

JURY HOLDS SWIM RESPONSIBLE

At the inquest held yesterday in Woodstock into the Benton Ridge murder case, the jury brought in the verdict that Harvey Trenholm and his wife had come to their deaths from revolver shots fired by Benny Swim.

William Sharp, at whose house the murder was committed, testified that he hired Harvey Trenholm of Bale Verte to work for him and afterwards he arranged with Trenholm to buy the farm, and he was waiting to hear from the Soldiers' Settlement board to complete the deal. Trenholm told him he was a widower. Trenholm married Olive Swim, the murdered girl, at Meductic two weeks ago today. Sharp said he was present at the marriage, which was performed by Rev. Mr. Warden. He first saw the young woman a few days previous to her marriage. After the ceremony they went to his (Sharp's) house to live and Mrs. Trenholm took charge of the house. Mr. Sharp said he was at Benton on Monday and left Trenholm at the house lying up stairs.

Uncovered Bodies.

He returned at seven in the evening and found Trenholm lying on his face in the steps leading to the kitchen. He looked in the window and saw Mrs. Trenholm on the floor. He did not enter the house until Sheriff Foster arrived. He saw pools of blood on the floor and a trail of blood from the door. Mr. Sharp said he considered Trenholm very quiet and industrious young man, quite above the average.

The other witnesses were Roy Swim, brother of Olive (Swim) Trenholm, who arrived at the scene first and gave the alarm. William Porter and E. McManis also testified to seeing the bodies at the house. Other witnesses were heard and the jury retired, bringing in a verdict as already given. Det. Const. Franklin was foreman of the jury. The others were Melvin McElroy, G. Reeves, Charles McMillan, Hugh Porter, Murray McPherson, David Grant, Frank Porter, Bert Grant, Roy Frank, George Smith, W. E. Lewis.

Trenholm went overseas with the fighting 26th, and was in the trenches for three years. Toward the end of the war he was wounded by shrapnel in the knee, and had the long service medal, and a few days ago he received another medal from military headquarters. Mr. Sharp said that Trenholm was an industrious man and good worker. Mr. Sharp, who was in Benton at the time, believes that if he had been home and opened the door he would have received the fatal shot, as Swim had never seen either Trenholm or Sharp. A shot was fired immediately when Trenholm opened the door.

Swim was a cousin of Mrs. Trenholm. His home was in the village of Rockland, five miles back of Harland. He was twenty-one years of age and the bride was eighteen. He formerly lived at Swim's home.

BAXTER HAS IDEA REGARDING STRIKES

(Canadian Press Despatch)

Ottawa, March 29—Shortly before adjournment today the House of Commons took up civil government estimates of the department of labor. The total amount to be voted was \$195,404. Hon. J. B. M. Baxter (St. John and Albert) asked the minister of labor, Hon. James Murdock, if he did not believe that the proper way of settling labor troubles was to get a number of commonplace men who had never had university training and send them down into the thick of it to talk common sense to both capital and labor.

The minister agreed with Mr. Baxter that this was the best method in a large number of labor difficulties.

AND ABUNDANT

"Danderine" costs only 25 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

Fire totally destroyed a house at East St. John, owned and occupied by Mrs. Mary Sudebner, about 8 o'clock last evening and it was only because the wind was blowing towards a part of the community which had not been built up that the whole section was not wiped out, according to opinions of the residents. Mrs. Sudebner, who is an invalid, was alone in the house at the time the blaze started and it had gained considerable headway before she was rescued by Leonard Vail. Large blazing embers were carried for nearly a mile by the wind.
