The Argonaut Hockey Club met last night and decided to enter a team in the Senior O.H.A. series, the following officers being elected: President, R. McKay, sr.; secretary, W. D. Taylor; manager, Pete Sanagan; executive committee, Jim. Cosgrave, W. G. Murphy and Walter Harris.

As James F. Sutherland expects to be in Kingston all winter they hope to induce him to assume the management of the Frontenac Hockey Club and have a first-class team in the O.H.A. The 14th Regiment players are still in the city, and a goodly bench of them can be secured for the team.

A Belleville despatch says: A good junior hockey team will be entered in the O.H.A. this year. Last night a Junior O. H.A. Hockey Club was formed, with these officers Hon. president, J. W. gued that under this section the board had undoubted power, if it considered three cents a mile unreasonable, to im-pose a rate of two cents a mile. It was not necessary, however, and all the board need do was to issue an order refuiring companies to cease discrimination and leave it to the comparies to decide whether they take away rates from places which now er joyed them or grant them to those who had an equal right to enjoy them,

Argument for Rallways. Mr. Chrysler argued for the railway companies that the jurisdiction of the railway board was only a legislative one. The companies had power to restrict or extend the classes of persons to whom tickets should be given, or the classes of tickets which should be given, but the only remedy which complainants had was to ask the board this power was not controlled by questions of discrimination or preferences. He held also that no tariff need be filed for commutation tolls, and as for excursion rates, they were not requirwent into effect. The board had not the power to compel the companies

The provise at the end of section 3d idd not exclude the application of the other sections of the act. The companies might show discrimination in so fare as passengers who went to lease lines of ratiway to their notes in certain places got special rates, which they could retuse to others.

Mr. Brodour pointed out that they had not received permission to bring down the papers relative to Australia and New Zealand. No memoranda had been prepared by the Canad'an representatives.

Hon. Sydney Fisher introduced a resolution on which a bill was based providing for the prevention of the spread of insects, pests and disease destructive to vegetation similar to the act introduced some years ago for the prevention of the introduction of the San Jose scale. It had been discovered last spring that a species of the brown tail moth was coming into the coun try on nursery stock imported from France. Thru the co-operation and for bearance of the importers, much herm was prevented, but it was ne-cessary to legalize the precentive act and not clash with existing pro-vincial legislation. It would apply to all dangerous pests.

Civil Government Expenditure. At 4 o'clock, Hon. W. S. Fielding, for the first time this session, moved the house into supply, but Mr. Foster said he had a few remarks to make about the expenditure on civil government before the motion passed.

Whereas the expenditure on the civil government list in 1888 was \$1,048,417, it had in 1895, when the Conservatives
