

WINNER OF MARATHON

A. R. Mills, (right) just after he had won, for the third successive year, the marathon race from Stamford Bridge to Windsor Castle, England.

SPORT NEWS OF
A DAY; HOME
AND ABROAD

BASEBALL

Game This Evening.

A game will be played this evening at 7 o'clock sharp, on the Rockwood Park playgrounds, Gilbert's Lane. The opposing teams will be the Civics and Water and Sewerage team of the Civic and Civil Service League. The Civics are now leaders, but the Water and Sewerage team has been greatly strengthened and has developed a hitting streak that looks dangerous. The line-up will be as follows:

Civics—Barlow, c.; Alcorn, cf.; Pollock, 1b.; McCann, rf.; Buckley, 2b.; Mosher, ss.; Latchum, 3b.; Brookings, p.; Redham, lf.; Blair, Davidson, spars.

Water Dept.—Arbo, 1b.; Hughes, p.; Johnson, c.; Wigmore, 2b.; J. Kincaide, cf.; Graham, 3b.; Daley, ss.; London, lf.; F. Kincaide, rf.; Cooper, spare.

Umpire, Hayes; Scorer, Allan.

Fredericton Wins.

Fredericton, July 6.—The Houlton and Fredericton ball teams played this afternoon at the trotting park in a drizzling rain. The final score was 10 to 9, in Fredericton's favor. Fred McLean in the ninth inning driving the ball to the outfield and scoring Olsen from third base, with the tenth run, won the game in a slugging contest, with not much good baseball.

St. Georges vs. Norton.

The line-up for the St. Georges A. C. game on Saturday with Norton will be chosen from among the following players: Ralston, Wilson, Dingee, Mullaney, Stubbs, Arthur, Taylor, Brown, Richardson, Richter, McEwen, McAndrews and Shonman. The games are scheduled to start at 3 and 7:15. On account of these games the St. Georges will not be able to accept the challenge of the South End All Stars, but that game can be arranged for later.

Somerville Team Due Today.

The Somerville (Mass.) baseball team will arrive here some time today to meet the St. Peter's in a doubleheader tomorrow. The team is coming by automobiles and they were in Bangor yesterday morning. This team is coming here with a wonderful record as they have won thirteen, tied two and lost but three games thus far this year. A clipping from the Boston Globe says a partial record of the players on the team and reads as follows:

"Arthur (Skinny) Graham has been the mainstay of the team on the mound, with the exception of almost three weeks, when he was out owing to an injury. Elmer Ashe formerly of the Southern League, and 'Beane' Simpson, ex-Somerville high star, have been filling in for the lost work."

"Harry Agnew, a former Hartford Eastern League star, has been behind the bat in most of the games. Bill Logan is also used on the receiving end."

"Pat Rogers, a semiprofessional player, holds down the initial sack. 'Peewee' Pickett, an old Sagus player, is at second, and 'Okey' O'Connor, at short stop. Fred (Gusky) Graham, a brother of the pitcher, has been playing third base."

"George Keenan, once with Lowell, in the old New England League, is in left field; Gaddie, ex-Somerville High star, in center, and right field is taken care of by 'Tony' Smith, who played sensational ball with United States Shipping Board."

AQUATIC

Swimming Record Smashed.

For the third time within a week, Sybil Bauer smashed a world's record mark when she defeated Dorothy Denahue yesterday in the 400 yard swim at New

York. The time was six minutes, 58.8 seconds, which was 11.2-5 seconds faster than the previous record.

Grand Challenge Cup.

In the contests at Henley yesterday for the Grand Challenge Cup, Jesus College, Cambridge, beat the French eight; Leander Rowing Club beat First Trinity, Cambridge; Norwegian eight beat the London Rowing Club and the Thames Rowing Club beat the Grasshopper Club, of Switzerland. The best time was made by Leander Rowing Club in seven minutes and 49 seconds.

THE TURF.

Grand Circuit.

Nedda won the trotting sweepstakes yesterday at North Randall track in the 245 class, in one of the greatest heats ever witnessed at the track. She made the distance in 2:02.8-4. Summaries:

1.21 class trotting, purse \$1,200, won by Bobbin, two out of four, best time, 2:03.1-4.

The Passing, three-year-old trotting, purse \$2,000, won by Alma Worth, best time, 2:09.1-2.

2.05 class trotting, sweepstakes, value \$2,110, won by Nedda, two straight, best time, 2:03.8-4.

2.12 class pating, purse \$1,900, won by Parker Boy, two out of four, best time, 2:04.1-4.

At Moosepath.

The weather has been against consistent training for the turf events at Moosepath on Saturday, but some of the fast ones have been taking advantage of every available opportunity to get in a few trips around the track. Peter Farnen, which holds most of the track records, is still in evidence about the park, although he has not been started in any of the races this year. Forefather and Fillmore Dillon have been travelling round the oval and are showing up well. The Finisher, which went with some bad breaks of luck at Moncton, is rounding into his old form and will make some of the speedy ones here. Other conspicuous horses on the track are Patchen King, Elsie Snow, Loyalist Lady, Billie Miller, Lord Earl, Clara Mac and others, including a bunch of colts which are developing some surprises. Work is being done on the track, fences and barns and plans are also being prepared for some future events.

CRICKET.

Quebec Defeats Ontario.

Quebec, July 7.—Quebec batting and bowling proved too good for the Ontario eleven in the annual inter-provincial cricket match, continued here yesterday at Varsity Camp, and they won by seven wickets. Ontario completed their second innings for a total of 118 runs, making 213 in all. When Quebec went in for their second innings they had only sixty-six runs to get and these were secured with the loss of three wickets.

AQUATIC

Swimming Championships.

Montreal, July 7.—At a meeting of the Canadian Amateur Swimming Association here last night arrangements were made for the Dominion swimming championships, which will be given to the High Park Swimming Club of Toronto on August 12, and the St. Rose Boating Club to hold championship events in the city on August 19 and 20. Other championship events will be held in Victoria in August and in Winnipeg in the fall.

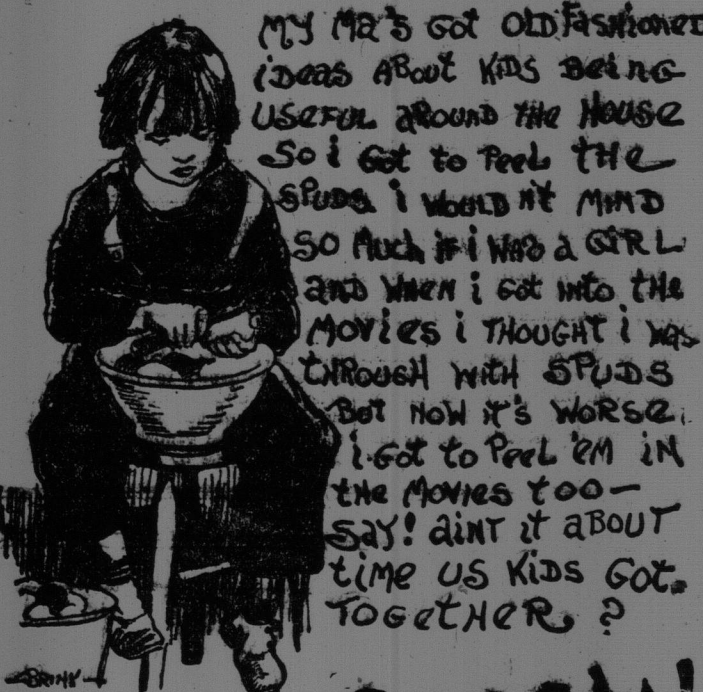

Canadians Championships

Toronto, July 7.—The opening matches for the Canadian lawn tennis championship on the grounds of the Toronto Lawn Tennis Club, will commence this afternoon. There is a very large entry list. In the men's open singles and handicap they are close to 100. The players include Miss G. Hutchings, champion lady player of Bermuda. D. D. Holmes will be the only Winnipeg representative.

Final Match Tomorrow.

Buffalo, July 7.—The final match in the tennis tournament for the women's national clay court championship will be

HORSES ARRIVE
FOR RACING AT WOODSTOCK

Woodstock, July 6.—Mammoth trucks today have been hauling the horses here that took part in the races at Houlton on July 4 and 5. They carry four horses and make two trips a day. The field of horses entered for the races on July 12 and 13 will be the largest yet seen on Island Park. Among the leading strings will be Frank Fox, Medford (Mass.), who brings seven; L. D. Dore, Boston, five; L. Acker, Halifax, six; Nevers and Burrill, Houlton, seven; W. Utton, Barton (Vt.), twelve; A. Faulkner, Montreal, eight; W. H. Koy, St. Stephen, six; Frank Bottiller (P. E. I.), three; Doherty and Bishop, Houlton, three; A. Nason, Monticello, two; B. Lint, Fredericton, two; J. H. Gallagher, Woodstock, three; J. H. and H. M. De Witt, Woodstock, four; Walter Mott, E. Avery and others, of Woodstock, also have one to two entries.

The purses aggregate \$38,000, with \$1,000 for the free-for-all.

The heavy rains have greatly improved track conditions, and it is expected that it will be in perfect condition when the elite of the racing game battle for honors.

THESE SCALES WON'T CHEAT.

They Can Detect Removal of Single Rivet From 25,000-Ton Ship.

Perfection of a standard of measurement to such a degree of accuracy as to detect the withdrawal of a single steel rivet from an ocean steamship with a displacement of 25,000 tons is the accomplishment of the Bureau of Standards of the U. S. Department of Commerce. The Department of Commerce says that this represents the most precise work of the kind that has been done by the Bureau of Standards in many years.

In an item entitled "Comparison of Standards of Mass," ordinarily known as standards of weight, the Bureau of Standards in its technical news bulletin says that comparisons have just been completed between certain high grade standards of the bureau with the "national standards." The national standards are small cylinders made of an alloy of platinum and iridium and are the standards for every weight used in the United States. In inter-comparing these standards, or when comparing them with other weights, a balance which will give results of almost unbelievable accuracy is employed, says the Department of Commerce.

In the work just completed the accuracy of the results was well within two parts in 100,000,000, that is, in comparing two kilograms or pound weights differences as small as 0.02 of a milligram or one part in 1,000,000 can be detected.

The Screen's Most Lovable Actor in a Role That Touches the Heart

IMPERIAL
GOOD OLD PLAIN

WILL ROGERS TODAY
In a Lesson on How to Grin on an Empty Stomach, Entitled

"A POOR RELATION"

Adapted from the famous stage play by Edward E. Kidder, in which Sol Smith Russell played the star role of "Noah Vale."

THIS is the story, a shabby, lovable old inventor who shared a tiny attic with two orphan children he had picked up out of the gutters. His life-time ambition is centered in an invention he has dared to perfect. In the meantime, he tries to keep his patch and himself in clothes and food by peddling books from door to door. There is a very happy ending to this story.

TWO SING SING INMATES
DRUNK ON TROCH
MADE IN PRISON

Ossining, July 7.—Sing Sing attendants announced this week that Bernard Conway, burglar, had just been locked up in solitary confinement, accused of making hooch in the prison.

According to prison officials, Conway made moonshine run by extracting alcohol from potatoes and mixing it with sugar and other ingredients, readily obtained inside the prison walls. Conway and another prisoner imbibed too freely of the home brew, and this, the officials say, is what betrayed the secret.

About a pint of the potato alcohol mixture was found. Conway refuses to tell where it was made. He is employed in the prison's print shop. There are no guards in the shops during the working hours of the prison, but civilian instructors move about among the inmates at work there.

Back in 1878, when Gaylord B. Hubbell of Ossining was warden, convicts were caught making liquor in a still by using potato mash. The still was found in the tunnel leading from the prison to the quarry.

CONTESTS WIFE'S WILL

Felix Masson Joins Niece in Fighting Charitable Bequests.

New York, July 7.—Notice of the contest of the will of Mrs. Pauline Dupuy Masson, who died on Feb. 21 at Monte Carlo, but who lived at 42 South Washington Square, has been filed in the surrogate's court by her niece, Marie Dupuy, who is joined in the contest by Felix Masson, husband of Mrs. Masson. They allege unsound mind and declared Mrs. Masson was unduly influenced.

Mrs. Masson in the body of her will left her husband the income of a trust fund of \$15,000 and directed that if she died in France she was to be buried in the French cemetery at Beau Sejour and provided \$2,000 for her husband to attend her funeral. She divides the residue between the Hospital Civile in Saumur, France, and a nephew, Adrien Dupuy.

In a codicil dated Feb. 7, Mrs. Masson gave the hospital the entire estate, stating she already had given her nephew his share. The niece contests the will on the ground that the law forbids her from giving more than half her estate to a charitable institution because she left a husband.

CHIEF DICKSON ON POOLROOMS.

(Toronto Globe.)

Chief of Police Dickson of Toronto, speaking before the International Convention of Chiefs of Police at San Francisco, is reported as saying: "Legislatures have been enacting laws to prevent crime, but the poolrooms have been overlooked. In Canada they are the greatest school for young criminals in existence. They have turned out more criminals than any other agency I know of, not even excepting the barroom of history. Analyzed, the majority of cases of shopbreaking and housebreaking originated in the poolroom, and we have learned that many of the big robberies were also planned there."

It is startling to find a public official so careful of his words as Chief Constable Dickson putting the poolroom ahead of the barroom as a school of crime. There is nothing criminal about billiards in any of its forms. It is a game that requires no small degree of skill, if one is to be more than a duffer. It trains the hand and the eye, and should be fairly good as an after-dinner exercise for the digestive organs.

The suppression of poolrooms would not lessen crime. It would merely send young criminals to subterranean schools that would be worse places for them than poolrooms. The statement of the chief, nevertheless, should lead to a careful survey of the conditions under which poolrooms are conducted in Toronto. It may be that the gambling element in the city has been bedeviling the poolrooms and that the "handbook" is one of the illegal facilities of some poolrooms that start young frequenters on the downward path. From gambling to theft is not a long step, as frequent cases in the police court prove. Is the fault in the poolroom generally as a place for playing a fascinating game, or in some poolrooms that may be places of resort for lawbreakers engaged in gambling, bootlegging and more serious crime?
