Conference of Operators and Miners Ends in Failure-Another Meeting on Monday.

New York, April 5.-The sub-committees representing the anthracite mine owners and the miners will make another attempt to-day to reconcile the difference existing between the employers and their work

Before going into session there were no surface indications that to-day's meeting would bring about an agreement that would send the men back to work. The representatives of the miners are reported to have trimmed down their orig inal demands in the hope that the oper ators may see their way clear to conceding something to the men. The miner will not say what their move will be, not will they predict what outcome there will be to the meeting.

The conference of the sub-committees began in the rooms of the Trunk Line Association shortly after one o'clock ontinuing this investigation save to After the meeting between the miners and operators adjourned it was announce ed that another conference will be held next Monday afternoon. The conference adjourned at 2.15.

It was understood that no agreem had been reached. President Mitchell said that he would give out a statemen!

Geo. F. Baer, chairman of the operators' committee, was asked for a statement concerning the proceedings of the conference, but said that he had nothing to say and that he did not think he would have one later in the
