### GRAIN RATES TO PACIFIC BEFORE RAIL HEARING

Manitoba Opposes Alberta and British Columbia

OTTAWA, Dec. 1.—The general freight rates revision case before the railway commission took several hours settling down to actual progress today. The morning was mostly taken up with the filing of voluminous exhibits by the railways and the afternoon by several discussions into procedure. The hearing is to be unique for two reasons, first because there are some 69 submissions and nearly 30 counsel, and second because Manitoba finds itself in opposition to Alberta and British Columbia, which are interested in the grain rates to the Pacific.

H. W. McEwen, counsel for Saskatchewan, pressed to know whether or not the applications made and argued some months ago for revised grain rates to the Pacific were transferred into the general rates investigation. So far as he knew no disposition had ever been made of the case.

#### SOME FALSE STARTS

Chief Commissioner McKeown said that counsel would be duly advised as to what had been done. Mr. McEwen said it was not clear to him what position those applications were in.

There were several false starts and delays before British Columbia's case could be started. G. G. McGeer, of Vancouver, placed David O. Lewis, consulting engineer, on the witness stand and proceeded to examine him regarding tonnage statistics with the object of proving exorbitant rates in British Columbia. Dispute arose over the inclusion of the Esquimalt and Nanaimo Railway and the Kettle Valley Railway's tonnage with the Canadian Pacific Railway's tonnage.

Mr. McGeer contended that the originating tonnage of the C. P. R. in the province should include the two subsidiary railways.

#### C. P. R. COUNSEL PROTESTS

E. P. Flintoft, chief counsel for the C. P. R., replied sharply. "This is just a repetition of an attempt to put into the press a statement that we are withholding figures. The same thing was done by Mr. McGeer in British Columbia within five minutes of the adjournment of a sitting and with a press agent at his elbow," the chief counsel said. "I do not profess to stand it," declared Mr. Flintoft. "He knows that our figures do not include the Esquimalt and Nanaimo figures."

"I guess it isn't necessary to reply to that," said Mr. McGeer. "You are both in a record," stated Commissioner Vies as the case was resumed.

#### PROTEST REPLIED TO

At the opening of the sittings this morning counsel for the provinces of British Columbia and Alberta answered the protest made by F. C. Cornell for the Maritime Provinces, and Isaac Pittblado for the Winnipeg Board of Trade.

This protest was made at the close of yesterday's sitting that copies of the new exhibits had not been made available to the representative of the Maritime and the Winnipeg Board of Trade.

The protest was held by the board to be fair and copies of the exhibits were ordered produced.

#### EVANGELISTIC

"To Whom Shall We Go?" was the subject on which Rev. Eugene C. Stiff spoke in his inspirational address in the Coburg street Christian church last night. He said that something in man longed for God. Because he did not understand how to meet his longing man was a restless creature. Some men sought to fill that longing by striving to gain wealth, others sought social standing or political power; others studied philosophy and others sought dispassion. No person could rest until he became reconciled to his Creator. This could only be accomplished through Jesus Christ. Miss Shaw sang very effectively "Teach Me to Pray".

American watches have a tendency to slow up in London. The fault is blamed on the change of atmosphere.

**What a nice way to take a Laxative!**

If you can't endure the taste of ordinary laxatives, then try TRU-LAX chewing nuggets. You'd never know from its sweet mint flavor what an effective regulator TRU-LAX is. It's chewed like gum and acts thoroughly and well. Mild and absolutely safe for children and grown up alike.

All druggists sell it in 20 and 35 cent boxes

### Permission To Keep Cow In City, Refused by Health Board

One House Ordered Closed as Unfit For Habitation—Forty Deaths Reported During Month of November—Other Business Transacted

The sub-District Board of Health at its monthly meeting yesterday afternoon received an application for permission to keep a cow in the city and the request was refused.

John Kelly, chairman, presided and much business was done but not all of the work was completed and arrangements were made for holding another meeting on Dec. 17 to prepare estimates for the ensuing year and transact other business. One house was ordered closed as unfit for human habitation.

The report of the secretary, T. M. Burns, showed 40 deaths during November as compared with 61 in the corresponding month of last year. The notifiable disease record for the month showed the following comparison with November of the previous year:

1926	1925
Scarlet fever	87
Typhoid	2
Measles	2
Chickenpox	1
Tuberculosis	13
Diphtheria	1

One of the typhoid cases was reported to be an employee on a milk farm in the vicinity of the city and it was pointed out that this circumstance would have threatened an epidemic if the milk had not been pasteurized.

#### DEPARTMENTAL REPORTS

The departmental reports presented

milk and one was given medicine, 10 fluoroscopes were taken and 20 X-ray examinations. The nurses made 18 visits and reported two cases to the Board of Health.

#### DENTAL CLINIC

Miss Martina Wallace's report of the dental clinic work showed 41 patients; attendance at 14 clinics had totalled 86. There were 120 treatments given. At the pre-school age clinic, Miss Wallace reported the attendance was 14 at five clinics and seven home calls were made. Scarlet fever inoculations during the month totalled 129. Miss Wallace was conducting Little Mothers' League classes each Thursday afternoon.

The report of Mrs. Coleman, as assistant food inspector, showed 395 visits had been made to stores, restaurants and similar premises and 13 milk permits had been issued. Several dirty refrigerators were reported on and after the owners had received notification they had repairs made and put the refrigerators in proper condition.

#### PLAY AT PETTICOAT

Petticoat, Dec. 1.—Last evening St. George's Dramatic Club of Moncton put on the play "All Tangled Up" in the Soldiers' Memorial Hall here, in aid of St. Andrew's Anglican church. The play was under the direction of Mrs. R. R. Gander and was cleverly put on. An orchestra from Moncton furnished music.

#### CAPITAL CUSTOMS INCREASE

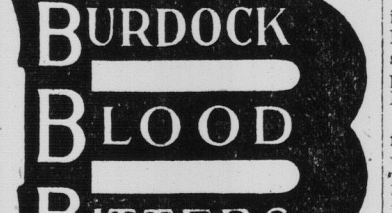

FREDERICTON, Dec. 1.—Customs and excise collections at the port of Fredericton for November, 1926, compared with the corresponding month of 1925, show an increase of \$24,137, according to returns prepared by Collector L. C. MacNutt.

### CATHOLIC KNIGHTS' CHARTER GIVEN U. S.

ROME, Dec. 2.—The Catholic Knights of St. John, Jerusalem and Malta yesterday granted a charter for the establishment of a chapter in the United States. James J. Fiehan, of Boston, will be master and Mgr. Giuseppe Pizzardo, papal under secretary of state, will be chaplain of the order, which is the highest ever conferred upon laymen by the church. The order dates from 18th century Crusaders.

### INDIGESTION Gas on Stomach Caused Severe Pains

Mrs. C. P. Wheeler, R.R. No. 1, Glen Ewen, Sask., writes: "For years my eldest son suffered from severe pains and agony from imperfect digestion. He dieted and used artificial digestants, but all to no avail. At last I got him a bottle of

and he had not taken the whole bottle before he was greatly relieved. The severe stomach attacks ceased, there was no more gas on the stomach, and he could eat anything he wished. Put up only by The T. Millburn Co., Limited, Toronto, Ont.

The baggages did not originate in Scotland. It can be traced to ancient Persia, and, by inference, was played in Chaldea, Egypt and ancient Greece.

### RESUMES ENGLAND-BOSTON SERVICE

The Ellerman's Wilson Line announces the resumption of the England-Boston service. This service was resumed with the arrival of the steamer Marengo at Boston. The company plans to revive this monthly schedule, which was discontinued during the war.

#### IS IMPROVING.

Police Constable James Semple, who was knocked down on Main street and injured on Tuesday evening, was reported late last night as recovering rapidly and is expected to return to duty in a few days.

### TO CURB RELIGION

PANAMA, Dec. 1.—Religious restrictions, similar in many respects to those now in force in Mexico, are called for in a bill which has been submitted to Congress by Liberals who propose the regulation of religious worship.

The measure has created a deep impression in all circles and is likely to become the subject of heated debate within the chamber and among the public.

Angered because rattlesnakes were killing her turkeys, an Oregon woman recently procured a rifle and shot 44 of the reptiles.

### "I was greatly Distressed With Pains in the Back"

Mr. Alfred McNeill, Chapel Rock, Alta., writes:

"During the winter of 1920-21, I was greatly distressed with pains in my back and felt tired and depressed most of the time. Particularly during the night I was troubled with frequent urination, some nights having to rise almost every hour. I tried several different treatments without success, until finally I began using Dr. Chase's Kidney-Liver Pills and they relieved my condition before I had finished the first box. I am feeling better this summer than I have for years, and although in my 67th year, can work all day without any undue fatigue."
