extent from their ordinary business.

Gentlemen,-About two and a half years ago, I Gentlemen.-About two and a half years ago, I commenced treating my little granddaughter, aged 8 years,for Deafness caused by Catarrh, with your RADICAL CURE. She was relieved by a half bottle taken in inhalations. She continued using it until the bottle was finished, and we find that she is permanently cured, as she has no return of the Deafness. She has been deaf from her third or fourth year every time she had a cold, and we feared that it was incurable. I think it was a wonderful cure, and write this that others so afflicted may be helped in the same way.
