

COURT REMANDS THIRTEEN OVER THOROLD AFFAIR

Magistrate At Welland Places Amount of Bail At \$6,000 For Each.

COME UP THURSDAY

Over Half of Prisoners Are Already Allowed Freedom On Bail.

ST. CATHARINES, Ont., Sept. 16.—The thirteen alleged principals in the riot and attempted lynching of David McNeal at Thorold on August 16, who were arrested yesterday and hurried to Welland jail, have been remanded until Thursday next. The remand was made in the office of the governor of the jail by Magistrate Fraser of Niagara Falls, who went to Welland for that purpose. He also announced that bail would be accepted. The amount of the bond was placed at \$6,000 in each case. Over half of the number had been allowed on bail this afternoon. F. W. Griffiths of Niagara Falls is acting as counsel for the thirteen.

Canon Piper, one of the sureties for A. L. Whittaker, Thorold insurance agent, who was the first prisoner admitted to bail, declared that Whittaker was presiding over a meeting at St. John's Church on the evening of the riot.

On Thursday a further remand of the thirteen is anticipated on account of the illness of Crown Attorney Cowper, who is suffering from his experience on the occasion of the attempt to lynch McNeal. The crown attorney helped to shield McNeal from the mob. The inquiry by Fire Marshal Heaton into the burning of the town hall at Thorold will be opened at Thorold next Monday. Fully 130 persons have been summoned to appear at this inquiry.

RECORD TOBACCO CROP, SAY REVENUE OFFICERS

Expect to Issue 4,500 Licenses Before Crop is Harvested.

Windsor, Sept. 16.—That the tobacco crop of Essex and Kent counties this year will create a record, was declared tonight by officials of the Government inland revenue department, Walkerville, which has jurisdiction over the two counties.

This estimate is borne out by the number of licenses issued to growers this year, the aggregate already reaching over 3,500, while total for all last year was but 2,500. It is expected 4,500 licenses will be issued before the crop is harvested.

While the quantity of the weed will assume larger proportions in the two counties this year, it will not approach the same standard of quality, however, as that of last year, owing to unfavorable weather conditions of too much rain, with a lack of warm and continued high temperatures.

DUART

Duart, Sept. 15.—Several farmers in the neighborhood report that strange dogs are worrying their sheep. The brutes are very cunning and keep beyond gunshot. For the past two weeks several have invaded the village, and made midnight hideous with their howling. Several of the villages have been awakened by fierce howls beneath their windows, but when procuring firearms to put a stop to the unearthly clamor the animals, with sagacity, transfer their chorus to another part of the village. The superstitious are becoming alarmed.

The public school opened last week with a fair attendance, and a change in the teaching staff. Miss Blue is still in charge as principal and Miss Matheson of Chatham has the junior room in place of Miss Cook, who resigned at the close of the last term.

The potato crop is being harvested and all reports give indication of the yield being the best ever known in the district. The price per bag has fallen to within reasonable bounds.

The Women's Institute is making good progress with the preparation for those held in former years. The fair will be held in Duart on Wednesday, September 22. Besides the large list of prizes offered by the Institute, 150 of prizes are offered individually. Competition between the five schools in the vicinity promises not only a good exhibit but also a large attendance.
