students as boarders may register their names at the Normal School immediately.

To Colonize New Brunswick. ST. JOHN, N.B., July 27.—With a view of keeping the young men of this province from emigrating to the west, and to encourage settlers on the new lands, the Government has decided to establish a full circle, allowing the body to bend backward as far as possible. The orders run: Right, front, left, back, etc. For the purpose of the exercise is used, keeping the body straight and bending only the neck itself.

Both have exercised this power until now unquestioned, since the proclamation days, and British Columbia since 1857, when the then colony adopted this part of the province, the New Brunswick of England.

Justice Clement, formerly of Toronto, raised the question in a local case. A stated case is likely to go to the privy council. If the two provinces have this power, Ottawa would have to pass an enabling act to validate all the illegal divorce decrees of both provinces.

Buffalo Moths. Toronto is infested with that destructive pest known as the Buffalo moth. Cooperford's Buffalo Moth Exterminator will absolutely rid the home of this destructive insect. Ask your druggist for it.

THE WORLD'S HOME MAGAZINE FOR WOMEN

Edited by LAURA E. McCULLY, B.A.

"Love is King."

Love is the great disciplinarian, the supreme harmonizer, the true peacemaker. It is the great balm for all that blights happiness or breeds discontent. It is a sovereign panacea for malice, revenge, and all the brutal propensities. As cruelty melts before kindness, so the evil passions find their antidote in sweet charity, and loving sympathy.

PERSONAL.

Lee Sullivan, Jarvis-street, left yesterday for Elmira, New York. Hon. W. T. Finlay, minister of agriculture for Alberta, leaves today with his family for Ireland, sailing Aug. 9 on the Empress of Ireland.

The Hon. Wm. Hart, M.P. of Kingston, was at the Queen's Hotel last week.

The annual regatta of the Muskoka Lakes Association takes place this first Monday in August.

The Right Hon. Earl Grey, governor-general of Canada, will open the Canadian National Exhibition at Toronto on Tuesday, Aug. 27. He will probably be supported by a company of imperial notables, including Lord Ingham, lord bishop of London, and Sir Daniel Morris, governor of Barbados.

The Hon. Dr. Pyne and Mrs. Pyne have left for their summer home in Lake Simcoe.

Lord Strathcona sailed for Canada on Saturday.

The R.C.Y.C. fortnightly dance takes place to-morrow evening.

Hon. L. J. Kershaw, minister of finance for the British government, in India, has been on a ten days' visit in town with his mother, Mrs. Kershaw, and his sister, Mrs. Robert J. Kershaw.

Miss Maud Martin of Balmy Beach leaves town toward the end of the week for New York City.

James W. Barry left Sunday for Montreal, where he will join the steam yacht "Christine" and cruise to Toronto. The "Christine" has just arrived from Scotland, Capt. J. A. Farquhar having sailed her over. Lord Strathcona was the former owner of the "Christine," which is a first-class yacht of 119 tons.

Some Beauty Hints.

The Face. Now that summer suns are doing their worst against the complexion of the athletic girl, a little seasonable advice comes not amiss. From practical experience the following rules to be more place of more interest.

Never leave the face damp or oily when exposed.

1936—Ladies' Shirt-Waist. Tucked in Box Plait Effect. Paris Pattern No. 1936.

A favorite form of embellishment for a shirt-waist is the narrow stitched box plait, and this latest development of that mode will win golden opinions. It would be a good model for Scotch flannel or gingham, or it might be utilized for pongee or any of the summer silks, to be worn with a separate skirt of Panama or serge.

The pattern is in 7 sizes—32 to 44 inches, bust measure. For 36 bust the waist needs 3-4 yards of goods 20 inches wide, or 3-4 yards 27 inches wide, or 2-3 yards 36 inches wide, or 2 yards 42 inches wide. Price of pattern, 10 cents.

Dr. Fitzgerald Sutherland.

WOODSTOCK, July 28.—(Special.)—The death occurred in Norwich of Fitzgerald Sutherland, M.D., after a long illness. He was 76 years of age, and had practised in Norwich for thirty-three years. He was a native of Scotland. For some years he practised in Kincardine.

U. S. Senator Pettus.

HOT SPRINGS, N.C., July 28.—United States Senator Edmund D. Pettus of Alabama, Senator Morgan while seated at the breakfast table at an hotel here Friday morning and died Saturday night.

The report of Senator Pettus' death follows quickly the death of his colleague from Alabama, Senator Morgan. Both were notable statesmen of the old school southern type; much alike in temperament, appearance, age and political convictions. Mr. Pettus came from revolutionary stock, and during the civil war rose to the rank of brigadier general in the Confederate army. He entered the senate ten years ago.

Among the 30,000 Islands of the Georgian Bay.

One of the grandest trips that Ontario affords is through the islands of Georgian Bay. There are more than 30,000 islands in this immense arm of Lake Huron. In general character they resemble those of the St. Lawrence River, but are infinitely more numerous, and still retain their original wild picturesqueness.

Grand Trunk express leaves Toronto at 11.45 a.m. daily except Sunday, arriving Penetang at 2.45 p.m., making direct connection with steamer City of Toronto, for trips through the picturesque Georgian Bay. This train also makes connection at Huronia for all points on Lake of Bays. Tickets and full information at city office, north-west corner King and Yonge-streets.

DROWNS IN A WELL.

BRANTFORD, July 28.—Gordon Gee, seven years old son of Philip Gee, formerly of Hamilton, and now messenger at the local branch of the Bank of Montreal, was drowned in a well in the rear of the bank Friday night.

MOTHER'S PROBLEMS

Every mother knows that the happiness or misery, the success or failure of her children largely depends upon their physical strength.

Ability to study, and the equipment for the battle of life must be founded on a firm health basis.

If the boys and girls are weak, bloodless, easily tired, what chance have they in the strenuous struggle for advancement or place?

Weakness spells failure, and that means falling behind in the race, and often premature death.

Ferrozone should be taken to give you the vigor that clear, red blood will confer.

Ferrozone helps you to sleep soundly, and gives the power of strength that clear, strong brains and vigorous nerves will afford.

Give the listless girl, the pale, lazy boy, Ferrozone—and watch how it quickens the power of both body and mind.

Ferrozone gives appetite, brings bright color to the cheeks, makes them strong—it not only brings health, but preserves it.

Ferrozone is a body builder, blood former and nerve strengthener—without an equal—Ferrozone cures that condition of weakness so common in young folks. It's harmless and efficient; 50 cents per box at all dealers.

NEW JEWISH SYNAGOGUE DEDICATED ON SUNDAY

Quaint Ceremonial at Opening of Machyika Hadath on Ter-

aulay Street.

With all the ceremonial of the Jewish faith, the new synagogue, "Machyika Hadath," Teraulay-street, was dedicated Sunday afternoon.

The proceedings commenced with the assembling of the congregation at 80 Louisa-street, which has hitherto been the place of worship of the community.

Headed by Wiggin Band, a procession was formed, and "The Scrolls of the Law" escorted to their new resting place, the route being thru Your Head, Oh Ye Gates," followed by the depositions of the "sacred scrolls" in the "ark" and the lighting of the "perpetual lamp."

Addresses were delivered by Rabbi Gordon of Elm-street Synagogue, Rabbi Weinreb, the pastor in charge; Rabbi Halpern and Edmund Bristol, M.P. The latter, in congratulating the congregation on having such a magnificent structure, said he was glad to see such evidence of the progress of the Hebrew people in the city. It was a sure indication of their prosperity and proof that they were industrious, law-abiding and God-fearing citizens, a credit to Toronto and Canada. The number of worshippers who now had greater proportion to their population than the churches of the Christians. However much some people might look down upon them for being Hebrews, they had set an example which the other church might well emulate.

Others present and taking part in the ceremonies were: D. Papernick, L. Schurmer, C. Sherr, B. Kurly, I. Pasternak, I. Neustbaum, M. Giller, S. Pasternak, the building committee, L. Rimmien, treasurer; L. Merker, secretary; L. Lubetsky, Davis, I. Meyer, E. Edgar, E. B. Mackenzie, manager; W. J. Owens, president Ward Three Conservative Association; M. Back, S. Volles, D. Fitzgerald, J. Edgar, G. L. Mackay, Bank of Toronto Elm-street Branch; L. Gurofsky, I. Myer, L. Livinsky, N. Isenstein, L. Volles, L. Cohen, C. Brodie, etc.

Handsome Temple. The sacred edifice has been constructed from plans prepared by Chadwick & Beckett. It is a handsome brick structure with stone dressing, giving address accommodation for 600 people. The interior decorations are handsome, all woodwork being in quarter-cut oak.

The ark and praying desks are on a raised dais flanked on either side by festooned Corinthian pillars, surmount-

ed by lions, and two handsome brass electroliter standards.

Equal attention has been given to the lighting. Over 650 incandescent lamps are used, and when lit it produces a very grand effect.

The windows are glazed with stained cathedral glass.

A gallery providing seating accommodation for 250 runs round three sides of the building, and a raised platform is situated in the centre of the building for the use of the choir and the readers of the sacred law.

The congregation numbers 150 males, and a large increase is expected now that the synagogue is completed.

FIRE AT LAKEFIELD.

1,500,000 Feet of Lumber Burned—Loss \$40,000.

PETERBORO, July 28.—(Special.)—Fire broke out in the piling ground of the Canadian Lumber Company at Lakefield Saturday afternoon, and, fanned by a strong north wind, threatened the destruction of the village. An engine and ten firemen went by special train from Peterboro. After a stubborn fight of five hours the flames were confined to the lumber piles and the mill was saved. A million and a half feet of lumber was burned, the loss being about \$40,000; covered by insurance. The mill will resume cutting operations to-morrow.

BABY HAD DIARRHOEA FOR SEVEN WEEKS

Thousands of infants die annually who could be saved by the timely use of Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY.

There can be no doubt about it. Sixty-two years experience has proved this sterling remedy to be the best for Diarrhoea, Dysentery, Colic, Cramps, Cholera Infantum, Cholera Morbus Summer Complaint, and all bowel troubles in both children and adults.

Many of the imitations sold are positively dangerous, as they often check the diarrhoea too suddenly and cause inflammation.

Always insist on the genuine Dr. FOWLER'S. Sold at all medicine dealers at 35 cents a bottle.

Mrs. A. B. De Marchand, Bath, N.B., writes: "My baby was troubled with diarrhoea for nearly seven weeks. I tried three different doctors, but none of them could do her any good. I was advised to try Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY and less than half a bottle cured her."
