Relation of the Liver and Kidneys

Functions such that each suffers when the other is deranged. Complicated cases can only be cured by combined treatment such as Dr. Chase's Kidney-Liver Pills. The liver filters poisons from the blood. The kidneys also filter poisons from the blood. When the liver becomes sluggish and torpid in action, or is given too much work by over-eating, the kidneys have to help out with this work of filtration. When the liver fails the kidneys have all this work to do. And this is exactly what causes nine-tenths of the cases of kidney diseases. The beginning is biliousness, indigestion and constipation and after a time the kidneys begin to be stricken and then come backache, urinary derangements and finally kidney disease in some of its dreadfully painful and fatal forms. Dr. Chase's Kidney-Liver Pills are the rational cure for kidney disease, just as they are the most successful means of clearing the bowels and intestines and by awakening the action of the liver take the burden off the kidneys. Then by their direct action on the kidneys bring about the natural and healthful working of these organs. Mrs. Dave W. McCall, Lombardy, Leeds Co., Ont., writes: "I was troubled with kidney disease for eight years and doctored with several doctors to no avail until I began using Dr. Chase's Kidney-Liver Pills with entirely cured me. I believe I would be dead were it not for this medicine."

FOUR CIVIC OFFICIALS WILL GET SALARY PLUMS

And Other Increase Recommendations Are Generally Adopted by Board of Control.

Assessment Commissioner J. C. Forman, \$4,000 to \$4,500.
City Engineer Charles H. Rust, \$4,750 to \$5,000.
City Architect Robert McCullum, \$3,750 to \$4,000.
City Clerk William Littlejohn, \$3,000 to \$3,500.

The foregoing salary increases to civic officials were decided upon at a private meeting of the board of control yesterday. They will constitute all the increases to be given to heads of departments this year as the other chief officials have been so favored within the past two or three years, and the controllers feel that the above-mentioned heads are deserving of recognition, as the salaries of none have been advanced for several years.

The salary increase recommendations of the property, assessment, engineer's and legal department were taken up, and with a few changes, were adopted. Considerable of a reduction was made in the estimates of the police commissioners, regarding police department salaries. Last year the salary bill was \$150,000, and this year \$173,000 was asked, an increase of \$23,000, or about 13 per cent. The controllers thought an increase of 10 per cent. should be sufficient, and the salary estimates passed amounted to about \$462,000.

The commissioners asked for 32 additional policemen, but the controllers felt that they could and should recover the cost of the department asked for 20 policemen last year, there were actually 35 new men put on.

The fire department salaries will be taken up to-day.
