CITY DEALERS WANT MILK AT ASSOCIATION PRICES

Don Road Farmers Find Ready Purchasers—Smallpox Cases in Scarboro Township.

As far as the York and Scarboro farmers and members of the Toronto Milk Producers' Association are concerned the outlook for keeping intact their splendid organization was never brighter than at the present moment.

The World was last night placed in close touch with a number of the leading officials of the association, and the reports given indicate that notwithstanding the failure of a big local firm to keep their contracts, a ready market is assured for all the milk available at the regular association rate of $1.55 per can.

James Muirhead, a leading Don farmer and a staunch friend of the association, stated last night that reputable city dealers were actively engaged yesterday in making contracts with farmers and paying without cavil or dispute the regular rate of $1.55.

Further east, on the Kennedy-road and in the southern parts of Scarboro, there is no suggestion of trouble, and Mr. La Fraugh and Mr. Wm. Scott of Scarboro Junction, who daily handle big loads going largely to the western part of the city, report perfect harmony between the farmers and city dealers.

The introduction of a new buying element, anxious to secure the milk at the $1.55 rate, has completely reassured the farmers as to the permanency of the association, and the good demand for the lacteal fluid.

To The World last night President J. G. Cornell from his home in Scarboro said: "The farmers are more united than ever; we are assured of a permanent market for our milk, and we only ask that contracts made be loyally observed, observed by all concerned."

UNIONVILLE.

Breezy Budget of News From Northern Burg.

UNIONVILLE, Dec. 3.—(Special.)—Mr. John Smith was to-day the recipient of many kindly expressions of regard on the attainment of his 88th birthday. In excellent health and taking a keen interest in current events, a wide circle of friends join in hearty congratulations and best wishes.

The East York Farmers' Institute meeting, held in Victoria Hall, was by reason of the bad condition of the country roads and counter attractions attended by few farmers.

At the afternoon and evening sessions George Robinson of Markham presided, while A. J. Reynolds of Scarboro Junction acted as secretary. As at Agincourt on Wednesday Dr. Reed of Georgetown gave an interesting and instructive address dealing with the breeding and care of horses. A gathering of ladies was addressed by Miss Shuttleworth in the parlors of the Queen's Hotel. In the evening a joint meeting was held.

Frank Stiver, who has the contract for the fine brick residence under construction for John Eckart, has completed the carpenter work. The building presents a neat and attractive appearance, while the workmanship thruout is exceptionally good and reflects the greatest credit on Mr. Stiver and his assistants.

Delos Harrington has nearly completed a modern, up-to-date residence to the north of Mr. Eckart's.

Clifford, the little nine-year-old son of John Smith, jr., 5th concession, is seriously ill as the result of typhoid, and slight hopes are entertained of his recovery.

M. R. Hemingay returned home last night from St. Michael's Hospital, where he has been under treatment, considerably improved in health.

WEST TORONTO.

Doubts Are Expressed as to Success of Annexation.

WEST TORONTO, Dec. 3—The suburban city is to have a new industry. Thomas Cox, a gas and oil expert from Brantford, who has been making investigations recently in the southwest section of West Toronto and the township adjoining, says the land in that district is rich in these mineral products. A syndicate known as the Toronto Gas and Oil Syndicate has been formed, consisting of Thomas Cox of Brantford, J. W. McCutcheon of Oshawa, B. W. Young of Brantford, Henry Hunter and George A. Snider of Toronto. A large amount of property has been leased in the southwest parts of the city, and drilling operations will commence within two weeks. A charter to form the syndicate into a company is being applied for.

Ald. Hain is doubtful of the success of the annexation agreement in passing the Toronto City Council at its meeting next Monday. "If the agreement," said he, "had been submitted to the council immediately after it was dealt with by the board of control, it would have passed. But it is quite a different proposition now. The citizens have had time to consider the matter, and every day the annexation idea is getting more in disfavor."

Wallace Preceptory, No. 679, Royal Black Knights of Ireland, held its annual meeting in St. James' Hall last night. These officers were elected: R. G. Agnew, W.P.; J. R. Finlay, D.P.; Fred Sheppard, chaplain; W. A. Baird, treasurer; Albert Moffatt, registrar; L. S. Johnson and Louis Linton, lecturers; T. H. Thomson and William Moore, censors; W. Patterson and J. W. Dodds, S.B.'s; H. Cochrane Purs. The election was conducted by County Master C. Armstrong, and the installation by William Chenery, past grand master. E. A. Fennell, provincial grand registrar; Sir Knights Wilson and McCausland, grand lecturers; Sir Knights Allen, W.P., 344; Renton, W.P., 292, and Miller, P.P., 86. The banquet at the close of the proceedings was presided over by W.P. R. G. Agnew.

City Solicitor Anderson, acting on behalf of Mrs. Clark, late of West Toronto, but now living in London, has effected a settlement with the C.P.R. in connection with her claim against the company regarding the death of her husband. The late Charles Clark was a conductor.

NORTH TORONTO.

Ladies Open Kirmess Under Most Favorable Auspices.

NORTH TORONTO, Dec. 3.—The ladies of the Eglinton Presbyterian Church to-night opened the German "Kirmess" in the town hall, where they will be continued to-morrow afternoon and evening. A large crowd was present and money was plentiful. Rev. Dr. Neil of Toronto gave a short but spicy address.

The members of the school board met to-night, and the statement showed that by the end of the year the receipts and expenditure would balance. Owing to the illness of Secretary Boulden, the finance committee will prepare the statement for submission to the ratepayers.

Trustees Spittall, Davis, and Logie, together with the committee of the council, the Ratepayers' Association, and the young men of the town will meet in the town hall on Monday evening to discuss the subject of playgrounds.

The use of the public schools was granted for the municipal elections.

SMALLPOX IN SCARBORO.

Disease Breaks Out and Four Houses Are Quarantined.

An epidemic of smallpox is threatened in Scarboro, and so serious has the matter become that five of the public schools, namely, No. 1, at Clarke's; No. 2, near Agincourt; No. 3, Brown's Corners; No. 4, at Hilliside, and No. 5, at Ellesmere, have been ordered closed.

So far there are only four known cases, but these are fairly widely scattered, at the homes of D. Sewell, Alex Macklin, Thomas Loveless and John Loveless. All these houses have been placed under strict quarantine by Dr. Campbell of Toronto, who is in charge. The disease is said to be distinctly traceable to the recent outbreak at the Markham High School.

HIGH SCHOOL REUNION.

Second Annual Was a Delightful Event.

A delightful function was held at Albert Williams' cafe last night when more than 100 of the ex-pupils of the Markham High School held their annual banquet and election of officers.

President C. A. Chant of Toronto University presided, and following the toast of the "King" the "M.H.S.", was proposed by the president. The latter was responded to by David James of Thornhill and F. A. Reesor of Ottawa, Principal George H. Reed, T. A. Gibson and L. H. McLean also responded.

On motion it was unanimously resolved by subscription among the members to raise a sum for the improvement of the M.H.S. library.

Among some of those present were W. B. Milliken, W. J. Stark, A. E. Hagerman, Wm. Douglas, George Crosby, F. Underhill, B. Truel, John Doherty, A. N. Kennedy, W. J. Thompson, Miss A. Fort and Miss Katie Reesor. H. A. Jones, the secretary, was accorded a hearty vote of thanks.

Rev. Dr. Taylor, the newly inducted pastor of Cooke's Church, Toronto, preached the sermon. Rev. R. P. McKay gave the charge to the pastor, and Rev. Mr. Rae to the congregation.

In the evening a splendid repast was served by the ladies, followed by a public meeting, at which addresses were given by Rev. Mr. Bergman, Rev. Mr. Rae, Rev. Mr. Kerr, Rev. Mr. Grant and the pastor elect.

Solos were rendered by Mr. Fudge and Miss Nellie Jackson. A pleasant feature of the event was the presentation of a purse of gold to Rev. Mr. McArthur, the retiring moderator.

EAST TORONTO.

EAST TORONTO, Dec. 3.—By the explosion of a gas stove at the home of Mrs. Edmonds, Beulamond-avenue, last night, Mrs. Edmonds received severe tho not fatal injuries. Hearing her mother call Miss Edmonds ran down stairs, and found the former lying on the floor with a portion of her clothing in flames. By wrapping her in rugs temporary relief was obtained, and Dr. Demary summoned, who dressed her injuries. To-day she is resting easily.

George Warner, a carpenter employed by Wm. Williamson, fell 12 feet from the scaffolding on the new Baptist Church near Wineva-avenue today, and received a severe shaking up. Dr. Clark was summoned, and the ambulance took the injured man home.

PRINTERS' BONUS PAY.

National Arbitration Board Gives Decision on Disputed Point.

The first appeal from Canada to the national board of arbitrators since arbitration contracts between employers and employes in Canadian newspaper officers were put into force four years ago was heard in Indianapolis on Tuesday. The appeal was made by the daily publishers of Toronto for a decision as to whether machine operators should be paid the bonus on a daily or weekly basis. In July, 197, the scale agreed upon for five years from that date provided that compositors in evening paper offices should receive $19 weekly and in morning paper offices $21; also that for all type set over a specified amount the operator would receive a fixed rate per thousands ems.

The contention of the publishers was that a weekly basis should be used in computing the extra pay, since, if the operator varied much from one day to another in the quantity set, the week's average would be fair to emloyer and employe. The operators contended that loss of time thru waiting for copy might account for a small showing, and that they were entitled to the bonus every day or night when it was earned.

The board's ruling is that whenever the operator earns pay under the bonus line on one-half of the days or nights on which he works he shall receive each time it is earned, but when he fails to earn it one-half the days or nights he works he shall not be entitled to it. If he works three days he must earn it one or more; if he works five days he must earn it three or more to get it.

The printers were represented by Hugh Stevenson, and the publishers by J. F. Mackay.

The National Board of Arbitrators consists of the president of the American Newspaper Publishers' Association, Mr. Herman Ridder of New York; Mr. Bruce Haldeman of The Louisville, Ky., Courier-Journal, and Mr. H. N. Kellogg of Chicago, on behalf of the publishers, and the following for the International Typographical Union: Mr. James M. Lynch, president; Mr. J. W. Hayes, vice-president, and Mr. James W. Bramwood, secretary-treasurer.

Put a Christmas Stamp on Every Letter

Let everyone who writes a letter between now and Christmas, or sends anything by mail, put on letter paper or package the one cent Christmas stamp issued for the benefit of the Muskoka Free Hospital for Consumptives. This stamp will not pay postage, but a million of them used in this way, tho only costing one cent each, will bring sunshine to needy consumptives in all parts of Canada. The stamp is attractively printed in red and carries Christmas greetings from everyone who uses it. Someone has happily said that each stamp sold is a bullet in the fight against tuberculosis. These stamps are on sale with booksellers and druggists or may be had direct from J. S. Robertson, secretary-treasurer National Sanitarium Association, 347 West King-street, Toronto.

Now Toronto has two missionaries in Peru and two more ready to be sent out. The union has over 100 missionaries in various foreign fields.
