

GIVES ACCOUNT OF BIG EDUCATIONAL MEET AT MONTREAL

Mrs. D. V. White Tells I. O. D. E. of Women Speakers at Sessions

LAUDS MISS GANONG OF NETHERWOOD

Next Conference Goes to Halifax in 1929—Interesting Review

A very interesting account of the triennial convention of the National Council of Education held recently in Montreal was given before the Municipal Chapter of the I. O. D. E., at its meeting yesterday afternoon in the Government rooms by Mrs. D. V. White, who had attended the sessions and who spoke more especially of the women who had addressed the convention.

Mrs. White made special mention of Miss Susan Ganong, of Netherwood School, Rothesay, who had followed Dr. J. Clarence Webster, of Sheldale, and had spoken on ideals in education, stressing the importance of building up the child's health and the importance of moral training.

Mrs. Heber Vroom, regent, presided at the meeting and told of having placed a wreath on the civic war memorial on Easter eve in the name of the I. O. D. E., and of the tea given by the members to Lady Allenby, as well as of the greeting extended to the Duchess of Athol when she arrived in Saint John. Further details in the planning for the entertainment of the national I. O. D. E. convention to be held in Saint John in June, were considered. It was decided to have the I. O. D. E. members attend in a body at one special showing of the motion picture film of the Prince of Wales' tour when it is presented in Saint John.

CONTRIBUTIONS URGED.

As it was reported that there was still a substantial sum needed to reach the \$500,000 objective of the National I. O. D. E. war memorial the chapters were urged to give large contributions to this cause. The fund provides bursaries for nine students to attend Canadian colleges and scholarships for nine students to attend British colleges overseas, besides providing for work among the foreign born in Canada and for the placing of war memorial pictures in schools.

Mrs. White in relating the history of the National Council of Education, said it had been formed after a meeting in Winnipeg in 1919 and at first was financed by the Rotarians of Manitoba, Alberta and Saskatchewan. At the present time it was maintained by individual subscriptions with limited grants from government. It had three chief objects.

NEXT IN HALIFAX.

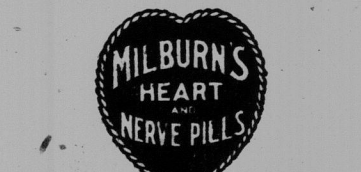

The first was to hold triennial conferences and three had already been held, one in Winnipeg in 1920, one in Toronto in 1923, and the last in Montreal this year. The next triennial was to be held in Halifax in 1929. The second objective was to bring noted lecturers from overseas and chiefly from the British Isles. Already 19 lecturers had been brought to Canada under the auspices of the council and six had given addresses in Saint John. The last and greatest objective was to unify Canadian education so as to form a national spirit and ideal.

The Montreal convention, Mrs. White said, had been the smallest of those yet held but was considered the most thoroughly representative of all parts of Canada. Among the women speakers the chief had been the Duchess of Athol, who spoke five times at the Montreal meeting, once in Ottawa and received an honorary degree of LL.D. from McGill University. Lady Sumner, princess regent of the Assyrians, had spoken of her country as once the greatest in the world but now reduced to a wretched remnant.

Says Canada Has Great Future

When visiting London, Ontario, recently, Henry Ford was content to stay in a \$1.50 room on the top floor of a downtown hotel. He was up with the dawn and had breakfast and checked out long before his fellow guests realized that he was there. He is seen above with Philip N. Mainguy, London manager of the Ford Company of Canada.

"It is impossible to visualize the future of the Dominion, for in natural resources Canada is probably the richest country in the world," said Mr. Ford, in discussing the present industrial situation with Mr. Mainguy.

Another of the women speakers had been Mrs. Groves, of Toronto, only woman on the Toronto Board of Education, who had been re-elected to that office for eight successive years and who left the conference to attend the opening of the first of the schools for crippled children, the establishment of which she had strongly urged.

Mrs. Groves had recently published a book of poems for children, Mrs. White said, and it was entitled "The Kingdom of Childhood," was an "all Canadian" publication and in about six months had gone into six editions. Lady Drummond was another woman speaker, mentioned by Mrs. White, and yet another was Miss Minnie Gordon.

I. O. D. E. WAR MEMORIAL. Miss Gordon is the national educational secretary of the I. O. D. E., and at a luncheon given by the I. O. D. E. she gave an address explaining the aims of the I. O. D. E. war memorial and other educational work.

Heartily thanks were extended to Mrs. White for her address, which had been most enlightening and greatly appreciated.

STEAMER ONTARIO'S CATTLE DISCHARGED

1,070 Taken Off Vessel at Halifax—Fire in Bunkers Still Burning

HALIFAX, April 26—Yesterday the 1,070 cattle on board the steamer Ontario, which has been in port since Thursday with a bad fire in her bunkers, were landed and placed in the cattle sheds at Richmond.

This morning the Ontario will be taken out into the stream and several plates will be removed from the vessel's side. The plates were not removed on Saturday but the rivets were cut and everything is ready for their removal today.

The plates are being removed from the steamer's hull eight or ten feet below the spot where the fire is located and the burning coal will be drawn out through the opening on to barges where

streams of water will be concentrated on it to extinguish the fire. The expectancy is that there will be little difficulty in putting the fire out in this manner and that after all the burning coal has been removed the damage will be repaired and new coal loaded into the bunkers, and after the cattle are loaded back on board again she will sail for her destination, Birkenhead, England, and Glasgow, Scotland. As a result of the fire the Ontario will remain at this port until the end of the week at least.

WAR MEMORIAL FOR HAMPTON DECIDED

Project to Build Hall Abandoned; Will Finish Athletics Field

HAMPTON, April 26—It has been definitely decided to abandon the project of erecting a war memorial hall on the plot of land given by the Wedderburn estate and to arrange for the erection of a suitable memorial on that site. The matter was discussed thoroughly at the annual meeting of the Great War Memorial Association held this evening in the Consolidated school with the president, A. K. Melick, in the chair. The treasurer reported the balance on hand amounted to \$18,840. Reports were submitted by C. T. Wetmore for the grounds committee and by Mrs. F. V. Wedderburn for the hall committee.

The election of officers resulted as follows: President, R. A. March; vice-president, Mrs. W. H. Hill; secretary, treasurer, Mrs. Charles Forrester; additional directors, C. T. Wetmore, Mrs. F. V. Wedderburn, Robert Hallett and F. S. Kierstead.

ATHLETIC FIELD.

The association has been carrying forward a plan for making an athletic field for the school as part of the memorial to the men from Hampton who had made the supreme sacrifice in the great war and it was decided tonight to complete the athletics field work.

The erection of the memorial is to be undertaken as soon as possible and the committee named to have this matter in hand was as follows: T. B. Hallett, R. A. March, W. H. Hill, Mrs. G. B. Hallett and Mrs. F. V. Wedderburn.

CARD PARTY.

The card party under the auspices of the Ladies' Society of the Assumption parish, held last night in St. Patrick's Hall, was much enjoyed by the patrons at the forty-five tables. The prize winners were as follows: Ladies' first, Miss Alma O'Toole; second, Miss Annie Kindred; consolation, Mrs. W. J. Vining; gentlemen's first, J. Kane; second, Patrick McMurray and consolation, Hugh Lenihan.

IN-HIS-NAME CIRCLE.

The Daughters met last night at the residence of Mrs. W. H. Hill, secretary, in 60 Orange street. Reports were received and among them was one on the relief work which has been undertaken. Mrs. Edith Stevens, president of the City Union, was a special guest. Mrs. E. C. Colwell delighted the members with vocal solos. After the business was completed last night a social hour was enjoyed and refreshments were served.

Alkali in Shampoos

Bad for Washing Hair

Do not use prepared shampoos or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces.

MAE MURRAY, hairdresser, can get this at any of our beautiful hair drug stores, and a few ounces will last the whole family for months.

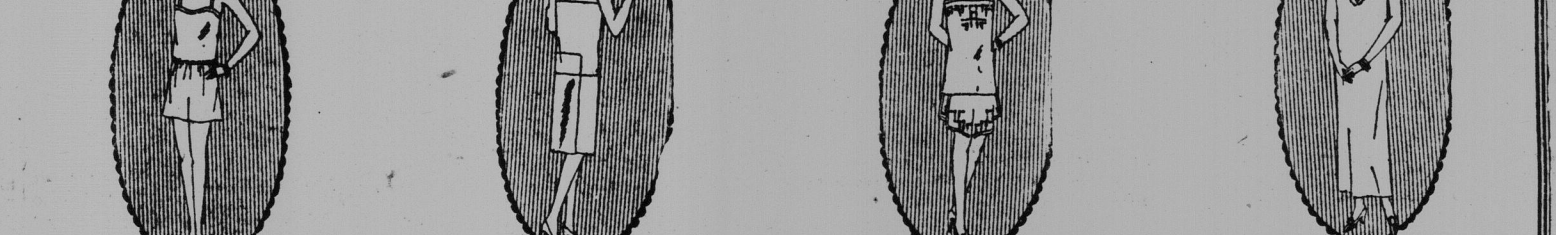

Two or three teaspoonsful of Mulsified is all that is required. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your drugist gives you Mulsified. Beware of imitations. Look for the name Watkins on the package.
